No Surrender On Powers, New Dealers Tell Capitol

Vote on Monetary Bill, Neutrality Action Tomorrow Key to Adjournment

By Robert C. Albright

Administration forces drove ahead through the holiday recess toward a final test of strength this week on the President's money powers and a neutrality bill decision that may number the remaining days of the session.

The Senate's money bill conference report vote tomorrow appeared likely to be so close that neither side would risk a flat forecast of the outcome but leaders were leaving no stone unturned to recapture expired currency powers.

A decision equally vital to the success of Administration foreign policy may be reached tomorrow morning when the Senate Foreign Relations Committee, after weeks of postponement, determines whether to proceed with consideration of the emasculated House neutrality bill.

Roosevelt to Fight

President Roosevelt was believed ready to fight it out with Congress on both fronts when he returns from Hyde Park to Washington tomorrow to recapitulate with leaders the Administration's legislative position. Word there would be "no surrender" was passed to the Capitol.

But both foes and friends of the Administration's neutrality legislation agreed House re-enactment of a modified arms embargo badly complicated an already difficult Senate neutrality situation.

Senator Borah, of Idaho, ranking minority member of the Senate Foreign Relations Committee, said the action of the House "has made it practically impossible in my judgment for the Senate to agree on a program."

Lending Bill in Peril

Senator Gillette (Democrat), of Iowa, author of a "trade at your own risk" bill in line with Administration views, and Senator George (Democrat), of Georgia, said House re-enactment of an arms embargo has made the possibility of Senate action "more remote." Nonetheless, Chairman Pittman, of the Senate Foreign Relations Committee, was believed ready for a series of moves to dislodge a bill from the Senate committee in an effort to bring it to a Senate vote.

Any decision to abandon neutrality legislation, all agreed, would result in adjournment of Congress before the month is out, and among measures likely to be thrown overboard in that event would be the new $3,860,000,000 lending bill which already has encountered heavy firing.

Gains and losses for the Administration's attempt to revive the President's devaluation powers were registered over the recess as Senate silver ranks split and Republicans assailed the legality of restoring powers three days dead through adoption of a bill drawn for last Friday's deadline.

Compromise Suggested

"If there was no deadline, there was no excuse for the haste and surrender that occurred," said Vandenberg. He referred to last Thursday's conference agreement, whereby Senate managers accepted House provisions continuing the President's dollar devaluation powers, renewing Treasury purchase of foreign silver and "compromising" on a 70-cent-an-ounce domestic silver purchase price.

A proposal that Congress restore only the stabilization fund, on which both Houses are agreed, and sharply curtail that, meanwhile was put forward by Senator Shipstead (Farmer-Labor), of Minnesota.

"We can do that by a simple resolution," said Shipstead. "I favor reducing the stabilization fund to $500,000,000, which is all they really need, and turning the remaining $1,500,000,000 over to a Social Security reserve fund. This can be used to retire the I. O. U.'s the Treasury has left in the fund, and on

Seeking Record for Safe Fourth, D.C. Police Put On Extra Patrols; To Take No Excuses

Hospital emergency rooms are in readiness, but cautious celebrants of the Fourth will not need their medical aids.

Save Your Enthusiasm for Monument Display Tonight, Is Caution, but 'Bootleg' Firecrackers Have Been Sold in Quantities

It's the "Glorious Fourth!"

Washington will awaken this morning to the boom and echo of fireworks. The first spasmodic bursts of noise will give way to a steady rattle of exploding "crackers" as the day wears on. There is a District law—and it's going to be well enforced—against these violent instruments of celebration. But only in small measure can their use be controlled by police.

Long before nightfall, the inevitable parade of injured and maimed will besiege hospitals in all sections of the city—unless something is done to stop it by those most directly affected. Observance of the Independence holiday has grown safer and saner in recent years but carelessness continues to take its tragic toll.

First Victim Recorded

Hospitals are prepared to meet the emergency and report that many minor cases already have been treated.

Authorities, working toward the safest "Fourth" celebration Washington ever has known, urge citizens to save their fireworks enthusiasm for the display on the Monument Grounds tonight, adding:

"The safest way to handle fireworks is to keep away from them."

Extra Patrols on Duty

Maj. Ernest W. Brown, superintendent of police, warns that extra details will be on the streets today and tonight and no excuses will be accepted from offenders against the antifireworks ordinance. The city is out to establish a record in safety and every man, woman and child is cautioned against failure to co-operate.

Across the Nation last year, 8,720 persons were killed in various types of July Fourth accidents, including fireworks, drowning and traffic. Approximately 800,000 were injured.

In Washington, 31 persons—most of them children—suffered drastic consequences. In two cases, celebrants lost their eyesight.

Appeals have been made to parents against recurrence of last year's casualty list, but long before today's dawn it was evident Washington is well supplied with "bootleg" fireworks. Distributors of dangerous explosive across the State line in Maryland have done a land-office business—and Dis-

Smiths Waive Extradition, Return to U. S.

I'm Innocent, Says Louisiana U. Head; Will Fight Charge

By the Associated Press

Wells Island, N. Y., July 3.—Dr. James Monroe Smith, former president of Louisiana State University, and his wife re-entered the United States tonight under guard of Louisiana officers returning Smith to Baton Rouge to face embezzlement charges.

"We're anxious to get back as fast as we can," said Murphy Roden, assistant chief of Louisiana State police, "and they are just as anxious as we are."

In an interview earlier at Brockville, Ontario, where he surrendered Saturday night, Smith said, "I am going back to straighten up this affair—or to assist in straightening up the affairs."

Smith declared he was "innocent of any wrong doing" and that he would fight an indictment charging him with misusing $100,000 of the university's funds.

Dr. Smith had refused for 2½ hours to sign an extradition waiver unless he was assured his wife, greatly distraught by the charges against him, would not be separated from him.

The Louisiana officers had wanted to send Smith back in a Louisiana State University plane in which they had flown to Brockville, and send back Mrs. Smith, charged with "harboring" and "assisting" her husband.

Strain Tells, Pope to Rest at Summer Palace

Vatican City, July 3 (AP).—Authoritative prelates said today Pope Pius had been induced to take three weeks of complete rest.

The 63-year-old Pope's efforts to promote peace in Europe along with the heavy duties of the pontificate to which he was elected four months ago had begun to tell on him, associates said.

He is expected to go to the summer villa at Castel Gandolfo about July 8, or shortly afterward.

District Youth Drowned; 4th Holiday Victim

Three Are Hurt in Traffic; Fireworks Injures Two Here

A 22-year-old Washington man drowned yesterday in Chopawamsic Creek, near Triangle, Va., as holiday water deaths rose to four in the last two days.

Victim of the latest drowning was Oliver Fones, 22, of 204 E street northwest, an athletic counselor at the Salvation Army Camp in the section 3½ miles outside Triangle, known as the Department of Interior Recreation Demonstration Area.

Fones died while trying to make safe the camp's artificial lake, formed by the Joplin Dam crossing the creek, for the children who arrived for the opening of the camp yesterday. He was stretching guide ropes and setting up depth markers when stricken by a cramp about 150 yards from shore. He sank quickly. The lake will be drained to recover the body.

Meanwhile, in the city a 64-year-old pushcart vendor was injured seriously when struck down by an automobile as he trundled his cart in the 1200 block of Rhode Island avenue northeast. The auto victim, Willie Clement, who lives at Central Union Mission, suffered fractures of both legs and head injuries. He was taken to Sibley Hospital.

William H. Collins, 18, of 309 Forty-second street northeast, whom police said was driver of the automobile, was charged with reckless driving. A passenger in his auto, Bernard Smith, 20, of 4214 Eades street northeast, suffered an eye injury.

Auctioneer Sets New World Swim Record

Glendive, Mont., July 3 (AP).—Husky Clarence Giles completed his 288-mile world record-breaking swim down the Yellowstone River from Billings to Glendive at 6 p. m. (8 p. m. E. S. T.) today. He had been in the water 77½ hours.

Giles, an auctioneer, was placed on a stretcher and taken in an ambulance to the home of a friend, where he insisted on being weighed. He had lost 11 pounds.

"I feel very good, except for the bruises," he said, his lips parched and bleeding.

Schooner Grounds, 70 Ferried Ashore

The Chesapeake Bay schooner the Ida May, which operates off Haines Point, ran aground early yesterday in the shallows of the Potomac River opposite Alexandria. A harbor police tug ferred 70 passengers ashore in two trips.

The vessel was refloated yesterday at high tide without damage.

'Beau' Burglar Replenishes His Wardrobe

Pocomoke City, Md., July 3 (AP).—Police here might ruefully opine that the Beau Brummel burglar, their annual pain in the neck, is awfully hard on his clothes—he evidently wore out 50 suits in a year.

The day before July 4, 1938, the Beau broke into a department store and outfitted himself in 50 pairs of ice cream pants, plus $1,500 worth of ties, straw hats, shirts and sundry articles of women's wear.

But styles must have changed, or Beau was dissatisfied with "those old things," or something. Anyway, the day before July 4, 1939, the Beau Brummel burglar broke into the same store in the same fashion and stole $1,500 worth of suits.

Virginia Is Different; They Fire 'Crackers on Christmas

Special Dispatch to The Post

Richmond, Va., July 3—While the State prepares today to celebrate the Fourth of July with the rest of the Nation, Virginians continue aloof toward the shooting of firecrackers.

It may be the determination of this State to do customary things in a different way that makes the citizens shoot their firecrackers on Christmas rather than on the Fourth of July. Anyhow, that was one explanation of why the Fourth is quiet while, as the editors say at Christmas time, the Prince of Peace is eulogized by thunderous explosions.

No one can say with certainty when the first Fourth of July was firecrackerless and when the first Christmas morning dawned under pyrotechnic bombardment.

"It's just our custom," one authority said. "Besides, the skyrockets look prettier when reflected on the Christmas snow."

Although the reason remains lost, the fact is there. From Virginia Beach to the Cumberland Gap, the Fourth of July is the same—firecrackerless. Occasionally, there is a sporadic fire of what the Virginians quaintly call "bombs," but they pass these off as the enterprise of the Yankees, those visiting or not long in the region, who are ignorant of the customs.

Some authorities venture that no firecrackers would have been shot on any Fourth of July immediately following the reconstruction era. The Yankees, who shoot firecrackers on Independence Day, were too unpopular then for the South to join them in shooting firecrackers. The custom persisted.

Others say that Christmas time, traditionally in the South, has been

Fireworks Display Scheduled at Monument Park; Barkley to Speak

As the shadow of the Washington Monument points east at sundown this evening, all streets in town—and dozens of roads out of town—will lead to the park area south of the Commerce Building. There, beginning at 7:15 p. m., marching bands, massed flags and the soaring thunder of sky-climbing rockets will mark the Capital's biggest salute to the Fourth of July.

In spite of the fact that transportation facilities leading out of Washington have been hauling thousands to beaches, mountain resorts and the World's Fair, it appears there are still enough people on hand to make the celebration one of the largest in years.

1,000 Extra Chairs Added

According to Gen. Albert L. Cox, chairman of the Greater National Capital Committee and director in chief of the festivities, 1,000 extra chairs have already been added to the reserved seat section of 10,000 at the Monument, and 58 military and patriotic organizations will take part in the massing of the colors.

The only cloud on the horizon is one from the Weather Bureau. It may bring a thunderstorm or two with it this afternoon.

At 8 p. m., at the conclusion of the Marine Band concert at the Monument, the Rev. Arthur A. O'Leary, president of Georgetown University, will offer invocation. This will be followed by a pageant of flags as various military and civic organizations join in the massing of colors.

Then through a battery of microphones, Senator Alben W. Barkley, of Kentucky, will deliver the principal address. This will be followed by reading of the Declaration of Independence by Senator George L. Radcliffe, of Maryland. Chairman of the program committee is Col. Edwin A. Halsey, secretary of the Senate.

Big Fireworks Display

At about the same time that the fireworks display roars into action at the Monument, roman candles and pinwheels will mark the country's 163d birthday in other parts of the city. From youngsters with sparklers to the more dignified members of the Association of Oldest Inhabitants the whole town will be talking about the Fourth.

The Oldest Inhabitants will start the day booming at 10:30 this morning at their headquarters in the Old Union Engine House at Nineteenth and H streets northwest. Following a brief business meeting, Senator Arthur Capper, of Kansas, will deliver the patriotic address. John B. Dickman, sr., will read the Declaration of Independence.

The Capital View Citizens Association is planning a day-long celebration at the field at Fifty-third and Ames streets northeast. On its program are three softball games starting at 10:30 a. m. and lasting past noon. The Elks Band and Marching Club of Columbia Lodge, No. 89, will march, preceding a series of patriotic addresses at 5:30 p. m. And not to leave out the ladies, a fashion show will take place at 7:30 p. m. Selika Pettiford, of radio fame, will appear in person. Robert F. Johnson, association president, promises a fireworks show at 8:30 p. m.

Fascist Calls U. S. Liberty Illusory

Virginia Institute Speaker Accuses U. S. Writer of Soviet Propaganda

By Hedley Donovan.
A Staff Correspondent.

Charlottesville, Va., July 3.—A former "news commentator" for the Italian government today accused a prominent American correspondent of serving as a "Soviet propagandist" in a stormy round-table session opening the University of Virginia's thirteenth annual Institute of Public Affairs.

FISCHER

Louis Fischer, journalist and author, who bitterly attacked Fascist foreign policy in his speech here today, "is spreading Communist theory all around this country," delegates were told.

The charge was made in faultless English by Dr. Nika Tucci, who last year interpreted European developments in short-wave broadcasts from a Roman radio station. Dr. Tucci is author of a volume called "Fairy Tales for Grown-Up Children."

TUCCI

"I am not one of those who would be ashamed to admit if I were Communist," Fischer replied slowly. "But I am not a Communist and never have been one. I am the author of a personal attack on Stalin and a strong criticism of the Soviet government for its denial of civil liberties."

Freedom Held Illusory

The Italian publicist, while conceding that democracy "might be the ideal system," termed it unworkable under present world conditions. The "freedom" of democratic states is illusory, Dr. Tucci said, because the mass of men do not know what they want to think or say.

"Have" nations could show their "deep concern over the democratic welfare of a greater world," he asserted, by surrendering "only a part of what they got through unfair dealings 20 years ago." He was not asking for "the things they acquired through ruthless conquest centuries ago," Dr. Tucci added.

Free Speech Affirmed

The turbulent afternoon session on foreign affairs was followed tonight by a reaffirmation of the institute's "espousal of the free expression of opinion," voiced by Dr. Hardy Cross Dillard, acting director.

"The real test for our epoch lies ahead," Dr. Dillard told 500 delegates in McIntyre Amphitheater. "Already portents of new ideological wars are ahead, and we may expect to see in those portents the doom of free speech as we know it, unless institutions such as ours proclaim them fearlessly."

The Virginia Department of the Veterans of Foreign Wars has attacked the Institute for including on this year's program a speech by Earl Browder, general secretary of the Communist Party in the United States. Numerous letters also have been received, according to officials, protesting the invitation to Dr. Friedrich E. Auhagen, Nazi spokesman, to appear before the Institute.

Dr. Dillard's 400-word address of welcome, interpreted here as a retort to criticism of the Institute program, warned that "it is all too

British Preparing Expeditionary Units, Charter Transport; Back Warsaw

By the United Press.

London, July 3.—Reports circulated among diplomats tonight that Poland is considering sending a formal note to Danzig threatening to dispatch Polish troops to the Free City unless the Nazi regime there immediately halts its military preparations.

The reports, originating in Polish circles, were without confirmation but it was understood that a Polish protest being drafted in Warsaw tonight for dispatch to the Danzig Nazi Senate carried the full approval of the British and French governments.

Military circles understood several units of the British regular army and territorials (national guard) have been instructed to be prepared for "possible embarkation."

The units were described as infantry picked for an expeditionary force which Britain would rush to the continent in the event of war.

Transport Chartered

The instructions were not taken to mean that the embarkation is imminent, but that the notified units would be the first to see action abroad. For two weeks some of the territorial infantry has been receiving additional clothing and is provided with a full war kit.

The government also took steps quietly to line up shipping needed for the transport of any expeditionary force and is known to have chartered the Lamport-Holt liner Voltaire, used to transport British troops during the Italo-Ethiopian crisis in 1935.

According to the Polish version circulated in diplomatic circles here, the Polish government is considering a strong demand that all military activities in Danzig cease because they are in violation of the international League of Nations statute fixing the Free City's demilitarized status.

May Set Time Limit

The note, it was said, may insist upon immediate disbanding of the Danzig "Heimwehr" (home guard) and dismantling of German guns reported to have been erected on strategic Danzig hilltops in recent days.

The reports said Polish Foreign Minister Beck may threaten that unless disarming of Danzig is carried out before a set time limit Polish troops will be sent into the Free City to enforce the demand.

Should the Danzig administration refuse to comply with the Polish demands, Polish quarters believed Britain and France would intervene diplomatically in Berlin.

Prime Minister Chamberlain asserted in the House of Commons that "intensive measures of a military character" are being carried out by the Danzig Nazis.

Chamberlain Sees King

Chamberlain told the Commons:

"Reliable reports indicate that intensive measures of a military character are being carried out in the Free City. Large and increasing numbers of German nationals recently have arrived in the Free City, ostensibly as tourists, and a local defense corps is being formed under the name of heimwehr (home guard)."

Earlier, Chamberlain discussed the international situation with King George. The audience followed a movement sponsored by several influential newspapers for the inclusion of Winston Churchill, dissident Conservative and wartime first lord of the admiralty, and possibly former Foreign Secretary Anthony Eden, in the cabinet.

Official quarters, however, said Chamberlain is not contemplating any cabinet reshuffling and no post

Danzig Nazis Draft 1,000 To 'Defend City'

Decree Also Places All Workers Under Mobilization

By the United Press.

Danzig, July 3.—The Nazi regime of Danzig today conscripted 1,000 youths for one year of compulsory service in its defense forces and published a decree placing all workers under a state of mobilization for labor "vital to the state."

"The new defense measures are intended to defend the city in case of hostilities until German troops can reach us from East Prussia," an informed Nazi leader explained.

"We believe the motorized German troops would need about three hours to cover the 40 miles between the East Prussian frontier and Danzig."

Informed Germans said the 1,000 young men were called up today to augment the police services and that another group of 1,000 probably would be brought under compulsory training soon.

Neurath Decrees Punishment to Five Czech Cities

Prague, July 3 (AP).—Baron Konstantin von Neurath, Reichstag protector of Bohemia and Moravia, decreed tonight the removal of five city governments to "make amends for measures taken 20 years ago by the Czech regime."

The governments of the cities of Budweis, Brunn, Iglau, Maehrisch-ostrau and Olmuetz were dissolved, effective immediately, and government commissioners appointed to take charge.

Japanese Push Drive to Oust Soviets; Major Battle Near

By the Associated Press

Near the Manchukuo-Mongolia Frontier (Tuesday), July 4.—Japanese forces on the northwest Manchukuo frontier pushed a campaign today to oust Soviet-Mongol troops massed near Lake Bor, scene of bitter border fighting for almost two months.

Japanese said the Soviet forces numbered at least 8,000 men. The Japanese strength was not disclosed.

Both sides apparently were well supported by artillery, tanks and aircraft.

(In Hsinking, the Japanese army announced they had captured a strongly fortified hill along the Khalka River and 30 tanks which were encountered in a dawn battle yesterday at the start of their offensive.)

(Tokyo dispatches of the United Press said the Japanese claimed 4,000 Soviet-Mongol troops "are completely surrounded and cut off from their base."—Editor's note.)

Japanese accused the Soviet-Mongol forces of occupying positions 12 miles east of the Khalka, inside Manchukuo, with two cavalry divisions, two brigades of a mechanized corps, artillery and tanks supported by aircraft operating from bases west of the river.

An army spokesman said the region was fertile, but of insufficient value to warrant bloodshed.

"The Soviets are provoking fighting just as they did at Changkufeng, in an attempt to quiet Mongol restlessness by a demonstration of Soviet force," he said.

The spokesman said the Soviet Union hoped capture of territory including several Llama temples would win the religious respect of Mongols and regain "face" lost through Japanese successes in China.

CAPITAL CAVIAR

For the glorious Fourth, as is my custom, I renew my suggestion that the President take care of the firecracker problem by lighting one medium sized salute in front of a microphone on a national radio hook-up. He can merely say "My friends—" and then "Bang!" goes the firecracker.

Sen. Reynolds . . . caviar

• • • •

You may amplify it as loud as you like. The studio can make a transcription and rebroadcast it at intervals throughout the day. It will mean something to patriots to have a genuine noise direct from the Nation's Capital. Firecracker money goes for 100 new Army and Navy planes.

QUEEN'S VANITY: I don't know why it didn't come out sooner, but some curious soul explored the royal automobile while it was waiting for Her Majesty at a stop. How did she manage always to look as if she had just stepped out of her boudoir? The answer was in one of the side-pockets—a complete, elaborate make-up box—even eyeshadow. Atta Queen!

"—the Senators were shocked"

If the labor act is revamped by Congress, it will be partially because the Senators were so shocked by tales they heard of what happened at some of the strikes, at their committee hearings. They saw, for example, a fat, elderly boss from Philadelphia, who had been socked on the back of the neck and otherwise mistreated, an inoffensive old gent who thought his workers loved him.

• • • •

Nor did the lawyer who described the assault on the factory minimize the violence . . . Another lawyer told, with the greatest display of indignation I have yet heard on Capitol Hill, of how a Labor Board examiner had outraged all his notions of legal procedure . . . He had the Labor Board looking like one of John L. Lewis' minor vices. But the New Dealers fear that opening the labor act would be like opening Pandora's jewel box.

OF THEE I SING: Of the Senator who vows that Balzac's great-grandson is head-waiter at New York's Hotel Vanderbilt . . . Someone said Col. Ed Halsey (secretary of the Senate) is the Grover Whalen of Capitol Hill; but here we regard Grover Whalen as the Ed Halsey of New York . . . Why did Jack Garner decline to break the tie in the 38-38 vote on lowering the income tax base—and then issue a statement in favor of it next day?

"—Senator succumbs to fish eggs"

A nasty rumor is around the cocktail parties about Senator Bob Reynolds, the totalitarian but not teetotalitarian fuehrer of the Vindicators. You remember Bob—he won a seat in the Senate by accusing his predecessor of eating caviar—yes, kav-ee-yahr—plain fish eggs. That horrified the Carolinians.

• • • •

Well, you'll be aghast, but reliable persons report that Senator Reynolds himself has lately been observed wolfing those caviar fish eggs, as if he really liked 'em, at fancy Washington soirees. Wait till the Tarheels hear about that! All it'll take to beat him in 1944 will be an opponent following him around with a can of caviar, as he followed Senator Morrison around in 1932.

One bright ray of American patriotism illuminates this great holiday. I have just heard that the male students of Upper Iowa College are not in favor of peace at any price. Nor the feminine students, for that matter. It was beginning to seem that the only collegians who could talk above a whisper were the ones who thought nothing in the world is worth fighting for.

Trainmen Die As Rockslide Wrecks Freight

Mount Vernon, Ky., July 3 (AP).—A mountain slide killed three trainmen early today when approximately 6,000 tons of rock and dirt pushed a freight locomotive and ten box cars from the tracks 7 miles east of Mount Vernon.

The bodies of Engineer E. J. Weaver, 38; Fireman William Goebel, 58, and Sam Long, 45 were badly crushed when removed from the locomotive tossed into Round Stone Creek by the impact.

About 200 feet of track was torn up when the rock and dirt fell from the mountainside. All wreckage was expected to be removed by tomorrow. J. C. Nickerson, division engineer, said his measurements showed one of the rocks weighed about 3,600 tons and another about 1,800 tons.

U.S. 3½ Billion In Red at End Of Fiscal Year

No Tax Relief Planned Before Next Session, Doughton Declares

Although the Government ran in the red to the tune of $3,542,000,000 for the fiscal year which closed Friday at midnight, it fell $430,000,000 short of the mark which President Roosevelt estimated in his January budget message to Congress.

Indications, however, are that it will be in much deeper at the close of the present fiscal year—unless the Administration does some economizing. Congress has authorized expenditures for the new fiscal year totaling $13,110,000,000, a new peacetime high and $1,749,000,000 above last year's aggregate.

Tax Changes to Go Over

Representative Doughton (Democrat), North Carolina, chairman of the House Ways and Means Committee, meanwhile, revealed that the committee does not plan to draft legislation at this session to end tax exemption for securities and to lower high surtaxes on individual incomes.

The committee, he said, will conclude the hearings already started, and thus lay the ground work for action at the next session. The intention is to defer actual preparation at the next session. The intention is to defer actual preparation of a bill. The sub-committee on taxation, or possibly a joint House and Senate commttee, probably will study the whole question of revamping the tax structure during the Congressional recess.

Tax Collections Increased .. ..

Herbert Gaston, acting Secretary of the Treasury, in a letter yesterday to Representative Rayburn, Texas, House Democratic leader, said cuts in expenditures and increased tax collections explained why the President had overestimated the deficit for the fiscal year just closed.

The January budget message called for a deficit on June 30 of $3,972,000,000. While the Government did not spend as much as it had anticipated, its spending program and the usual outlays for upkeep cost $9,210,000,000—quite a lot of money. The President had estimated $9,492,000,000.

Besides shaving off $282,000,000 on the spending side, the Government collected $5,668,000,000 in taxes, $148,000,000 more than the President had estimated.

Outlays Lower Generally

Gaston said outlays generally were lower than was expected. The exception was the agricultural adjustment program, which cost $79,000,000 more than the estimate. The $50,000,000 cut in relief expenditures voted by Congress in the spring figured in the reduction.

Heavy appropriations for the new fiscal year probably will force the President to start revising estimates for this year upward. He is expected to issue a new budget summary in September showing a deficit for this year in excess of $4,000,000,000.

Despite the President's protests, Congress voted appropriations for the current year totaling nearly $500,000,000 in excess of budget estimates. The President was particularly critical of a $338,000,000 item tacked on the Agriculture Department appropriation bill for parity payments to farmers and for disposal of crop surpluses.

National Defense Program

The national defense program, together with maintenance appropriations for the Army and Navy, brought the total for these services to $1,783,187,847.

The $1,477,000,000 voted for the Works Progress Administratoin constituted a substantial reduction. It is possible that, when Congress meets again next January, agitation will start to increase the amount.

U. S. and Canadian Business Leaders Name Arbitrators

New York, July 3 (AP).—Formation of a United States-Canadian Commercial Arbitration Commission to settle controversies between business interests throughout the Western Hemisphere was announced today by the American Arbitration Commission through its chairman, Lucius R. Eastman.

The commission will handle matters of dispute for Canadian, United States and Latin-American businessmen. Its initial task will be to draft an arbitration clause to be included in contracts between commercial firms doing inter-American and Canadian business.

The commission consists of five United States and five Canadian business leaders, including Dr. James R. Angell, of the National Broadcasting Co.; Thomas J. Watson, president of International Business Machines; J. S. McLean, president of Canada Packers, and L. F. Burrows, secretary of Canadian Fruit Wholesalers Association.

National System Of Super Roads Seen by Woodring

Johnstown, Pa., July 3 (AP).—Secretary of War Harry H. Woodring believes the construction of Pennsylvania's $60,000,000 express highway may bring a demand for a national system of super roads.

He made the prediction while inspecting one of the seven projected tunnels on the Pittsburgh-to-Harrisburg route. The road, scheduled for completion in 11 months, will have twin lanes for one-way traffic and its steepest grade through the rugged Alleghenies will be less than 3 per cent.

Woodring, accompanied by Mrs. Woodring and their three children, came to Pennsylvania to relax over the holiday on the farm of J. Jacob Glessner, a district rural rehabilitation supervisor.

Congress Asked to Award D. S. M. to Admiral Yarnell

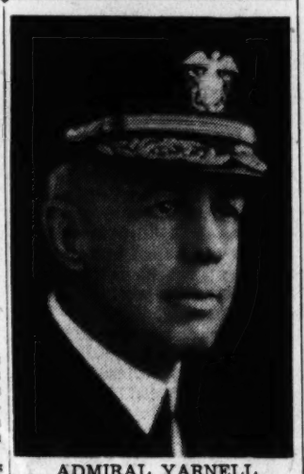
Head of Asiatic Fleet Returning to America To Be Retired for Age

The Navy has recommended the award of the Distinguished Service Medal to Admiral Harry E. Yarnell, retiring commander in chief of the United States Asiatic Fleet, it was learned yesterday.

Often described as the "most powerful white man in the Orient," Yarnell has been in charge of American naval forces in Far Eastern waters since the outbreak of the undeclared Sino-Japanese War. He will be relieved by Admiral Thomas C. Hart about July 23, and return here to report to President Roosevelt before retiring for age this fall.

Admiral William D. Leahy, as Acting Secretary of the Navy, has written to the House Naval Affairs Committee, urging passage of legislation conferring the award upon Yarnell for his "skill and devotion to duty" on the Far Eastern post.

"The Navy Department considers that Admiral Yarnell, as commander in chief of the Asiatic Fleet since October, 1938, has rendered service of the highest order and the greatest value to the United States in protecting American interests in the areas affected by the Sino-Japanese hostilities," Leahy declared.



ADMIRAL YARNELL

The recommendation stated that while the President is empowered to award the D. S. M. to Admiral Yarnell, the passage of special legislation was "deemed appropriate" as it "would announce the approval of Congress of his services."

which we are taxed to pay interest.

Senate silverites, who originally lined up with Senate Republicans to block further dollar devaluation in return for a 77-cent silver price in the Senate bill, have preponderantly shifted to the conference agreement pledging 70 cents for domestic silver, but at least three still were opposing the report.

McCarran Is Doubtful

These included Senators Adams and Johnson (Democrats), of Colorado. Although Senator McCarran (Democrat), of Nevada, was rated as "doubtful," he did not follow his colleague, Pittman, into indorsement of the report and was said to resent bitterly the silver compromise.

Other silver Senators who originally voted against devaluation, such as Clark, of Idaho; Ashurst and Hayden, of Arizona; Downey, of California; Murray, of Montana, and Schwellenbach, of Washington, were expected to vote for the agreement. Senator Wheeler, of Montana, another potential vote for the report, was out of town and may not be back in time. Senator Borah, who voted for devaluation originally, is expected to do so again.

Partially offsetting these, three Senators who originally supported devaluation were said to be inclining against the agreement. Of these, Senator George (Democrat), of Georgia, said definitely he would vote against the report, while Russell, of Georgia, and Miller, of Arkansas, were two other possibilities.

Shifts Almost Balanced

George, who questions the proposal to extend the money powers without new legislation, said he is emphatically opposed to resuming foreign silver purchases as proposed in the report. He said he favored a "reasonable" domestic silver subsidy, but thought 70 cents an ounce is too high.

From absentees on the original vote, the Administration expected to pick up two votes—Chavez, of New Mexico, and Lundeen, of Minnesota—while the opposition would pick up one, Taft, of Ohio.

Shifts since the agreement appeared to leave the two sides almost evenly balanced up to the final canvass tomorrow for the deciding votes.

Should the Administration go down to defeat a second time, leaders must choose between another conference on the continuing resolution, or the more lengthy process of initiating new legislation.

Fewer Seek Wedding Licenses at Hagerstown

Hagerstown, July 3.—Hagerstown continues to be the mecca of couples intent on marriage. In June, 125 obtained licenses at the courthouse despite the 48-hour marriage law. This is far below the 304 licenses issued in June, 1938, before the law became effective.

Youth Group Is Split by Red Charges

Mrs. Roosevelt Attends Congress After 23 Units Walk Out

By the Associated Press.

New York, July 3.—Mrs. Franklin D. Roosevelt appeared at the American Youth Congress today in the midst of a battle over Communism which caused representatives of 23 anti-red organizations to withdraw from the meeting.

Scheduled to address the congress tonight, Mrs. Roosevelt said she was attending today only as an observer, and she made no comment on the dispute that split the organization.

A year ago, Mrs. Roosevelt defended the World Youth Congress, in session here and at Poughkeepsie, N. Y., against charges that it was Communist controlled.

Sixteen New York City councilmen have denounced the American congress as a "Communist Front" organization, and six promiept men, including Gene Tunney, have declared it is dominated by Communists.

Fifty-six New York State legislators demaned yesterday that the congress condemn Communism, as well as Fascsim and Naziism, in its annual resolution.

An attempt by William O. Ball, of Cleveland, representing the Young Americanist League, to put through suchc a resolution led to the revolt today. When his motion was voted down overwhelmingly, Ball shouted, "I call upon all patriots in this audience to follow me out of this room."

Several delegates filed out, and immediately afterward Alfred M. Lilienthal, president of the First Voters League of New York, announced that his organization and 22 others among the 135 in the 5-year-old Nation-wide Congress "are through."

Joseph Cadden, executive secretary of the Congress, charged that the dissident group had entered the Congress for the sole purpose of breaking it up.

The disputed resolution started out as follows:

"Resolved, that the American Youth Congress condemns communism, because it is opposed to the principles of a belief in God, the inviolability of human rights, private ownership of property, internal peace * * *."

It went on also to condemn nazism and fascism in America. Opponents of the measure asserted that its adoption would run counter to the organization's belief in freedom of thought.

War Dept. Bans Aircraft Data To Balk Spies

Blanket Censorship Prevents Publication Of Industry Review

By Walter Fitzmaurice.
International News Service Staff Writer.

A War Department ban upon publication of aircraft trade statistics has blocked the Aeronautical Chamber of Commerce of America from compilation of its annual aircraft industry review, it was learned last night.

An officer of the Army high command said the airtight, blanket censorship was decreed by Assistant Secretary of War Louis Johnson, over the chamber's protest, to balk the inquisitiveness of "certain foreign powers," presumably Germany and Japan.

Behind the censorship screen, the officer pointed out, American aircraft factories are carrying forward a vast expansion program. Intended to bring potential output to a point commensurate with the annual capacity of 50,000 planes, credited to Germany by Army reports.

Guard Against Invasion

Army authorities said the military secrets act forbids disclosure of the annual capacity at which the expansion program aims. They said the general objective is sufficient ships to forestall transocean air attack upon any point in the Western Hemisphere from west or east.

Plant expansion is now being fed by the record-making $300,000,000 Air Corps appropriation, which President Roosevelt's signature enacted into law on Friday and which Army men expect to be matched or exceeded next year.

A spokesman for the chamber said the organization, now headed by Col. John H. Jouett, a retired Air Corps officer and outstanding authority on foreign military aviation, "is co-operating fully with the Army." He said the chamber was now referring all statistical inquiries to Johnson's staff.

Bids for more than 2,500 planes of ten types will be opened this week and next, assuring the letting of a full year's contracts less than a fortnight after the President signed the appropriation bill.

In former years, a lapse of several months occurred between the availability of funds and the closing of contracts.

May Buy 6,000 Planes

Officers said the prices quoted in the bids may reflect mass production economies permitting the purchase of 6,000 planes, instead of the 5,500 they first calculated the appropriation would buy.

The 10 types to be ordered are: Light, primary, basic and advanced training planes; two and four-engined bombers; one and two-engined interceptor pursuit planes, multi-engined fighters, and observation ships.

Volume of orders and range of types are such, officers said, as to indicate participation in construction by nearly all substantial aircraft makers in the country, thus blanketing virtually the whole industry under the gag edict.

uniform in recent weeks were contradictory, but the best neutral estimates placed the total of the Danzig fighting forces at about 4,000.

Polish quarters alleged Danzig police and stormtroops had been strengthened by at least 12,000 men, many allegedly from Germany.

Nazis said 1,500 police recruits have been called up and that 1,500 more may be called soon. About 12,000 men are subject to conscription. In addition, it is admitted that the Free City had 1,200 policemen, 2,000 S. S. storm-troopers and 5,000 S. A. brown shirts.

Danzig Nazis said the labor mobilization law was desired "in case it is necessary to speed up defense preparations" such as the construction of military barracks, the completion of a strategic bridge over the Vistula River, or the trenches reportedly being dug along the Polish border.

Observers believe that, in case of hostilities, German columns would move into Danzig from Elbing and Marienburg where considerable numbers of German troops are stationed.

Such strategy would necessitate the laying of a pontoon bridge across the Vistula at Einlage above Dirschau. The roads from Elbing and Marienburg are narrow, but the road between Tiegenhof and the East Prussian frontier at Elbing is being resurfaced rapidly.

Nazis said the Danzig defense forces were being expanded solely for the purpose of "security" against Poland's military mobilization which has brought an estimated 1,300,000 men under arms. They asserted the action did not violate the demilitarized status of Danzig as provided for under the League of Nations statute.

Block Interest Payments

Danzig, July 3 (AP).—The Bank of Danzig announced today the blocking of interest payments and amortization services on all foreign loans to the Free City.

Bondholders in the United States, England and the Netherlands are affected principally. All Danzig gulden payments to foreigners will go into blocked accounts just as is done in Germany and investors will receive in return certificates on Danzig devisen banks for the amounts due them. Transfer of payments abroad is impossible.

Wall Street circles said the dollar issue affected did not exceed $3,500,000 face value outstanding.

Brig. Gen. Gasser Selected For Deputy Chief of Staff

He Will Succeed Brig. Gen. Marshall, Who Was Promoted

BRIG. GEN GASSER

Brig. Gen. Lorenzo D. Gasser, an assistant chief of staff for the last three years, has been selected as the next deputy chief of staff, War Department officials revealed last night.

The 63-year-old veteran of two wars and four campaigns will succeed Brig. Gen. George C. Marshall, who became acting chief of staff July 1, when Gen. Malin Craig went on leave pending his retirement two months hence. Gasser will be acting deputy until then and take over the No. 2 Army staff post September 1, it was said.

Short, muddy-complexioned Gen. Gasser entered the military in 1892 as a National Guard enlisted man and captained a company of Ohio volunteers in the Spanish-American War. He was commissioned in the Regular Army following the war and served in the campaign against the Philippine insurrection.

After service in Cuba with the Army of occupation, in Mexico in 1916, Gasser went to France with the A. E. F. He was with general headquarters, the First Army and the Third Corps at various times and participated in the battles of St. Mihiel, Marne and Meuse-Argonne. He holds the Distinguished Service Medal and was made a member of the French Legion of Honor for his World War services.

Since the World War, Gen. Gasser has been secretary of the general staff, commanding officer of Fort George G. Meade, Md., and commander of the Thirty-first Infantry when it was sent from the Philippines to Shanghai in the first Sino-Japanese outbreak five years ago. He lives at 1661 Crescent place northwest.

Monopoly Committee Can Continue Its Inquiry Despite Fund Cut, Says O'Mahoney

By the Associated Press.

Senator O'Mahoney (Democrat), of Wyoming, chairman of the Federal Monopoly Committee, said last night that a $90,000 cut in additional funds asked for the study would not hamper its work. A total of $510,000 was appropriated, although Congress had authorized $600,000 to complete the investigation.

O'MAHONEY

"The sum allowed undoubtedly will be sufficient to carry on the work," O'Mahoney said. "We are prepared to go ahead and hope to have a comprehensive report ready for Congress in February."

He said the committee, officially known as the Temporary National Economic Committee, had a balance of about $80,000 left from the fiscal year which ended June 30.

The strain on Germany's building program industry, due to Hitler's vast fortification program on the Reich's eastern and western frontiers, has resulted in a marked downward trend in private construction during the first quarter of 1939, the Commerce Department reported yesterday.

Germany's building industry is still suffering from shortages of both labor and materials. Dwelling houses completed during this period were about at the level of last year. However, the report stated, new and projected housing construction figures are far below those for 1938.

Senator Hatch (Democrat), of New Mexico, who for more than a year has been battling for legislation to scotch pernicious political activity by Government employes, yesterday assailed modification of his bill by the House Judiciary Committee.

Though the Senate passed his measure carrying heavy penalties for political campaigning by any Government official or employe not in a policy-making position, the House committee whittled it down.

"If the House doesn't restore the bill to its previous strength I will take up the matter in the Senate," Hatch said. "I have been assured there will be a fight in the House to assure passage of the measure before Congress adjourns."

Roanoke, Va., July 3 (AP).—Representative Clifton A. Woodrum, of the Sixth District, declared here today that the Federal Theater project, instead of being murdered by him, "committed suicide" when "they fell under communistic leadership and persisted in their attempt to spread and propagate un-American doctrines and philosophies."

WPA casts demonstrated in New York Saturday, bearing such placards as: "Wanted—Representative Clifton Woodrum for murder of Pinocchio." The demonstration of a rewritten version of "Pinocchio," one of the projects greatest hits.

Banks Hamstrung By U. S. Lending, Says H. R. Smith

Pittsburgh, July 3 (AP).—President Roosevelt's new $3,860,000,000 Federal lending program today was termed "entirely unnecessary" as a business stimulant by Harry R. Smith, of San Francisco, president of the American Institute of Banking.

"Such a program would have a tendency to further hamstring legitimate banking enterprises," Smith said in an interview. He is here on a visit.

"Private capital is accustomed to financing such enterprise and it should be given a chance to function. However, it cannot and will not be able to function in the face of continued Government competition."

The banker added:

"Banks are bulging with money to loan and rates are the lowest in a decade."

Former Delegate Now Custodian

Annapolis, July 3 (AP).—Maryland's State Capitol had a new housekeeper today—Gov. Herbert R. O'Conor announced appointment of R. Chester Crowell as superintendent of grounds and buildings.

Cromwell, a Democrat living in Anne Arundel County, was a member of the House of Delegates in 1935 and 1937. He will be custodian of the Capitol, Court of Appeals Building and Executive Mansion.

O'Conor also announced appointment of Albert J. Goodman, Annapolis attorney, as alternate trial magistrate.

Nazis Don't Deny Defense Counvil

Special Cable to The Post.

Berlin, July 3.—The German government did not deny today reports that a supreme defense council under leadership of Adolf Hitler had been organized at Berchtesgaden June 23.

An official of the foreign office, after denying several rumors, refused to deny this report but said he had no information about the meeting, where the council is said to have been established.

Newspapers printed in Germany on June 24, the day after the reported meeting, do not disclose whereabouts of German leaders on the previous afternoon.

Guffey Calls For 3d Term For Roosevelt

Warns of 'Upheaval' If American People 'Bamboozled in 1940'

Senator Guffey (Democrat), of Pennsylvania, classifying anti-Administration elements as "Tories and political ingrates," called last night for re-election of President Roosevelt in 1940 with "no ifs, ands or buts, no alibis and no double-crossing."

In a radio speech, Guffey said he expected to seek re-election to the Senate next year on his record as "100 per cent pro-Roosevelt New Deal Democrat."

He said he favored a third term for these reasons:

"Because I am a Democrat.

"Because I am a practical politician.

"Because I am a liberal, and

"Because I am an American."

"As a matter of cold political fact," Guffey told his audience, "if Franklin Delano Roosevelt is elected to the Presidency again, it will be his first real term of office. When you elected Roosevelt in 1932, his first term was canceled, vetoed by the Supreme Court.

"When you re-elected Roosevelt in 1936, his second term was stolen by Tories and political ingrates.

"If the Tory politicians and the big business magnates succeed in bamboozling the American people for a third time, in 1940, then there's going to be an upheaval which will sweep away all politicians and all big business. I don't kid myself the American people love their politicians.

"If the people are short-changed again by the politicians in 1940, then there won't be any 1944, politically speaking. There will be a dictatorship or civil war to take the place of shell-game elections between a Republican tweedledum and a Democratic tweedledee, or perhaps I should say between a Republican tweedledum and a Democratic tweedledumber."

Replies to Burke

During his speech Guffey replied directly to Senator Burke (Democrat), of Nebraska, who had expressed opposition to a third term for the President. Burke, Guffey declared, had "waltzed into office as a result of lip service to the New Deal."

"As a practical politician," Guffey continued, "I tell you and particularly those persons who quote Thomas Jefferson to you the way the Devil quotes Scripture—that this anti-third term talk is political dynamite."

Guffey cited as one of Mr. Roosevelt's qualifications for office the manner in which he greeted the rulers of Great Britain when they visited this country last month.

Guffey said at one point that most newspapers had refused to publish information about what he contended was a rising popular movement for a third term.

Dominicans Rap Trujillo Welcome

New York, July 3.—Reports that an official reception in Washington is awaiting former President Rafael Leonidas Trujillo, of the Dominican Republic, en route to the United States in his yacht, draw a vigorous protest today from the committee for dominican democracy, headed by Carlton Beal and W. J. Schieffelin.

In a telegram to President Roosevelt, the committee expressed the hope reports of the impending reception were unfounded, and added: "It would appear that on this particular Fourth of July that good neighbors in both South and North America would not welcome the endorsement of an unfortunately home-grown dictatorship, while condemning the European variety."

Hitler Mapping Peace Plan, Paris Reports

Il Duce Invited to Help Shape Demands, Newspaper Says

By the United Press.

Paris, July 3.—Dispatches published in Paris tonight said Reichsfuehrer Hitler may offer a "peace plan" to Great Britain and France, but the foreign office explained it had no information beyond unconfirmed reports.

The newspaper Le Jour said Premier Mussolini had invited Hitler to meet him in Venice this month to work out a "peace plan" which would be offered to the western powers in exchange for an immediate solution of certain of the Rome-Berlin axis' territorial and economic demands.

The Paris Soir said Hitler, in framing a reply to the "last warning" which French Foreign Minister Bonnet handed to German Ambassador Von Welczeck on Saturday, is considering a communication setting forth Germany's terms for a peaceful settlement.

Danzig Problem First

The newspaper said it understood that, if Hitler decides upon such an answer it probably will point out that any solidification of European peace demands a prompt settlement of the Reich's demand for the return of Danzig.

The foreign office said it had no official information on the subject, but added that both Britain and France have repeated their willingness to study all demands of the dictators providing they are limited to political and economic claims and do not involve any surrender of territory or the independence of any state.

The French believe that Mussolini would try to take advantage of any international settlement to obtain satisfaction of his demands involving Tunisa, the Suez Canal and Djibouti. France insists, however, that any settlement of the Italo-French quarrel must result from direct two-power negotiations.

Discuss Danzig Situation

Premier Daladier and Bonnet discussed the Danzig situation and the Anglo-French joint military agreement with British War Minister Hore-Belisha and British Ambassador Sir Eric Phipps in a dinner at the British Embassy.

Hore-Belisha arrived from London by plane during the day to address the annual banquet of the Franco-British Association Tuesday night.

Fascists Laudatory

By James M. Minifie

Special Cable to The Post.

Rome, July 3.—Cautious commendation of "the responsible wisdom of a noteworthy part of political representatives and people" of the United States appeared today as the Fascist press felt its way toward congratulating Congress for its refusal to raise the arms embargo.

This is listed by Virginio Gayda, along with the deadlock in the Russian negotiations and the dispute with Japan, as major items insuring the overwhelming preponderance of the totalitarian powers which are represented as dominating the great European powers by their central position and the Balkans by reason of Italy's occupation of Albania.

Commenting on the substantial accretion of strength to the axis which will follow if American munitions and supplies are closed to the democracies, Gayda notes with satisfaction the preparedness of the axis powers.

"The economic self-sufficiency of Italy and Germany has made gigantic and solid progress which assures throughout an ever-increasing zone their productive independence for war ends," he said, "hence, the strategic position and resources of the Axis are consolidated and made more powerful. We may add to this new and unforeseen possibilities: Remarkable discoveries of exceptional effects of a nature not yet revealed, but ready to be revealed in all their power when the hour of need comes."

Work on the new traffic overpass at K street and the Rock Creek and Potomac Parkway will begin tomorrow. Neither throughfare, however, will be closed for the two-month construction period, park authorities announced.

East and west traffic on K street will be shunted via provisional bypasses recently completed. The intersection has been widened to care for rush-hour jams. Traffic will flow as usual along the Parkway north and south. Both Park and Metropolitan police will be on duty to direct traffic.

All American Nations United, Says Monteiro

Monroe Doctrine Still In Full Force, Avers Brazilian Army Chief

By the Associated Press.

Kansas City, July 3.—The Monroe Doctrine still is in full force, Maj. Gen. Pedro Aurelio de Goes Monteiro, chief of staff of the Brazilian army, said today at a press conference.

Gen. Monteiro spent the night here and left today for Louisville, Ky., on his two-week tour of United States military defenses. His visit returns the call paid his country by Brig. Gen. George C. Marshall, who became chief of staff of the United States Army last Saturday.

Doctrine 100 Years Old

"The peoples of the Americas are heartily in accord with the Doctrine and that it is still in force is evidenced by the results of the many inter-American conferences and especially by the Pan-American Conference in Lima, Peru, last December," the general added.

He recalled that the Monroe Doctrine, in which the United States guarantees the integrity of all other nations on the Western Hemisphere, was announced by President James Monroe a century ago.

The reason for its establishment was the situation in Europe at the close of the Napoleonic wars and the independence recently gained by many nations of the Western Hemisphere.

All Americas United

"The Holy Alliance then supported the system of 'Balance of Power' and many European countries were looking toward our two continents with a view toward colonization," he declared.

"My country had gained its independence only a few months before your President Monroe declared his policy and our first Ambassador to Washington conveyed a message concerning it back home. Brazil has agreed to its principles from the start.

"The Doctrine was accepted by the other countries as well and continues to guide them and bind them together. That it is a tacit policy of all the Americas is evidence by the many inter-American conferences supporting it.

Landon at Luncheon

Gen. Monteiro was the guest at a luncheon at which Alf M. Landon, Republican Presidential candidate in the 1936 election and a member of the United States delegation to the last Pan-American Conference, was present as the ranking civilian guest.

Maj. Gen. Percy P. Bishop, of Omaha, commanding general of the Seventh Area, was the host.

Polish Envoy to U. S. Silent on Neutrality

Plymouth, England, July 3 (U.P.).—Count Jerzy Potocki, Polish Ambassador to Washington, arrived here today en route to Warsaw.

Lundeen, Cannon See Planes Outmoding Luxury Liners

Clipper in Which They Just Returned From One-Week Flight to England Bigger Than Columbus' Ship, They Aver Enthusiastically

Two members of Congress came down to earth yesterday.

They landed on a mountain of week-old mail, official and unofficial documents and end-of-the-month bills.

They had been flying high, those legislators, and it wasn't much fun spending yesterday at their desks trying to catch up when practically everybody else on Capitol Hill was out in the sunshine enjoying the Third of July.

Senator Lundeen, Minnesota Farmer-Laborite, and Representative Cannon, Missouri Democrat, had just returned to Washington and work from one of the most unusual trips yet undertaken by members of Congress.

Trip Took Just a Week

On June 24, they embarked with 19 other Government officials on the Yankee Clipper at Port Washington, Long Island, and one week later they stepped ashore at Port Washington—with a brief visit to England between. And if it hadn't been for Newfoundland fogs which held the plane three days in Canada the whole voyage would have been over quicker than you can say "week-end in London."

Boyishly enthusiastic over their trip, which was the first regularly scheduled round-trip America-Europe passenger flight over the northern route, both Lundeen and Cannon predicted a dire fate for luxury accommodations on steamship lines.

"These planes will take the cream of the trade," said Cannon, who, it must be remembered, is from Missouri. "Why, once you've made that flight over the ocean, you'd never think of going any other way—unless, of course, you just like the ocean."

Bigger Than Columbus' Ship

"Think of it," said Lundeen. "Pretty soon Americans who can afford it will be week-ending in England. They can leave Thursday evening, spend a pleasant, restful night over the water and arrive in Southampton Friday morning. They can have Friday, Saturday and Sunday in the British Isles and leave Sunday night, returning home Monday morning."

Actual flying time for the round trip from continent to continent, said Cannon, was 30 hours and 14 minutes—13 hours over and 16 hours back. That, he pointed out, is less than the time it took another flyer, Col. Charles A. Lindbergh, to go one way from New York to Paris.

And speaking of figures, said Cannon, the Yankee Clipper, weighing 42½ tons, and carrying a total of 33 passengers and crew, is actually larger than Christopher Columbus' ship, the Pinta, of 40 tons with a crew of 25.

Only the Sea to See

The fortieth birthday of Juan Trippe, president of Pan American Airways, was celebrated as the plane was crossing the Atlantic on its eastward journey.

"We had a nine-course dinner," said Senator Lundeen, "and everybody made speeches and presented Mr. Trippe with humorous gifts we bought in Newfoundland." And then a little close harmony was indulged in, climaxed by what might have been the theme song of the voyage: "My Bonnie Lies Over the Ocean."

The passengers, who included two other members of Congress, Senator Chavez (Democrat), of New Mexico, and Representatives Mapes (Republican), of Michigan, as well as R. Walton Moore, 80-year-old counselor of the State Department, spent most of their time talking, eating and sleeping, to judge from all accounts.

"There wasn't much use looking out the window," said Senator Lundeen, "although we did see one iceberg that was almost a record-breaker—400 feet high and 1,000 feet long, according to the crew."

Formed Pioneers' Club

When the travelers arrived at Southampton, they were whisked to London on the royal train—the first time the train has ever been used when a member of the royal family was not aboard. And then, on their 36-hour stay in England, the party was wired and dined so continuously that members wound up by being "unable to eat a thing."

On a visit to Parliament, Representative Cannon, author of many treatises on parliamentary procedure, was presented with a copy of the "Mother of Parliaments'" own rules of order.

Homeward bound, a novel association to be known forever after as "Pioneers of the North Atlantic Airways" was formed, with Judge Moore as president and Representative Mapes as vice president. So far as could be learned, chief function of the association will be to present the flags used on the historic flight to the Smithsonian Institution.

Silver Spring, Md., Octogenarian Dies

Mrs. Catherine Goodwin, 85, of Silver Spring, Md., died Sunday at her home, 8400 Maple avenue, after a long illness.

Born in Silver Spring, Md., Mrs. Goodwin lived in Montgomery County most of her life. Her husband, the late James H. Goodwin, died three years ago. Surviving are five daughters, Mrs. Susie Huffman and Mrs. Annie Alexander, of Silver Spring; Mrs. Elizabeth Crawford and Mrs. Margaret Alexander, of Washington, and Mrs. Mary Skinner, of Riverdale, Md., and a son, Edward Goodwin, of Riverdale, Md. Sixteen grandchildren and 19 great-grandchildren also survive.

Truck Driver Killed As Car Rounds Curve

Shenandoah, Va., July 3.—Lester Ward, 55, colored, of Shenandoah, 55, was killed as his truck was wrecked rounding a curve near Shenandoah tonight. It was the first death by automobile accident in county this year.

Hitler Seeks 'Repatriation' Of Tyroleans

Would Move 250,000 Former Austrians From Italy to Corinthia

By the United Press.

London, July 3.—Fuehrer Hitler was reported tonight to be preparing a solution of the problem of the German minority in Italy by a wholesale transfer to German soil of most of the 250,000 Austrians in the South Tyrol.

It was said reliably that conversations for the mass expatriation were under way in Rome, but official confirmation was lacking.

The 250,000 Austrian Tyrolese came under Italian rule when the South Tyrol was cut from Austria-Hungary after the World War and given to Italy for her support of the allied cause.

Reports reaching London said many of the German-blood Tyrolese bitterly resented Hitler's plan and that the Fuehrer might be compelled to limit the transfer to peasants and second and third sons.

Originally, it was reported, Hitler planned to move part of the South Tyrolean population to his new protectorate of Bohemia-Moravia, created after Germany's absorption of Czechoslovakia last March. It was decided later, according to the reports, to settle most of them in Southern Ostmark (Austria) in what was the Austrian province of Carinthia.

Nazis Laugh at Fears

Berlin, July 3 (AP).—Nazidom went out of its way tonight to reassure the world that Fuehrer Hitler had no intention of forcing the issue with Poland.

Officials and the press made sport over those who predicted a Nazi putsch in Danzig yesterday. Hitler and Foreign Minister von Ribbentrop prepared to welcome Prime Minister George Kiosseivanoff of Bulgaria's desires for revision of the Treaty of Neuilly.

(Under the treaty, signed in November, 1919, Bulgaria ceded small portions of territory on her western frontier to Yugoslavia, and gave up larger sections to Rumania and Greece.)

Hitler's unexpected return — the first since he went to his Berchtesgaden summer home June 7—indicated importance which Reich leaders attached to receiving the Bulgarian premier.

Denies Forcing the Issue

At the same time an authorized spokesman, in one of the clearest utterances any official has given since recent tension over Danzig, said "Germany has no intention of forcing the issue. We have no desire to go against the territorial integrity to Poland. If we had wanted to let the matter come to military action we could have done so any day."

Hitler's Reichstag speech April 28, denouncing the German-Polish non-aggression treaty and saying he would not repeat his proposal to Poland for settlement of Danzig and the corridor question, was "falsely interpreted abroad," the spokesman said.

He referred to the German suggestion that Danzig come fully under the Reich's wing with port rights for Poland and that an extra-territorial strip of land across the corridor be given to Germany so that East Prussia would be linked with Germany proper.

"The Fuehrer did not mean that his price the next time would be much higher," the spokesman said. "He meant that Poland had rejected the offer and called for help from England and that he would not again make a proposal of any sort. Any new proposal must come from Poland."

Bulgarian to Berlin

Sofia, Bulgaria, July 3 (AP).—Bulgarian Prime Minister Kiosseivanoff entrained tonight for an official visit to Berlin while the Bulgarian press cautioned against any "entanglement in the conflict of the great powers."

Soviet Indicates Acceptance of Entente Plan

Agreement This Week Possible on Guarantees To Ten Countries

By Ralph W. Barnes.

Special Cable to The Post.

London, July 3.—There were new prospects tonight of an early erection of an "Eastern front" against German expansion through successful conclusion of the prolonged negotiations for a defensive alliance among Great Britain, France and the Soviet Union.

A spokesman at the Soviet Embassy hinted today that the most recent Anglo-French alliance proposals were "acceptable in principle" to Moscow. Hope was expressed in British official quarters here that the Soviet reply, delivered to the Anglo-French envoys in the Soviet capital late this afternoon, would bear out this view. At a late hour tonight the reply had not yet been received at the foreign office here.

New Difficulty Minor

London, backed by Paris, it was disclosed, at last had agred to the Soviet demand that specific guarantees to the Baltic powers of Finland, Estonia and Latvia be included in the main body of the proposed three-power alliance treaty.

Hesitancy of London in the past to accede to this demand in the face of expressed opposition of the three Baltic states in question, has been the only primary obstacle to an accord over a period of several weeks.

In his guarded statement the Soviet spokesman indicated, however, that there was a new difficulty in the Anglo-French request that the guarantees to be included in the treaty be extended also to cover the integrity of Switzerland and Holland, which have no diplomatic relations with the Soviets.

Ten Nations Covered

British officials are inclined to believe that if this is the only remaining Soviet objection of consequence, it can be liquidated in the course of further talks at the Societ cpaital the current week.

If some means is reached in the end to provide undertakings to Switzerland as well as Holland, the number of states specifically guaranteed in the projected alliance will be extended to ten.Of these, five already enjoy Anglo-French pledges o fone type or another. They are Poland, Rumania, Greece, Turkey and Belgium. As indicated, the others would be Finland, Estonia, Latvia, Switzerland and Holland.

Another cardinal point in the revised Anglo-French plan—in line with Soviet desires—is a provision that military aid would be extended by two of the projected allies automatically if the third were to conclude that a development had occurred in Europe—presumably an aggression—which threatened its vital interests.

Germany Frowns On English Songs

Special Cable to The Post.

Berlin, July 3.—German orchestral leaders were notified today that the practice of singing English words to American songs is considered "unworthy" of a German.

The same announcement, asserting foreign dances are frequently "degenerate," said it will be necessary to obtain permission in the future before the presentation or demonstration of a foreign dance.

Killing Suspect Hunted

Culpeper, Va.—Culpeper County officers tonight said they were seeking Walter Stephens, 35-year-old La Grange colored man, in connection with the death of his wife, who was shot early today. Authorities said they believed Stevens had gone to Washington.

British Protest Milk Blockade At Tientsin

Special Cable to The Post.

Tientsin, July 3.—British Consul-General E. A. Jamieson filed a protest today with the Japanese consular authorities here over the stopping of milk supplies for the British concession.

Yesterday trucks attempting to deliver milk were forced to wait many hours at the barriers of the concession and then to empty the bottled milk into cans with the result that the milk had soured by today. Dairies are no longer attempting to make deliveries, and the concession is entirely without milk today.

British troops received permission to bring 30 pints of milk into the concession for use at the British Military Hospital only. But two other hospitals, as well as the public at large, were unsupplied.

[The United Press reported food trucks also were halted at the concession barrier.]

Mt. Vernon Stocks Up With Stock Greetings by Wire

Western Union's "save the trouble of thinking" service for tired tourists and social secretaries took another step forward yesterday with the opening of a new greeting service from Mount Vernon.

Visitors to the Father of His Country's Potomac home can now enjoy the same privilege extended to tourists at the Nation's Capital, Pike's Peak, the top of the Empire State Building, the two World's Fairs, and other much-visited points. They can telegraph "having a wonderful time" to their friends back home in any one of ten carefully phrased messages, simply by putting a check mark on a Western Union blank.

Which of the messages will prove most popular cannot yet be told, but telegraph company attaches expect great things from No. 1948, which reads "Am at Mount Vernon and just tossed a silver dollar across the Potomac. Believe it or not."

Salisbury, Md., Man Shoots Self in Head

Salisbury, Md., July 3 (AP).—The body of Oscar Gillis, 50, was found at the home of his brother-in-law, Lee Brumley, near Eden today. Deputy Medical Examiner L. A. Rademaker issued a certificate of suicide. He said Gillis had discharged a shotgun into his head.

European War Crisis Alarms Roosevelt

Ominous Reports Are Received; Axis Hails Arms Embargo Defeat

By International News Service.

Hyde Park, N. Y., July 3.—President Roosevelt viewed with grave concern tonight the stream of ominous reports that reached him here from the potential European war theater.

Particularly, according to friends, was he dismayed by confidential Government advices from Berlin and Rome indicating that Nazi and Fascist circles were well pleased with last week's action of the House of Representatives in voting to continue a modified arms embargo.

It was reported on good authority that the President felt the House neutrality action edged Europe another step toward the war he has been trying to avert.

There was a possibility Mr. Roosevelt might have something to say on the subject of neutrality and the international powder keg tomorrow. He confided to informal callers that all of his efforts had been directed not only to keep America out of war, but Europe as well.

Enactment of a cash and carry neutrality bill, empowering American manufacturers to sell war munitions to such nations as could lay cash on the line and furnish ships for transport, in Mr. Roosevelt's opinion, would have had a deterring effect on the totalitarian powers.

Mr. Roosevelt spent a good portion of the day in his study, coatless and shirt open, receiving telephonic reports from Washington and various American attaches in Europe concerning the German threat at Danzig, which France and England have warned will result in war. He had no official callers and in the afternoon went driving.

The Executive is leaving here tomorrow night so he may be back in Washington Wednesday, when the Senate takes its agreed vote on continuation of the power to devalue the dollar and his $2,000,000,000 stabilization fund. Mr. Roosevelt holds that the monetary act is an essential factor in national defense.

Survivor Tells of Heroism Aboard Doomed Thetis

By the Associated Press

London, July 3.—A survivor of the submarine Thetis disaster gave a calm account of how one after another of the 103 men aboard her tried and failed in efforts to bring up the craft.

Only four of the 103 escaped with their lives.

Capt. H. P. K. Oram, one of the four who came to the surface with Davis escape devices after the submarine sank off Birkenhead June 1, testified at a public inquiry.

He said the craft plunged to the bottom after water flooded two forward compartments through a torpero tube while volunteers tried to enter the bow to close the door that somehow caused the disaster.

One was an officer who put on the Davis apparatus and tried to work into the compartments through an escape chamber. The water pressure dizzied him.

Lieut. H. G. Woods, another survivor, then volunteered. A seaman who went with him was overcome by pressure in the escape chamber. Woods tried again with another seaman, but the pressure was too much for him, too.

Sought Rescue Plan

The scheme to close the door and pump out the water so the submarine could raise herself then was abandoned.

Throughout the night, Oram went on, officers and men tried to find a feasible plan to save themselves.

Oram's voice broke for the first time when he was asked if there was evidence of panic among the men.

"I would like to make known the very gallant behavior of the men on board," he said. "I saw no sign of panic at any time. When there was any work to be done the men sprang to help. I heard men talking and joking until the foul air caused them to keep quiet. They showed quiet bravery memory of which will live with me forever."

Tugs Leave for Squalus

Portsmouth, N. H., July 3 (AP).—Tugs left the Portsmouth Navy Yard today with the seven huge pontoons with which the submarine Squalus, still holding the bodies of 26 of her crew, will be lifted from the ocean floor, where she has rested in 240 feet of water since a faulty dive May 23.

The pontoons will be moored in the lower harbor, where they will be more accessable than at the Navy yard.

Salvage work, which has proceeded every day weather has permitted, will be continued over the holiday.

Loew's, Inc., Announces Summertime Features; Winter Comes to Earle Stage on Friday; This, That and the Other About the Theater

COMES NOW WORD from Eastern Division Manager Carter Barron, of Loew's, Inc., as to the nature of summertime screen entertainment that may be expected during ensuing weeks at the Capitol, Palace and Columbia theaters. The outlook is entirely upon the cheerful side.

BELL

From the Metro-Goldwyn-Mayer studios, in rapid succession, will come "On Borrowed Time," a film version of the Broadway stage hit, with Lionel Barrymore, Bobs Watson, Sir Cedric Hardwicke, Beulah Bondi, Una Merkel and Grant Mitchell heading the cast; Mickey Rooney, Lewis S. Stone, Fay Holden and the rest of the Hardy family in "Andy Hardy Gets Spring Fever"—a little late in the year for that, it would seem—Robert Young and Florence Rice in "Miracles for Sale;" Robert Taylor, in one of the coveted spots of the season, opposite Heddy LaMarr in "Lady of the Tropics;" and "The Wizard of Oz," a Technicolor production that is described as the screen's greatest novelty since "Snow White," and Norma Shearer, Joan Crawford, Rosalind Russell, Paulette Goddard and The Post's Hedda Hopper in Clare Booth's "The Women."

From the Twentieth Century-Fox lot will come "Second Fiddle," starring Sonja Henie, Tyrone Power, Rudy Vallee, Edna May Oliver and others in high screen favor, "News Is Made at Night," with an all-star cast, and others of Darryl Zanuck's best efforts.

To the Midsummer Festival of Film Hits United Artists will contribute "Captain Fury," a thundering adventure tale of Australia's Robin Hood, with Brian Aherne, Victor McLaglen and June Lang, and Ann Sheridan, the celebrated "oomph" girl, in "Winter Carnival," said to be thrilling for other reasons than Miss Sheridan.

So there they are, take 'em or leave 'em. If you are wise, you'll take 'em.

For the third summer, the Earle Theater will present a skating revue, "Lake Placid Ice Follies," on its stage for the week beginning this Friday. Most famous of the French speed and fancy skaters, with Olympic championships to their credit, Pierre Brunet and Andree Joly will top the list of featured performers in the second ice show to be staged under the direction of Producer Harry Anger. Ted Meza, Sonia and Margo, Dick Talter and Al Clark are among others in the company of dancers, novelty artists and comedians on blades. Gloria Blake, the Earle's singing "Find of the Month," will be an added attraction and the 16 Earle Roxyettes, who began rehearsals at the Ice Palace more than two months ago, will present special dances on skates. Goodness knows they've done everything else!

The postman rings once and leaves a letter, dated June 29, from Louise Hawthorne, 1708 S street, who upbraids me thus:

"Dear Sir: In all the space you have devoted to the Mohawk Drama Festival, at Union College, Schenectady, N. Y., you have omitted to mention Miss Christine Stewart, of 4623 N. Carlin Spring road, Arlington, Va., costumer for the festival, and her friend, Howard Whitfield, who both teaches make-up and acts in the productions. They are two young Washingtonians who have spent years in their crafts and several seasons with Mr. Coburn's festival.

"In Washington, Miss Stewart is costumer for the National Ballet, directed by Lisa Gardiner, and Mr. Whitfield also has been connected with that organization, in addition to a long list of other productions.

"I hope your sin of omission was an unintentional one—surely the backstage is nearly as important as the 'front.' Sincerely, (Signed) LOUISE HAWTHORNE."

My thanks to Miss Hawthorne for her reprimand. The trouble seems to have been that I didn't get over quite far enough in Beauvais Fox's very elegant Mohawk Festival prospectus.

Announcement is made—more or less as a work of supererogation, one suspects—that holiday matinees will be held in all of the Warner Brothers neighborhood theaters today. Performances will begin at 1 p. m. Special attractions have been booked for all houses with the holiday spirit in mind.

Pete Cranston, 3812 Seventh street northwest, a handsome young Washingtonian of 28, who looks and bellows like a Tarzan, is the Capital's Tarzan Yell Champion today. Pete won the title from some half-hundred other embryo jungle yodelers in a contest staged over the week-end at Loew's Palace Theater. His call of the wild nearly blew the microphone out of Announcer Charles Daly's hands. Fifteen-year-old William Seagga, who was willing to bet anybody, without any takers, that he was the best Tarzan call imitator, placed second, and Bolling Bell, 17, won third prize.

Each of the three winners received a very imposing looking silver medal, offered by Johnny Weissmuller, star of "Tarzan Finds a Son," now playing the Palace.

"South Riding," Alexander Korda's intriguing screen epic of small-town romance and politics in rural England, goes into its second week at the Little Theater tomorrow. This engaging subject is being shown at the Little for the first time on any Washington screen, with Ralph Richardson, Edna Best and Edmund Gwenn in the stellar roles. All three are well known to Washington audiences both on stage and screen.

Invited to be guest speaker before a Los Angeles breakfast club, following completion of her role in "Daughters Courageous," opening Friday at the Earle, the venerable May Robson was requested to compare the young people of her generation with those of the present and had these observations to make.

"The young people of the present are more mystifying. You see one of them walking down the street ahead of you, wearing slacks, some kind of a loose jacket, low-heeled shoes, no hat and the hair cut short in back, and you don't know whether the person is a girl or a boy. So you go up and tap the youngster on the shoulder and say 'Hi-ya, Toots'. If she turns around and blushes, she's a boy!"

You said it, Toots!

The third Summer Festival of the present season in the National Sylvan Theater will be presented on Thursday night of this week, July 6, at 8 p. m. A joint program will be offered by the Washington Civic Orchestra, directed by Dr. Kurt Hetzel, and the Washington Civic Ballet, directed by Elizabeth Giles.

The New Yorker

By Leonard Lyons

New York, July 3.

ROBERT ARDREY, who was assigned by Guthrie McClintic to write a new play for Katharine Cornell, was interviewed concerning the manner in which he works . . . His pretty bride volunteered: "Take our new play, for example. We started on it a few months ago. First we went away to get a good start then we, etc., etc." . . . "When you say 'we,' Mrs. Ardrey," the interviewer asked, "do you mean that you collaborate with your husband in writing plays?" . . . "That's right—in a way," Ardrey replied. "She does the cooking."

"GURRAH SHAPIRO," partner of Lepke Buckhouse, America's No. 1 fugitive, has been relegated to the rock pile at the Atlanta penitentiary—although he's a diabetic . . . Franchot Tone, who was discharged from the hospital two weeks ago, has returned there for one day—because of complications . . . Burgess Meredith expects to leave for Hollywood on Wednesday to accept a screen offer . . . The staffs at the municipal colleges, who are required to have a Ph. D. before the board of higher education may elevate them to instructorships, are very much amused—because Harry Gedeonse, the new president of Brooklyn College, forgot to acquire his Ph. D.

TIM CALLAHAN was captain of the Yale football team in 1919, the year in which Princeton's team, captained by Tim's brother, defeated Yale . . . At New Haven's railroad station that evening Jed Harris, then a Yale undergrad, saw Tim—his face wet with tears—weeping because of the defeat . . . Harris never saw him again until "Our Town" was presented on Broadway by Jed . . . He saw a tall, stout man coming up the aisle after the show, and said: "Aren't you Tim Callahan?" . . . Tim nodded and asked, "How'd you know?" . . . Again his face was wet with tears . . . Again he had been crying—over the last touching scene of Thornton Wilder's play.

DAVE SELZNICK now is at work on the finishing touches of "Gone With the Wind" and is very much excited about Clark Gable's performance . . . For a long time Selznick had denied that he was contemplating giving Gable the Rhett Butler role. When the producer was visited by Dorothy Parker in his office he assured her "That's quite an unusual role. But, frankly, I want an absolute unknown to play Rhett Butler. An absolute unknown" . . . "The door opened while Selznick was speaking . . . "Hello, Clark," he greeted the newcomer. "Dorothy, have you met Mr. Gable?"

JACK BENNY, however, really is seeking an absolute unknown—a young, handsome tenor, for the job of replacing Kenny Baker on his radio program . . . Mildred Fenton, who was selected to succeed Mary Martin in "Leave It to Me," has had practically no experience in musical comedy—although she worked at Leon & Eddie's and at Loew's State . . . Read Tom Wolfe's "The Mob and the Rock"—an American classic . . . Sam Levene, the actor, carried a load of red seals and documents from the State Department when he sailed for Europe. Sam needed those documents, because he was scheduled to obtain his final citizenship papers next week.

YESTERDAY'S newspapers announced that former Gov. E. W. Marland of Oklahoma—who once amassed a $30,000,000 fortune in oil—was retiring from politics to set out in quest of his third fortune . . . In the boom days Marland built a Dream City in the most desolate section of Oklahoma. To that arid place where vegetation never had grown he transplanted 10,000 trees, imported thousands of prize cattle and made fortunes for his friends . . . He brought the most famous artists of the world to work for him. Marland bought $100,000 worth of sculpturing from Jo Davidson. His existence was truly fabulous . . . He had a private car taking him across the country, at $3,000 a trip, despite the fact that he had to wait five days before it could be attached to a locomotive . . . "I like this," he explained. "Wouldn't you like to ride this way—and afford it?"

TALLULAH BANKHEAD, daughter of the Speaker of the House of Representatives, now has become the speaker of the Stork Club . . . The lustiest barytone heard at Armando's is that of Leon Henderson, the New Deal economist. He's one of Armando's original customers—one of the four privileged, to join the proprietor in song, on the cafe floor . . . Justice Ferdinand Pecora, whose "Wall Street Under Oath" drew cheers from all the book reviewers, is writing another book.

Son, Mother Work

Lind Hayes plays the role of Skel in "These Glamour Girls," while his mother, Grace Hayes, is featured in "Babes in Arms."

Louella O. Parsons'

Close-Ups and Long-Shots Of the Motion Picture Scene

Hollywood, July 3 (NS).—The talkie version of Marion Davies' well remembered "Little Old New York" is no longer relegated to the abstract future. I have been wondering for a long time why Darryl Zanuck didn't put Rita Johnson Young's 100 per cent American story into circulation, for it is perfect for the historic trend right now, with its depiction of Fulton's invention of the steamboat in 1807. Henry Fonda is Zanuck's choice for Fulton, with Alice Faye in Marion's role of the little Irish stranger. Richard Greene is nominated as a gay young blade of early New York.

LOUELLA PARSONS

Speaking of Greene, he recorded dialogue for "Here I Am a Stranger" from his wheelchair last week, but his doctors say he will absolutely be able to walk by July 10. Henry King will direct "Little Old New York" and is already at work on the story.

The John Steinbeck shocker, "Of Mice and Men," will have "Big Boy" Williams in the role of Lennie, which Broderick Crawford created on the New York stage, and Lon Chaney, jr., played in Los Angeles. I was interested to hear Hal Roach say that if people are expecting a shocking movie, they'll probably be disappointed, for certain scenes have been revamped with approval of John Steinbeck. Hal says "M and M" has moments of being a typical Laurel and Hardy comedy, with George and Lennie furnishing the laughs before it moves into the tragic murder. Hal is now considering an American actor who has been living in Europe to play George, with Claire Trevor favored by himself and Director Lewis Milestone for the girl.

I wouldn't even call it news that Shirley Temple's option has been taken up, for if the Twentieth Century crowd hadn't grabbed it quickly we would have sent them to a sanitarium to have their heads examined. Shirley's ma was the one who persuaded Darryl Zanuck not to make "Lady Jane." She felt the story in its present form wasn't right for her actress daughter and so Maeterlinck's "The Bluebird" was substituted. Zanuck certainly has a big problem in finding stories for the golden Temple child that appeal to the children and at the same time are adult entertainment.

According to a cable, the Scandinavian countries welcomed Myrna Loy with what amounted actually to an ovation. Myrna and Arthur Hornblow are now in England and sail on the Normandie July 6, returning to Hollywood on the twelfth when she finally goes into "After the Thin Man" with Bill Powell. While in Paris, Sascha Guitry had several conferences with Arthur and is now considering an offer to make a picture for Paramount. His "The Cheat" was one of last year's most discussed motion pictures and it would indeed be a coup for Parr, if he consented to make one of his unique movies for them.

Snapshots of Hollywood collected at random: Will there be an announcement made tomorrow night at the Deanna Durbin-Vaughan Paul party at the Cocoanut Grove? The impromptu floor show at Sally Eiler's party had Eddie Robinson doing a jitterbug number, Bebe Daniels singing and Stevie Collier playing the cello. The setting, with the moonlight streaming over the pool, gave the effect of a movie prop, it was so perfect. Joan Bennett, who came late, brought Brian Aherne. Wooley Donahue, her constant escort a few weeks ago, has gone to Europe; happy birthday and a glorious Fourth to L. B. Mayer, Chattie Collier (Buster's little girl), Alec Templeton and Mrs. George Murphy; Lupe Valez has joined the Borzages for a "quiet" Fourth in San Francisco; Groucho Marx is spending the day in the bathtub, away from the noise and firecrackers; Bette Davis takes herself to Boston, her home town, as soon as she finishes "Elizabeth and Essex."

The Robert Youngs are hosting a housewarming at their new home in the valley. Alice Faye, Tony Martin, Barbara Stanwyck and Bob Taylor are their guests; Binnie Barnes hosted A. Hennis Brunch today, with Randy Scott, Jimmy Stewart, Loretta Young, Andrea Leeds and, of course, the constant Mike Frankovitch among her guests; Mary and Jack Benny and the Andy Devines are doing their Fourth of July celebrating on a train en route home from New York; traveling to Santa Barbara for the Helen Hayes-Herbert Marshall opening night are Ray Goetz and Sandor Incze. Incze, who formerly did so much for visiting Americans in Budapest, is locating in Hollywood permanently, having taken over Stage magazine; Perc Westmore and Gloria Dickson out on the ocean, trying to get a swordfish with the $750 worth of fishing tackle Miriam Hopkins gave Perce; Doug Fairbanks, jr., is down for a speech before the National Convention of Educators in San Francisco, so he and his Mary will take in the Fair at the same time.

That's all for today. See you tomorrow!

Producers Put Youth to Test

Hollywood today is waking up to the aspiring youth within its gates.

A survey of the major studios reveals that there are more than 50 youngsters—girls and boys, young men and women—ranging from 16 to 25 years of age, who are being groomed for potential stardom.

Seventeen of these, known as "The Golden Circle," are being schooled with a series of important parts at Paramount in the hope that they will reach eventual stardom.

Of the 17, Louise Campbell is appearing opposite Bing Crosby in "The Star Maker; Joseph Allen, jr., and Susan Hayward with Bob Burns in "Our Leading Citizen," Robert Preston is starred with Gary Cooper and Ray Milland in "Beau Geste," and William Holden has been loaned to Columbia for the lead in the sensational "Golden Boy."

Get Chance

Others in the group who are being given chances are Betty Moran in the Hopalong Cassidy pictures; Betty Field, soon to be seen in "What a Life" with Jackie Cooper; Patricia Morison, appearing opposite Lloyd Nolan in "The Magnificent Fraud;" John Hartley in "$1,000 a Touchdown;" Joyce Mathews, in the same picture; William Henry in "The World on Parade," and Susan Paley in "Death of a Champion."

Important roles are being selected for the balance.

Gateway

At RKO, veteran Producer Jesse L. Lasky has developed 11 young players in "The Gateway to Hollywood Group," and each is being assigned to an important picture. These young players, from all walks of life, entered a contest sponsored by the studio. It was particularly specified that they must not quit regular jobs to come to Hollywood. Instead, each has a leave of absence and if failure follows first attempts, fare will be paid to the candidate's home.

Metro-Goldwyn-Mayer is developing seven players, Universal has four, Twentieth Century-Fox has seven, and Columbia four.

The studios are now realizing that new faces are needed, and that a constant, fresh flow of talent will increase interest in motion pictures more than any other single factor.

Star Wins Stripes From Pro Fighters

First it was Clark Gable, then Wayne Morris, then Robert Taylor—and now it's John Payne.

Payne is current favorite of Hollywood's actor-pugilists, sometimes called the Cauliflower Thespians. They have been swapping punches with the handsome singing actor in the Warner Bros. film, "Kid Nightingale." All like his style, his gameness and sportsmanship.

"He got clipped hard, twice on the chin and once right on the nose," said Joe Glick, who fights in the preliminary bouts. "Many actors would have squawked, especially about the one to the nose. But not this guy—he's all right."

In Hollywood

With Hedda Hopper

While Hedda Hopper is vacationing, her friends are writing her column.)

By Adrian.

Dear Hedda: I think you're very courageous asking me to write your column for a day, because I can't think of anything more boring than writing about one's own work than, perhaps, reading about it.

You can't be interested in the number of pins Norma Shearer pulls out of her coat sleeve while she fits for hours, days, and I might add, weeks, with the patience of Job and the tenacity of a faithful bulldog.

We've been working, now, for ten weeks almost daily on her clothes for "The Women," and she's still capable of arriving for her fittings, not on time, but with a cheerful smile.

Are you excited if I tell you Norma makes 10 o'clock appointments in the mornings which she keeps at 3 in the afternoon? But it's interesting to me, because I have to juggle other fittings until I feel like the juggler of Notre "Dames."

However, with all due respect to Miss Shearer I must add, her endurance makes for good clothes in the end.

Do you want to know about the nervous and restless Miss Crawford, who sweetly apologizes while she rips out sleeves and has an interview at the same time? The fact that she reacts to nearly every sketch, provided it's painted blue, even though the dress is going to be white, could only confuse you.

What on earth would you, with your love of gossip, and thrilling in Roz Russell's and my struggle to cope with the insanity of today's millinery and still not have her look conventional whenever common sense rears its practical head and makes a hat look reasonable?

There's no point in talking about Garbo because she has just finished fittings for "Ninotchka" and she wouldn't like me to tell you anything about her anyway. I won't mention that she's always on time.

As for Jeanette MacDonald, she takes a nap practically all through lunch hour, making our fittings at that time part of a mad dream. But then, too, so does Hedy Lamarr.

It's almost impossible for Hedy to pass the soda fountain on her way to my studio without stopping for an ice cream cone, so it's imperative for me to have ice cream cones here to get her in at all.

But this is my worry. Why should it be yours? Or haven't you any, Hedda?

These things, probably, would interest you more than if I told you stripes were going to be good this winter or that Oriental influences will practically sweep you into the last act of "Scheherezade."

Prima Donna Stages a Bout With Insomnia

Jeanette MacDonald Explains Easy Way To Go to Sleep

By Jeanette MacDonald
Written for United Press

Hollywood, July 3.—When I first met insomnia it was just a word in the dictionary. But from the time I missed it in the spelling bee, it's been giving me trouble. And my earnest study of "how to go to sleep" has merely developed me into an authority on "how to stay awake."

But before I became this authority I certainly tried system after system, and practiced theory upon theory, for conquering insomnia.

I counted so many sheep that when I cross the country droves of them come up to the train and "baa" in recognition.

I pretended to watch the waves of the ocean, I'd think of black, boundless spaces, of waving fields of grain, which always made me hungry; I've tried leaving the lights on, having the room dark. I've tried soft music and swing. I've put cotton in my ears and a black mask on my eyes. I tried going to bed early and staying up late. Somebody told me to eat chocolate before retiring. I found out later that's what athletes eat for that 'leventh-hour pick-up.

Tried Them All

"I've read and tried every answer to the insomnia problem fans and friends have been kind enough to send me. They are all in a special compartment in my files for insomnia: Cures and case histories. So you can see how I became an authority on staying awake.

First of all you must be very anxious to get a good night's sleep. It's a great help if you know you have important work to do the next day—work demanding that you look and feel tip top.

Now, start planning to get a good night's sleep about the middle of the afternoon. Turn down any invitations you might enjoy for the evening. Eat a light dinner. Have your telephone stuffed so you can't hear it ring.

After dinner you should be very sleepy so you hurry and undress. You're too sleepy to wash your teeth so you do it with a vengeance which perks you up considerably. You're too tired to do your calisthenics so you do twice as many, for it is good self discipline. You get into bed happily. You turn out your light and hop out of bed because the light is still on in your dressing room, on the hall, or the front porch. You start back to bed in the dark and you fall over a chair.

That Faucet Again

Finally back in bed you remember you didn't set the alarm clock. So you turn on the light and upset the glass of water on the night-stand. You hurry for a towel to wipe up the damage. Then remember you haven't refilled the glass. Hop up, hurry to the bathroom, fill the glass, hurry back to bed, reminding yourself not to become irritated. Now all is quiet. Then you hear a small methodical sound. You listen earnestly, meditating. Ah! It's the dripping faucet! You turn on the light, get out of bed, turn off the faucet, start back to bed and decide en route that you must be hungry. Everybody knows warm milk is good for sleep, so you hurry to the kitchen to heat the milk. Glass in your hand, you start for your room. Halfway there you remember you forgot to turn out the lights.

Back in bed, and wide awake, you remember that last book somebody sent you on how to go to sleep is just what you need. You wander from room to room looking for it. You decide you may as well clean out your desk and you find Aunt Sally's last letter which hasn't been answered.

As Easy as That!

Remember O. O. McIntyre once wrote you should enjoy insomnia by working while others sleep. Grimly you write Aunt Sally. At this point you hear the dogs barking so you again go through the house looking for intruders. But you remember you haven't any gun if you did meet a burglar.

It's nearly daylight, you're dead tired, you've an important day before you—so you scream at the top of your lungs, waken the household, tell them excitedly about the burglar and, while they scatter on the man hunt, you fall sound asleep on the living-room couch.

Virginia's Fourth To Be Crackerless

BOMBS, from Page 1.

a season of high disportment. Men went from house to house, drinking of their neighbor's nog. And once full, to the bursting point, let steam off in the old Chinese custom of shooting firecrackers.

Confounds Yankees

Such doings, these authorities would have the Southerners as reasoning, would not only mystify and bring confusion to the Yankees, but would demonstrate a complete and abiding freedom from any Yankee Fourth of July antics.

Generally, Southern authorities are confused themselves, declaring that "the very spark of Revolution, sir, was touched off here in Virginia. Didn't a Charlottesville boy, Thomas Jefferson, write that Declaration that these Yankees are shooting all these bombs about?"

No firecrackers. They just amble out down here and shut up the store and go fishing or on a family picnic. They hang out the Stars and Stripes and the Confederate flag along with it. And they don't try to explain that, either. But when Christmas comes they buy the firecracker bootlegger out, and if a man isn't careful they'll put one down his coat collar as he walks along the street.

Grandpa did it that way—and some of them will say that's the proof of any case.

'Long Fourth' Death Toll Already 273

Motor Mishaps Kill 146 In 39 States; 77 Drown; Nebraska Total Oddest

By the Associated Press.

Nebraska, with four deaths, had one of the oddest totals. There was not an automobile fatality in that State, but one person was gored by a bull, one crushed by a tractor and one died in a plane crash and one suffered a fatal skull fracture when thrown from a beer bar.

The list by States, including all causes, was:

Alabama, 9; Arizona, 2; Arkansas, 3; California, 26; Colorado, 4; Connecticut, none; Florida, 7; Georgia, 10; Idaho, 1; Illinois, 11; Indiana, 13; Iowa, 5; Kansas, 5; Kentucky, 8; Maine, 5; Massachusetts, 10; Michigan, 9; Minnesota, 8; Missouri, 9; Montana, 4; Nebraska, 4; New Hampshire, 2; New Jersey, 10; New Mexico, 1; New York, 22; North Dakota, 3; Ohio, 22; Oklahoma, 5; Oregon, 3; Pennsylvania, 14; South Carolina, 5; South Dakota, 3; Tennessee, 4; Texas, 18; Utah, 1; Virginia, 9; Washington, 6; Wisconsin, 2; West Virginia, 4, and District of Columbia, 1.

land-Woodridge Business Association will start things off with a flag raising at 10 a. m. by the National Guard of Honor of the American Legion. William T. Slattery, commander of the District of Columbia Department of the Legion, will be in charge.

Pie-Eating Contest

This will be followed by a set of races and contests, tops of which will be a pie-eating number, a potato race, and a hog-calling parley. The baseball game between the Taft Athletic Club and Virginia Indians at 1 p. m. will be a doubeheader. A drill at 3:15 p. m. will take place during the intermission between games.

More on the quiet side will be the garden party to be given this evening under the auspices of the Washington Committee for Aid to China. The party, which will be at the home of Mr. and Mrs. Arthur Clarendon Smith, 2949 Macomb street northwest, will mark the second anniversary of the Chinese conflict as well as the Fourth of July.

At a solemn high mass this morning at 11 o'clock the congregation of the Greek Orthodox Church of SS. Constantine and Helen also will observe the anniversary of the birth of the United States. The Rev. Thomas Daniels will officiate.

As usual, residents of Takoma Park will put on a big show. There will be a parade, beginning at 9:30 a. m., of which E. Brook Fetty will be grand marshal. Patriotic exercises will take place at 10:15 a. m. in the municipal playground on North Takoma avenue. Athletic games are scheduled for the Whittier School Playground, and the fireworks will pop off at 8 p. m. at Hodge's farm.

Identical Programs

Identical July 4 programs will be held today at Taft and Langdon Parks. They will be sponsored by the Bladensburg Road Citizens Association, Brookland-Woodridge Business Men's Association, Defense Post, V. F. W., Rhode Island Avenue Citizens Association, Taft Athletic Club and Woodridge Athletic Club.

Both programs will open at 10 a. m. with the raising of the flag and athletic events. Winners of races at each park will go immediately to the other park to compete with its winners. A double-header ball game will be held at both places at 1 p. m. The Woodridge Athletic Club will play Fogelman's A. C. and Taft A. C. will play the Virginia Indians.

Job's Daughters, Bethel No. 3, will drill at Langdon Park at 2:30 p. m. and at Taft Park at 3.

Even Fish Will Celebrate

Even the fish in the Department of Commerce Building will be celebrating. The aquarium will be open from 10 a. m. to 10:30 p. m. today. More than 2,000 turned up last year to look at them and they are preening their fins for as big a crowd this year.

Local summer schools which put off their opening date yesterday will wait until tomorrow to get down to business. The summer sessions at George Washington University will be interrupted for a holiday for today.

The complete list of organizations taking part in the massing of the colors at the Monument this evening, follows.

Headquarters, Washington Provisional Brigade, U. S. A.; Twelfth United States Infantry, Thirty-fourth United States Infantry, United States Marine Corps, United States Navy, United States Coast Guard, District of Columbia National Guard, Fifth Battalion of the Fleet Marine Corps Reserve, United States Naval Reserve, R. How to Drive Today to Scene of Fireworks Display

Map and accompanying story will enable Washington motorists to avoid traffic tie-ups and facilitate their driving to see fireworks display at the Washington Monument grounds today

Metropolitan and United States Park Police will join forces tonight to carry out provisions of special traffic regulations for the Monument fireworks display.

The Monument Grounds will be closed to traffic after 6 p. m., and only the south roadway behind the Bureau of Engraving and Printing will remain open. This will carry one-way traffic west from Fourteenth street and Maine avenue southwest to the John Paul Jones statue in Potomac Park.

Traffic will flow on both sides of Constitution avenue from Seventeenth street to the John Paul Jones statue and there southbound vehicles will be routed west around the Tidal Basin to the Polo Field. In this area, parking will be prohibited on the east side of Constitution avenue.

Motorists with special parking stickers for the windshield of their cars, are directed to enter the ground by way of Fourteenth street, where policemen will show them the reserved spaces.

Virginia-bound traffic will use Fourteenth street. Parking will be permitted on Fifteenth street in the rear of the Bureau of Engraving and Printing, on the east Tidal Basin roadway, around the west side of the basin, around the polo field and on Constitution avenue west of Seventeenth street.

Parking also will be permitted around the Ellipse, but will be banned on Constitution avenue from Fourteenth to Seventeenth streets after 4 p. m.

Holiday Crash on Warrenton Highway Wrecks Two Cars

Priscilla Gives Cat Wild Ride

It was almost a catastrophe when Priscilla Lane drove all the way from her home in Laurel Canyon to Hollywood boulevard with her pet tabby clinging desperately on top of her car.

It seems the top of Priscilla's sports coupe was a favorite parking place of the cat. The other morning, the Warner star climbed into the car, didn't notice kitty snoozing on the top deck, and drove briskly away. Motorists she met stared and honked their horns. Priscilla thought they might be flirting and drove all the faster. When she parked on Hollywood boulevard, a crowd quickly gathered. The actress started to get back into her car when someone pointed. The cat, frightened out of eight of its nine lives, was quickly rescued.

P. S.—Kitty doesn't roost there any more.

Virginia D. A. V. Elects Reynolds

Richmond, Va., July 3 (AP).—C. E. Reynolds, of Roanoke, was elected commander of the Virginia Department, Disabled American Veterans of the World War, as they ended their eighth annual convention today. He succeeds Stephen J. Higgins, of Portsmouth.

Other officers elected included Capt. Daniels, Alexandria, senior vice commander, and G. L. Whitlow, of Roanoke, junior vice commander. John P. Devine, of Arlington, was re-elected treasurer.

Hagerstown and County Retire $130,000 Bonds

Hagerstown, July 3.—Hagerstown and Washington County have retired $130,000 in bonds. The county retired $79,000 in school and road bonds, while Hagerstown retired $40,000 in sewer bonds, $10,000 in street bonds and $1,000 municipal electric light bonds.

500 Danzig Jews Sail Own Ship to Palestine

Jerusalem, July 3 (AP).—Five hundred Jews from Danzig arrived at Haifa today in a ship they had bought and manned themselves, but they had no entry papers and all were detained. The ship flew the blue and white Zionist flag.

Poles Weigh March on Danzig

BRITISH, from Page 1.

has been offered to Churchill.

Observers believed Chamberlain is not yet ready to agree to bringing into his cabinet such bitter anti-Nazi and "anti-appeasement" figures as Churchill and Eden because their inclusion would slam the door on any possible negotiations with the Reich.

The reports concerning Poland's projected protest to Danzig were without confirmation, but it appeared that a firmer Polish attitude was being brought about.

This attitude was understood to be based largely on Warsaw's conviction that the British and French governments have given 100 per cent assurances of support if the Poles should decide to act to preserve the Free City status of Danzig.

The British government was in close contact today with the Polish government, as well as with France, on the Danzig question.

Sir Howard Kennard, British ambassador to Poland, who flew to London "on leave" last Friday, conferred with Chamberlain and Foreign Secretary Halifax. Later Halifax received the Polish ambassador, Edward Raczynski, at the latter's request and discussed the Danzig situation with him. Raczynski will leave Tuesday morning by airplane for Warsaw.

Meantime, it was announced that the British Ambassador to Germany, Sir Neville Henderson, is flying to London Tuesday to consult with his doctor but like Kennard he will report at once to Chamberlain and Lord Halifax.

Regarding the manner in which the British and French pledges to Poland would become operative, Chamberlain told the Commons Britain has made her position clear to all, including Hitler.

The Prime Minister did not say specifically that Britain would defend Danzig in case of a "spontaneous internal putsch by the Nazis rather than direct aggression from the outside. Government spokesmen have indicated in recent days, however, that if Poland regards her independence as being jeopardized, and resisted it, Britain would go to her rescue.

Poland "Preparing"

Warsaw, July 3 (AP).—Well-informed Polish sources tonight reported Poland "is preparing to meet any situation in Danzig and any action violating the present status of Danzig will be met by counteraction."

What preparations were being made remained a secret, however, and the same sources declared there would be no announcement "in advance" of any steps taken.

The Polish government, in close consultation with Britain and France, studied developments in the Danzig situation. A more definite formulation of Poland's attitude was expected tomorrow when Foreign Minister Beck returns from a weekend in the country.

There were denials of reports that Poland was sending a note of protest to the Danzig Senate against purported military preparations in the Free City, but among Poles there was a growing feeling that some sort of action may soon become necessary.

Couple Taking 'Marital Vacation'

Donald Crisp and his wife, Jane Murfin, the scenarist, will take their annual "marital vacation," as usual, as soon as the actor completes his current assignment in Warner Bros.' new Bette Davis-Errol Flynn co-starring picture.

Mr. and Mrs. Crisp have taken separate vacations every year since they were married 12 years ago.

Crisp will spend three months in Europe this year while his wife sees the shows in New York.

trict residents have numbered high among their patrons.

It's great fun, this Fourth of July bedlam. There isn't a youngster—and few adults—who will deny it. But when junior lights that short fuse and starts to stand back with tiny fingers plugging his ears, he might almost as well walk into the Zoo's lion cage for the chance he is taking.

There's the woman in New York last year who was hit in the eye with a rocket, jumped back, fell and fractured her spine. A man in Michigan suffered two fingers blown off with an "innocent" bomb and a few weeks later they amputated his arm. A 6-year-old girl was so severely burned by a sparkler that extensive skin grafts were required and she lay in a hospital for three months.

Mexico to Sell Oil to Brazil

Mexico City, July 3 (U.P.).—A new outlet for Mexico's expropriated oil was revealed tonight with announcement that the government had reached an agreement with Brazil to sell the latter country 5,500,000 barrels of oil annually on a cash basis.

The deal, announced by Santos Vahlis, representative of the firm of Correa and Castro of Rio de Janeiro, was the largest one for cash negotiated by Mexico since President Cardenas decreed expropriation of foreign oil properties on March 18, 1938.

Cycle Of The Years

When the Declaration of Independence was proclaimed to the world 163 years ago today it was, as every schoolboy knows, a revolutionary document.

In the course of the years, however, one country after another adopted as their own the principles so eloquently enunciated by Jefferson and his colleagues. The republican system, the democratic form of government, the right of the individual to "life, liberty and the pursuit of happiness"—these dreams of the eighteenth century philosophers—became the commonplace realities of the nineteenth and particularly of the early twentieth century.

But the course of human events follows no smooth channel. Sometimes it doubles back on itself. The Declaration of Independence is, so far as many parts of the world are concerned, again a revolutionary document. There are important nations, once democratic, where espousal of its tenets makes an individual a candidate for a concentration camp. In those nations freedom is anathema and the individual has no rights other than to submit blindly to the will of the dictator.

The Declaration of Independence was issued at a time when the enlightened despot dominated the scene. Today, the world's stage is again cluttered up with despots, some of whom are far from being enlightened. Yet the very fact that one country after another has been thrust into the abyss of dictatorship has made the free peoples of the world more conscious than ever of the liberties which all too long they have taken for granted.

That is why, more than ever, the Fourth of July must be for the American people a day of rededication. Those precious liberties that were gained by that stout band who assembled in Philadelphia 163 years ago, can also be lost. We have seen similar liberties lost in Germany and Russia and Italy and Czech-Slovakia and elsewhere. While democracy in America is more firmly rooted than it was in any of those countries, and American independence is safe from many of the dangers that have overwhelmed other nations, the present is no time for complacence.

Democracy is everywhere on trial. But now, as in the days of Washington, Franklin and Jefferson, the United States can set an example to all the world by showing that the Nation they founded is determined to cling to its liberties and remain true to its traditions.

War Of The Words?

Gen. Hugh S. Johnson may not be aware of it, but he has struck a powerful blow in favor of a third term. The barbs which he has directed at Secretary Ickes are likely to bring a thundering pack of political fight fans to the support of those who wish to draft Mr. Roosevelt for another Presidential race.

If this appears to be a strange statement, the mystery can quickly be dispelled by reflection upon the keen appetite of the American public for colorful political scraps. A third-term race by the President would doubtless bring Gen. Johnson and Secretary Ickes prominently into the arena, each armed with his own piercing epithets and his own shattering sarcasm. Such a battle might easily put Orson Welles' version of "War of the Worlds" into the shade.

For a show of this sort the American public might be willing to let any man run for the Presidency a third time. It has been a long while now since the former chieftain of the NRA has put his most formidable verbal artillery into action. And Mr. Ickes seems to have found no satisfactory windmill at which to tilt since he tripped over the lance he had aimed at the press. With both aroused to righteous fervor by the third-term issue, the public could look forward to the best unmusical comedy since "I'd Rather Be Right."

Such a matching of wits and crossing of verbal swords might prove to be precisely the tonic the country needs. Could anyone worry about devaluation of the dollar, or withdrawal of the President's power to bring about such a result, while chuckling over the spectacle of Mr. Ickes on a lotus leaf, "contemplating." And when Mr. Ickes returns to the fray and impales the rollicking general on some of the magnified needles in his vocabulary, even the gathering war clouds will probably take on something of a humorous lining.

Can the electorate be expected to forgo such a show merely for the sake of preserving a hoary tradition?

Looking To The Future

A new phase of the United States Housing Authority's fight against slums begins today. For the last year and a half that agency has been occupied with the problem of lending funds and granting subsidies for low-rent housing projects, and with the pioneer work of getting a new program under way. With the opening of new developments to slum dwellers in New York, Buffalo, Jacksonville and Austin — a fitting achievement to celebrate on Independence Day—attention must be given to management as well as financing and construction.

For the most part management of these housing projects will be a responsibility of local agencies. But the policies adopted by municipal authorities will be strongly influenced by the USHA. For that organization controls the subsidies which makes it possible to rent these modern quarters to families from the slums.

In carrying its program through its initial stage the USHA appears to have done good work. It has made a direct attack upon the slums. While the costs of some projects it has approved are excessive, it is making strenuous efforts to eliminate every unnecessary expense. Cities in all parts of the country are co-operating with the USHA, eager to wipe out the curse of the slums. Administrator Straus has given ample proof that Federal funds and local responsibility can be brought together in a successful public housing movement.

It does not detract from these positive achievements of the USHA to point out that even more formidable problems remain to be solved. Today, the emphasis is all on elimination of filthy slums and the achievement of astonishingly low rentals. Within the next few years, as the public becomes more fully aware of the enormous subsidies which the USHA is granting, the proper distribution of those favors will doubtless be an issue of great importance.

Contrary to previous expectations, a good many relief families will be housed in the new USHA projects. Other living units will be occupied by self-sustaining families. Yet no distinction is to be made in distributing the rent subsidies. There seems to have been little effort to co-ordinate these housing benefits with other forms of aid from governmental sources.

President Roosevelt's recent statement about the proposed extension of the USHA's borrowing and lending powers suggests that there are some features of the present program with which he is not satisfied. If slum clearance is to continue, it is clear that the present estimated outlays per family will have to be reduced. The President seems to favor some such reduction. But how shall a cut of this sort be effected?

There is an obvious need for a comprehensive study of public housing with the object of working out a long-range national policy. The suggestion of the Washington Housing Association that the President appoint a national commission of impartial experts to study the entire problem and report its recommendations by January, 1941, is a timely sequel to Mr. Roosevelt's own search for a program that would be more nearly self-sustaining.

Australia Pledges Aid

Some months ago, in a notable speech on foreign policy, Premier W. L. Mackenzie King, of Canada, pointed out that at no time during the Czecho-Slovak crisis of last year had any dominion definitely pledged itself to go to the aid of Great Britain in the event of a general European war.

This silence did not mean that, had war then broken out, the British dominions would have remained aloof. The chances are they would not have done so. In the case of most, if not necessarily all of the dominions, the pull of sentiment would probably have outweighed the absence of formal commitments.

It is nonetheless important that up to the Munich meeting, the dominion governments refused to commit themselves in advance as to what they would do if Great Britain became involved in war. And it is all the more significant, for that reason, that in the present crisis one responsible dominion executive has pledged his nation to the unqualified support of the mother country.

Speaking last Sunday at Sydney, Premier Robert Gordon Menzies declared that Australia stands with Britain "to the last man and shilling . . . even if it means war." And, revealing that he was in almost hourly contact with the British government, Premier Menzies added:

"We never hesitated in expressing an opinion . . . but because we believe Britain throughout has acted with honor, judgment and long-suffering care and patience . . . Australia takes her stand."

At a time when Premier Chamberlain and his colleagues are leaving no stone unturned in their efforts to persuade Berlin that the British people and government are determined to prevent further aggressions in Europe, this unqualified proffer of support from Australia may prove extremely helpful. Not only is Great Britain herself more united than she has been in years; there are also indications of a similar unity of mind and determination in the British Commonwealth of Nations. Hitler can ignore that fact only to his peril and the peril of the Third Reich.

Curtain For The FTP

Whatever else may be said about it, the rewritten version of "Pinnocchio" presented last Friday night at the final performance under WPA auspices, was "good theater."

Certainly the occasion justified the tragic rather than the comic mask. The action went on as usual up to the point where the joyful puppet undergoes his metamorphosis into the living flesh and blood of a little boy. But, in the farewell performance, this reward was no sooner granted than it was snatched away. He met his death by being changed back to wood. And while members of the cast chanted his dirge, the WPA stagehands dismantled the sets in sight of the audience.

It was all neatly symbolic and genuinely touching. Poor Pinnocchio, slain, as the audience was told, by Woodrum Relief Act, had been conspicuous among the mostly wooden offspring of the Federal Theater Project as one of perhaps a dozen that really did come to life. "Pinnocchio" had been playing since a day or two before Christmas to full houses and no doubt might have continued to attract them for the remainder of the year.

There is some hope that it may reopen under private aegis. A similar hope appears to exist for "The Life and Death of An American," another of the three WPA productions that were closed Friday night in New York. Surely there are no citizens so spiteful in their antagonism to the Federal Theater that they would not rejoice to see these hopes realized.

Proponents of the Federal Theater may argue that it is one thing to find backers for productions which are demonstrably popular and another thing to find entrepreneurs willing to take the initial risk. If the Government had not accepted the role of "angel," neither of these productions, nor even the still more successful "Swing Mikado" (a brand-new production of which is to be launched, as permitted by the new act, under the joint auspices of the city of Los Angeles and the WPA) would ever have seen the light of day.

This point must be granted. It is also true that such notable productions as those of Eliot's "Murder in the Cathedral," Marlowe's "Dr. Faustus" and even the Harlem version of "Macbeth" served to bring the cultural influences of the theater to bear upon thousands who otherwise might never have felt them. But when considered in relation to the complete history of the WPA Theater these arguments are less impressive.

The great majority of its productions could not possibly be justified on esthetic grounds; some of them indeed could be justified solely on grounds of lubricity. Others, like the "Living Newspaper" series, while interesting as theatrical innovations, represented special pleading for particular social and political viewpoints, and could fairly be described as propagandistic.

It is well to remember that the Federal Theater's box-office receipts on all its productions during the last year amounted to only 10 cents for every dollar it spent. The FTP itself has shown that art is art and relief is relief and the two can be successfully combined only in rare instances. That conclusion seems to be unavoidable whether the project is examined from the esthetic or the box-office viewpoint.

Still it will be a pity if Pinnocchio has to remain a wooden image.

Alligator A. W. O. L.

From the St. Louis Post-Dispatch.

Just how many candles must emblazon his birthday cake before an alligator reaches the yellow leaf, when, his curiosity appeased, he drowses beside the fireplace in indolent contentment? All we know is it's got to be more than seven.

There is that meandering reptile of the Country Day School as a nomadic example. This 7-year-oldster laughs off discipline with tooth-filled guffaws. By impish strain he is immune to kindness. Has the honor system been tried? If so, it's a flop. When the mood seizes him, when he hears the call of the wildwood, his hobo soul responds. Boldly he enters exclusive preserves where angels, possibly, fear to tread. There's consternation in the upper reaches,

Fancy searching for the shy strawberry in the tangled grasses of the Country Club grounds only to meet the bland gaze of a loafing alligator. Imagine, if you can, the startled native of Huntleigh Village who steps on the uncordial neck of an alligator while strolling through the dim, primeval poplars. And what vows of reform are explosively plighted by the young votaries of conviviality when an alligator peers reprovingly through the windshield of a parked roadster as the dawn comes up like thunder!

No doubt anywhere obtains, so far as we know, as to the Country Day School's virtuosity in the weighty matters of the three r's, together with the bright fripperies of modern education. But as a bastile for alligators, it is a papier mache calaboose.

Causes Of Unrest

To the Editor of The Post—Sir: The letter printed in The Post of June 30 over the name of the Immigration Restriction League, Inc., provokes me to reply. It was this same type of half truths, which the writer implies, to which the German public was subjected by the Hitlerites previous to 1933. They believed it. Are we to do the same?

The "foreign-born residents," whom we are told cause all the trouble and anguish held up for us to see, cannot in themselves create the causes of unrest. They merely exploit a situation made favorable to them by bad economic conditions and political hopes long deferred. Even our own Fascist friends take advantage of the same conditions and use vigilantes to clear out their social opponents.

Correct the economic inequalities under which the great mass of the public struggles, and the dangers of unrest are eliminated. This can only be accomplished through the extension of democratic methods to our industrial as well as our political life.

Will we see the handwriting on the wall before it is too late?

ELMER P. RANKIN.

Character Loans

To the Editor of The Post—Sir: I have read what you write on "Insured Bank Loans." In my judgment we need a place where men who have been good managers and have left no debts behind them can secure character loans.

Multiple thousands of small businessmen lost everything they had in the bank closings in 1933 and have been unable to get a toe-hold. They are just dragging along.

When I was a young man in 1881 I borrowed from a bank $6,000 and bought a boundary of timber standing in the woods at $4 per 1,000. I cut it, hewed it on four sides, hauled it to a railroad and received $20 per 1,000.

I repaid the loan, kept 50 men working for a year and cleared $15,000 on the project. I was not worth a dollar, had nothing but a good name. It was a character loan from start to finish.

Hundreds of our best businessmen started on borrowed money. No man can now borrow unless he has gilt-edge collateral. This is retarding recovery, I think, and I also think that Hon. Jesse H. Jones has a frozen mind toward small business.

An Isolationist View Of France

To the Editor of The Post—Sir: I notice in The Post a news item reporting the comments of some French newspapers upon the action of the House of Representatives in retaining the embargo on arms in the neutrality bill which now goes before the Senate. One paper, L'Oeuvre, is reported as saying that "there are certain problems whereof we are able immediately to seize the importance because we are directly affected, but the United States needs more time."

If this statement is any reflection of French opinion, the French are sadly misleading themselves. The people in the United States are aware to a great extent of what is going on in Europe, at least from the British and French point of view. Unfortunately, they have only vague ideas, if any at all, of what is going on over there from the German and Italian points of view. Time alone will give us the latter, and will undoubtedly confirm the feeling we now have that the situation in Europe is not to be remedied by American intervention.

Americans do not realize that the remark attributed to President Roosevelt, that the Rhine was our frontier, was spread all over Europe in newspapers and journals, although the President denied having made it. The French no doubt believe that Mr. Roosevelt's and Mr. Hull's statements represent the American people.

They should realize that the President of the United States and the Secretary of State are the authorized servants of the people appointed to carry out the affairs of the state; that they are not authorized to make any commitments involving the United States with other nations without the consent of the people expressed in the action of its Legislature; and finally, that the present attitude of the President and Secretary of State is an attempt to lay down a predetermined policy in international affairs against the expressed wishes of the people. If democracy means anything, it means that the will of the people is to be carried out by their appointed agents. The present Administration has consistently ignored this principle.

The French are most naive if they believe that time will change the attitude of the American people toward European affairs. Time and propaganda combined might do so, but not time alone. We Americans have not yet forgotten the epithets we brought down on ourselves after the World War when we politely but firmly reminded the French and English that we expected them to make some arrangement for the payment of the debts they contracted with us in order to bring the war to a successful conclusion.

The French seem to expect the world to defend their frontiers for them in the near future. If that occurs, it will have been the second time in twenty-five years. The people of the United States have not the slightest intention of sending a border patrol to Europe every twenty-five years or so, if that is what France expects.

If France cannot maintain her frontiers against attack, then she ought to be a mandate of the British Empire. She cannot continue to assert herself as a sovereign state and at the same time expect other states to maintain her independence.

Every small, independent state of Europe, excepting, of course, the states set up for the first time by the Versailles Treaty, has fought against overwhelming odds for its independence. The Dutch, the Belgians and the Swiss are the most notable examples of small states who have successfully maintained their sovereignty.

There is another aspect of the situation in Europe, generally speaking, that seems to be ignored. One of the attributes of a state is people or population. Unless there are enough people to occupy a given territory and hold it against other prospective occupiers, they cannot constitute a state nor even a nation. It is well known that the French for generations have practiced birth control or race suicide. Their population level is at a standstill and will presumably begin to fall. Their army or potential army at the present time is at its full strength.

What the wars of 1870 and 1914, and the alarm of today means is that France has not enough men to protect her own borders. Shall the United States deplete her own man power to protect the French or any other frontiers in Europe?

ELEANOR H. FINCH.
Washington, July 2.

Silver Price

To the Editor of The Post—Sir: There is no "world price" of silver. The United States Government has been paying foreign producers 43 cents an ounce, of which about 33 cents represents subsidy not only to the foreigners but to the domestic miners also. The domestic producers try to make us believe that their subsidy is only the additional graft which they do not share with silver producers abroad, whereas in fact they get both subsidies, totaling more than silver has ever been worth since the World War peak subsided to normal.

There used to be a world price for silver, running in a decade between 25 and 40 cents an ounce, but the shortsighted policy of the silver men forced China—formerly the great absorber of silver—to demonetize silver and forced other countries to diminish its use. Now there is practically no market for silver except the United States Treasury. The industrial uses of silver are trivial. For years the Treasury has been buying more than the world's total production. If Uncle Sam is able to break the grip of the silver grafters from his throat, silver will probably be quoted, not by the ounce, but by the pound.

Silver is a by-product of the mining of copper, lead, and zinc. Before your reporter attributes the operation of the mines and the increase in output to this silver subsidy, he should take a few looks at the prices of these other metals in 1933, 1937, and 1938. In 1937 American copper, lead and zinc were worth six times the silver produced, even at the racketeering price which Uncle Sam paid for silver.

The 'Silent Vote'

To the Editor of The Post—Sir: While the farmer and everybody else is getting all he can while the getting's good, a lot of them know it is the wrong way to run a government and that this country will soon go on the rocks if we don't have legislators with guts enough to quit this spending. No use talking about easier taxes; the place to attack is on the economy end. And a lot of labor organizations are sore because they have to pay for the right to labor and their patriotism is above the C. I. O. level. Their vote cannot be delivered.

There are a lot more people watching how Congressmen vote now on such matters as divorcing relief from politics and their attitude toward giving this country a sane and business-like government. These people don't have lobbies.

Too much spending is like the proposed item for relocation of highways to avoid congested areas that have grown up along the old highways that could be improved at a small fraction of the cost required to build joy-rider roads and take the traffic away from so many taxpayers that depend somewhat upon this highway traffic. The people along these old highways vote, and the density of the population is the excuse for moving the highways away from them. Isn't that absurd?

The next President will have a tough assignment, but if he goes into it with the idea of being only a one-termer and don't try to play politics, but does a job of curbing Government spending and restoring democracy in local matters like relief to the localities, he will come out a more popular man than you might think.

The Post Impressionist

Entomological Blues

THERE ARE 700,000 different kinds of bugs. We were astonished at the number because off hand we should have thought 700,000,000 to be the correct figure, having met every one of them personally since May 1—not only the ones who grow fat in our garden but those who grow thin around our electric light bulbs and who will not, if we can help it, acquire any excess avoirdupois from our winter clothes.

It is our fate to be haunted by even less real and therefore more terrifying figments of the imagination. You remember Mark Twain's story about the rhyme, "Punch, brothers, punch with care; punch in the presence of the passenjare," which would run through one's mind to the exclusion of all other matters until it was recited to someone else who would then become its victim until he recited it to someone else, etc., etc. We are possessed by a vision of

A knock-kneed centipede
Sitting on a chicory weed.

Perhaps we can be rid of it by the same method.

The first time we saw the insect in our mind's eye, it began to walk away from us as rapidly as it could go with 50 knees clicking against 50 knees. Pretty soon it became completely entangled and fell down behind a clump of sour grass. We retired with a nervous headache and fortunately didn't see him again for two days.

Under the circumstances it is very difficult for us to give our attention to the serious matters which the times thrust at us for our consideration no matter how hard we try to look the other way. But we may refuse to read a newspaper, disconnect the radio and yawn when our friends insist upon discussing world affairs; yet even the fat bee humming in the honeysuckle reminds us of how the world wags.

In the course of our preoccupation with bugs we came upon this arresting commentary in Needham's "Fresh Water Biology": "Then, too, they (dragonflies) eat other dragonflies, apparently preferring forms that are only little smaller than themselves. Hagenius, for example, eats Gomphus, and Gomphus eats Mesothemis, and Mesothemis eats Lestes, and Lestes eats Argia, and Argia eats Ischnura, and so on from the greatest even unto the least of them." This is the cycle we see everywhere. The cat leaped upon the baby mockingbird and has been dispatched by farm boy. Thus: birds eat bugs; cats eat birds; farm boys kill cats and what preys on farm boys we do not know; but certainly it must be something, for the cycle does not stop there; and how to overcome our essentially ruthless nature is our problem.

There does not exist the man who would not hurt a fly. Indeed, to say he would not is to call him a fool. Even the kindliest man isn't going to stand by and let the flies sample his Sunday dinner. Not only will he swat the flies, he may growl at his wife and fire the cook for letting the flies in in the first place when all the time it was he who left the pantry window open.

Before we could pursue these rueful thoughts further up popped our personal "ha'nt" laboriously negotiating the arm of our chair. Our subconscious had improved upon him in the two days. He seemed to be addressing us plaintively:

"I wish I had a prancing steed,"
He said, "and got about with greater ease
In spite of inter-knocking knees—"

While we blinked he was gone, but not for good.

And ants—"Ants are a curious race," says Robert Frost with his usual economy of words. Yesterday, descending to the cellar in quest of lunch we found a procession of ants coming in the window, down the wall, up the side of the icebox, across the front to the dry side and down into the midst of our larder. Millions of them were hurrying down into the box, and millions of them were hurrying up out of it, across and down the side and up the wall and out the window. The invasion had reached such a stage that no quick immediate measure could avail, so we watched for a while. This, we thought, must be the way the Egyptians looked when they were building the pyramids.

There are soldier ants, worker ants, nurse ants and mother ants, but no traffic manager ants. Some such official could have saved a great deal of the time the two lines spent zig-zagging around each other and bumping noses. Nothing in the ant's make-up tells him to keep to the right when engaged in an enterprise such as we were witnessing; but something perverse in our nature considered how we might get the idea across to them even though all the time we knew they were making off with minute globules of our best butter.

Finally we sprayed some insect-killer at just one point in the line of march and waited to see what would happen. The first ant who arrived at the danger zone, where 100 or so were trapped, turned tail without a wasted motion the way a racing swimmer does at the end of the tank. Back he zig-zagged against the line.

Did he give any alarm? Did he wig-wag his feelers at his fellow ants, "Turn back! Ahead lies disaster! The enemy has cut our base of supplies!" Not he, for he knew the best interests of the ant race would be served if he saved himself without delay. Unfortunately for the ant race those foragers have contributed their last to the colony's winter store.

To forget our part in nature's strange cycle we went out to cut some roses for the living room, and perched on a bud we found friend centipede. Said he wryly, as if no time had elapsed since his last remark:

"But the cost of boots, I fear
Would be 100 times too dear—"

Before we could recover and give him a brief lecture on money economy he punctuated his plaint with what we hope was his final disappearance. But long after we have ceased to ruminate on the ways of nature, his wistful accents will linger like the overtones of some sad, fantastic melody.

Fair Enough

Louisiana Situation

LOUISIANA newspapers and individual politicians of the opposition group are demanding that the Federal Government become a sort of receiver for their State government in order that there may be a complete, nonpolitical investigation of the conduct of State officers. The authors of this proposal have an optimistic faith that such an inquiry could not be impugned but, unfortunately, that confidence is not justified by past performances. However, the Federal Department of Justice has come under new management since the memorable income tax compromises which followed the assassination of Huey Long and the political reconciliation between his heirs and the New Deal. It is important that, for once, the Federal Government disregard politics and, with a clean sense of responsibility, wade into a foul mess with a determination to do a conscientious job.

Whether Frank Murphy has the character to do this remains to be seen. The situation should not be exploited merely as an opportunity to make political capital for him and to offset the paltry little Republican boom that has been created for Tom Dewey in New York. Even with the purest motives, Murphy is certain to be suspected, and for that he can blame President Roosevelt and Jim Farley, who openly associated with the direct heirs of the Long machine and played ball with them as soon as Huey was out of the way.

The Second Louisiana Purchase

THEY KNEW the character of these Long leaders and they knew what political perfidy they had taken part in so short a time before. They knew these men had not changed, and the reconciliation, which one of the Long heirs flippantly described as a second Louisiana Purchase, gave rise to a melancholy belief that, in politics, the New Deal placed expediency and co-operation above principle.

But someone must do the job in Louisiana, and with all the local factions involved one way or another, the inquiry and the prosecutions which are bound to follow must be undertaken by some authority outside the State and superior to the morally bankrupt State government. There is only one such authority. That is the National Government, and if the National Government cannot be trusted to run an honest investigation then the people will just have to fight their way out.

Most of the men involved on both sides in Louisiana now took part in the Long dictatorship and helped Huey to create a system of extortion and oppression which ran well as long as he was alive to keep discipline but which ran wild when he perished. Ever since it has been a case of every man for himself, and it would be naive to pretend that the New Deal has not known what has been going on in Louisiana since the purchase under the political and personal recognition of the Administration. These people, under Long's orders, had put through laws which permitted the machine to hire unlimited numbers of Long men in various departments and to prevent any inquiry into the accounts of the State government. They rigged the election machinery and established a party rake-off of every dollar paid to an officeholder or State employe and to most municipal employes.

Lunatic Asylums, Judges Bought Ads

GOVERNOR DICK LECHE'S political newspaper printed huge anniversary editions in which municipalities bought space for ads at the taxpayers' expense, and loan sharks, bankers, policemen, firemen, the political prizefight commission, the New Orleans sewage and water board, the port commissioners, the Congressional delegation, charity hospitals, lunatic asylums, colleges and even the judges of the State Supreme Court were represented with paid display ads. A subscription to Leche's paper was tantamount to a union card in Louisiana politics and jobs controlled by politics. Contractors who had participated in lucrative public improvement jobs at public expense were especially liberal in their contributions to these songs of praise and to the business office of the Governor's paper, which once boasted of Leche's ability to obtain millions of dollars from Washington.

James W. Noe, who now clamors for an investigation, himself once was a diligent political Black Shirt under the Huey, and did his bit to create the machine and the laws by which the machine would be permitted to loot without question or investigation. He was made president of the Win or Lose Oil Co., which Huey chartered with the right to drill in Louisiana's own Teapot Dome, a field on State property. He never wanted an investigation while Huey lived and he himself was politically in.

So Murphy seems to be elected, but the job is one to be approached with piety as a public officer and not with political cynicism as a New Dealer. It was only through cynical New Deal politics that this situation was allowed to develop.

2 Convicts Face Towson Kidnap Trial

Baltimore, July 3 (AP).—Two Michigan convicts, charged with kidnaping John Harrison at Towson four years ago, will be returned to Baltimore County for trial when their Midwest prison terms expire July 7.

Sheriff William Lynch announced he would return Hyman Coie and Julius Eisenberg, indicted for Harrison's kidnaping. Harrison, the father of seven children, disappeared July 10, 1935, in company with the two men, the State alleged. He has never been seen since.

'I'll Fight,' Tammany Chief Says

Sullivan to Seek Re-election, Battle Efforts to Oust Him

By Cecil B. Dickson,
International News Service Staff Writer.

Representative Christopher Sullivan, of New York, yesterday served notice on Democrats seeking to wrest control of Tammany Hall from him he would be a candidate to succeed himself as Hall leader in the September election.

The quite-spoken and mild-mannered Sullivan, who has served 21 years in the House without making a speech or granting an interview, said:

"I'll be a candidate to succeed myself and I'll be re-elected as leader."

Sullivan was asked about reports that Chairman James A. Farley, of the Democratic National Committee; Tommy Corcoran, Presidential adviser, and even President Roosevelt were seeking to depose him to grab control of Tammany Hall for the New Deal in the 1940 Presidential election.

All Just Talk, He Says

"All of that is just talk," Sullivan said. "The first thing any opponent has to get is the votes and I do not believe that any more than one vote will be cast against me. Thirty-five men will cast a total of 25 votes and I believe I'll get 25 votes."

Sullivan also was asked about his recent conference with President Roosevelt at the White House and whether a deal was worked out whereby a triumvirate, including himself, U. S. Marshal John J. Kelly and Representative James H. Fay, of New York, would be set up to control Tammany Hall.

"You can discount reports that there will be any change in the organization's setup," Sullivan said. "There is nothing to them. Some members love to talk."

Pressed as to whether he reached any agreement with Mr. Roosevelt about the Tammany Hall situation, Sullivan said:

"You know I served with the President in the New York Senate. We are old friends. We had a very fine talk and I think we understand each other."

Sullivan stressed that he was in the fight for the Tammany leadership to stay, when he was asked whether he intended to resign or retire.

Successor to Dooling

"I'm going to stay in the fight as long as my health holds up," Sullivan said. "I'm going to stay leader as long as I can."

Sullivan became leader in 1937 following the death of James J. Dooling and has spent the intervening time in an effort to rehabilitate the organization following its mayoralty defeats in 1933 and again in 1937. He is 69 years old and looks fit.

Some of the younger members of Tammany have sought to unseat Sullivan on the ground that he is too cautious and lacking in force. Chairman Farley talked the situation over with young Representative Gavagan, who represents the Harlem district. Tommy Corcoran and the New Dealers have pressed for the election of Fay, who succeeded John J. O'Connor, New Deal purgee, in 1938.

Gavagan and Fay, however, ran immediately into opposition among the Tammany leaders in New York County, and have urged their friends to withhold any move that might be interpreted as against Sullivan.

Sullivan operates quietly in Washington, but he is a member of the House Ways and Means Committee, and as such is second ranking man on the Democratic group that fixes committee assignments. In addition, he is a close personal friend of Representative Tom Cullen, of New York, leader of the powerful Brooklyn delegation in the House and also a member of the Ways and Means Committee.

Mrs. Rose Moore, 87, Has 99 Descendants

Federalsburg, Md., July 3 (AP).—Mrs. Rose Moore, 87, counted family noses today and found she had 99 descendants—believed the largest group of living lineal descendants in Maryland.

Death has twice robbed Mrs. Moore of her ambition to see her family counted in three figures. The count stood at 99 when her son, Benjamin Moore, died in 1937. The birth of a great-great-grandson last summer boosted the figure to 99 again, but the infant died before a great-grandchild was born.

Life's Darkest Moment

John Walker, Virginia Polo Player, Dies

Game Injuries Fatal To Fauquier-Loudoun Team Veteran

By the Associated Press.

Harrisburg, Pa., July 3.—John F. Walker, 59, Marshall, Va., horseman and farmer, died today from the injuries of an accident on the polo field.

Walker, a back on the Fauquier-Loudoun team from Virginia, was thrown from his mount and crushed in a game with West Shore Rangers of Central Pennsylvania last Saturday.

Mr. Walker had been an active polo player in the Warrenton area for years and was one of the oldest players in the game.

Surviving are his wife and one daughter, Frances, both of whom went to Harrisburg when advised of Mr. Walker's injuries.

The funeral will be held Wednesday at Marshall.

Mrs. Mary McGee

Keyser, W. Va., July 3.—Services were held today at Kelley Chapel, Russeldale, for Mrs. Mary Martha McGee, 65, wife of George S. McGee. Burial was in Arnold Cemetery.

Mrs. Christina Lathrum

Cumberland, Md., July 3.—Services were held today for Mrs. Christina Jane Lathrum, 75, wife of Robert Lathrum, Virginia avenue, and active in St. John's Lutheran Church.

Mrs. Helen Morgan

Cumberland, Md., July 3.—Mrs. Helen Bellamy Morgan, 79, wife of William L. Morgan, assistant treasurer of the Liberty Trust Co., died at her home here yesterday.

Hillsville, Va., July 3 (AP).—Dexter Goad, 73, Carroll County Commonwealth's attorney and a former clerk of the County Circuit Court, who died of a heart attack Saturday, was buried here today.

Goad was clerk of the court during the Allen trial, in 1912, and was wounded in the courthouse shooting fray in which several persons were killed.

He served one term in the House of Delegates at the beginning of the century.

S. K. Cassell Heads AAA in Virginia

Blacksburg, Va., July 3 (AP).—Stuart K. Cassell, of Wythe County, has been appointed State executive officer of the Agricultural Adjustment Administration in Virginia, succeeding William H. Daughtrey, who has resigned to accept a position with the Farm Security Administration at Raleigh, N. C.

Cassell's appointment became effective July 1. His headquarters will remain at Blacksburg and he will continue as secretary of the State AAA committee.

'40 Primaries May Indicate Nation's Choice

Voters to Instruct Half of Delegates To Party Conventions

By the Associated Press

Party primaries next spring in a dozen States, where voters give direct expression to their Presidential nomination preferences, may serve to shape American political destiny in 1940 more than the maneuvering of party captains, national or local.

While only a fourth of the States give party voters a direct voice in picking Presidential tickets, virtually half of the delegates to the Republican and Democratic National Conventions will be chosen by the primary method. If there is a popular demand of nation-wide scope for nomination of any man, it should be reflected in those dozen preferential primaries next March, April and May.

The size of the relatively few States employing the preferential primary system gives them about 50 per cent of the delegates in each convention.

Among the States in which the question of first and second choice for Presidential nominations will be put directly, or indirectly, to primary voters are Massachusetts, New York, New Jersey and Pennsylvania, in the East; Illinois, Ohio, Nebraska and Wisconsin, in the Middle West; California and Oregon, in the Far West, and Florida and possibly Georgia and Alabama, in the South.

Reflects All Sections

That represents a canvass of national party sentiment reaching every section.

There were 1,100 votes in the 1936 Democratic Convention and 1,003 in the Republican. That will be about the size of the two conventions next year. With approximately 500 of those votes in each convention in the hands of delegations holding direct instructions from party voters at home, those 1940 primaries could be the dominant factor in both.

In any event, the map of those dozen preferential primaries of 1940 is already shaping campaign plans of workers for every potential Presidential candidate. It is from many of those States that reports of the most intensive activity to attract voter attention come, whether in behalf of Democrats like Garner of Texas, or McNutt of Indiana, or Republicans like Vadenburg of Michigan, Taft of Ohio, and Dewey of New York.

Rule Change Factor

Up to the 1936 Democratic Convention which renominated President Roosevelt, the preference primary vote in those States using that method was less important to the Democrats than to the Republicans. The century-old Democratic Convention rule requiring a two-thirds vote of the convention to name a Presidential ticket was eliminated in 1936.

There has never been any doubt in the minds of political observers that in urging elimination of the two-thirds rule, Mr. Roosevelt was looking beyond his second term to retaining New Deal control of the party in 1940.

To obtain a third nomination for himself or to pick some other candidate acceptable to him as a liberal, Mr. Roosevelt needs only to muster a majority of the 1940 convention, if it adopts 1936 convention rules. There have been whispers that anti-Roosevelt party factions might make an effort to restore the two-thirds rule as the first skirmish of a "stop-Roosevelt" or "stop the New Deal" effort. The trend in the 1940 Democratic primaries in those dozen popular preference States could be decisive either way.

3,400 D. C. Area Boys To Encamp at Meade

Fort George G. Meade, Md., July 3 (AP).—A small army of boys—3,400 strong—will move in on Fort Meade Thursday to begin a 30-day course at the largest Citizens Military Training Camp in the Third Corps Area.

Fourteen infantry companies, two signal companies and a band will be formed. Represented by States in the area will be: Pennsylvania, 2,469; Virginia, 558; Maryland, 306; District, 131.

Ickes Complains

By Mark Sullivan

No Self-Interest

I HAVE a letter, from Secretary of the Interior Ickes. He asks me to correct something.

I wrote, not meaning to be taken too seriously, the following:

"Secretary of the Interior Ickes writes in the periodical Look a call for a third term for Mr. Roosevelt. . . . Did Mr. Ickes write it of his own accord? . . . Quite possibly Mr. Ickes did it on his own—he has the directness and naive simplicity implied by the term 'Honest Harold' . . . He may have written that magazine article on his own initiative. Yet I here present a tip to the future historian. Search carefully to find if, before Mr. Ickes wrote that article, there was consultation between him and the . . . White House janizaries who, like Mr. Ickes, face the grim bleakness of private lives unless they can keep Mr. Roosevelt in the Presidency . . . Merely for the sake of historical detail, one would like to know whether Harold consulted with the circle of White House intimates. If Harold says he didn't, that settles it—Harold is honest."

I wrote that, and Mr. Ickes thinks it does him harm. He asks for correction and is entitled to it. He says he wrote the third term article wholly on his own, without any suggestion from, or consultation with, any of the group I mentioned, or anyone else, except that the editor of Look asked for the article.

Mr. Ickes says I did him a further injustice. I wrote that when a member of Mr. Roosevelt's Cabinet advocates a third term, the motive of self-interest is present—"for unless Mr. Roosevelt stays in the White House, Honest Harold does not stay in Washington."

'Cheap Taunt,' Says Ickes

This, Mr. Ickes says, is a "cheap taunt." He denies the motive of self-interest. He says he advocates a third term because "Franklin D. Roosevelt is the man best qualified to serve us for another four years as President."

Again, Mr. Ickes is entitled to have his denial printed. Yet motive is a mysterious thing. Few of us can be absolutely sure about the exact motives that move us to any act, or the exact proportions of several different motives for the same act. However, Mr. Ickes is entitled to his statement of what his motive was.

Mr. Ickes writes further:

"I suspect that if my paramount interest were in continuing in public life in Washington I would not be committing myself just now to the candidacy of any man, even if that man happened to be the President of the United States. I would 'play the game.' I would establish myself on friendly and enthusiastic terms with all possible candidates, and I would try cannily to jump aboard the band wagon of the right man at the right time. This is what I would advise anyone else to do whose real consideration was public preferment for himself, and I think that you would too."

With that, Harold, I can't quite agree. True, the technique for acquiring appointive office which you describe is standard practice for a large class of cases—for men not now in office and ambitious to get in. But it is not the way for you in your present situation. Excepting Mr. Roosevelt, there isn't anybody likely to be President who would be apt to retain you as Secretary of the Interior, however good a one you may be. If Mr. Roosevelt goes, you go.

The remainder of Mr. Ickes' letter deals with the time when he and I were buddies at the battle of Armageddon, under the captaincy of Theodore Roosevelt. Recalling that youthful comradeship in arms, I especially regret having done hurt to Mr. Ickes, however unintentionally. What I wrote was largely in the spirit of "kidding." Possibly, since the time when we used to sing "The Battle Hymn of the Republic" together, either I may have lost the art of kidding, or Mr. Ickes may have lost some of his appreciation of that diversion.

A Difference In Terms

Probably this is a good occasion to state the distinction between the third term that is proposed for Franklin Roosevelt, and the third term—if it was a third term—that Theodore Roosevelt sought. Among several differences are these:

Theodore Roosevelt had not served two full terms. He had served part of a term by reason of being Vice President when President McKinley was assassinated. He had served only one term by election of himself as President.

Theodore Roosevelt had left the White House and spent four years in private life before he sought what was called a third term. That makes a wide difference.

There are other differences. One is in the nature of the times. At this moment, everywhere in the world, institutions of government are under attack. With us, the tradition against a third term has almost the sanctity of a formal institution. If this one of our institutions goes, the rest will be harder to defend. If President Roosevelt, instead of being meticulous to preserve our traditions, deliberately destroys this one; if he takes a step which by its very nature must be in the direction of one-man, authoritarian government—if Mr. Roosevelt does that, every believer in authoritarian government everywhere will say the American democracy is taking a step in the direction that other democracies have gone.

Then And Now

By Barnet Nover

The Change Since Munich

IN THEIR strenuous and wholly laudable efforts to persuade Germany that they mean business this time, Great Britain and France are plagued by the past.

The governments in office in London and Paris today are the very ones which, except for minor changes in personnel, abandoned Cecho-Slovakia to her sorry fate, closed their eyes to German and Italian intervention in Spain, accepted Hitler's paper pledges of peace as binding and for months after the danger of such a course had been demonstrated, continued to pursue a policy of appeasement.

Adolf Hitler is aware of this. And he is also aware of the fact that for almost eight years Great Britain and France have allowed one act of aggression after another to go uncontested and unchallenged.

THEREIN lies the greatest danger in the European situation today. Because of the pusillanimity and weakness they displayed in the past, Hitler may be tempted to discount the strength and firmness and determination which Great Britain and France are manifesting today.

Why, he may be asking himself, should Great Britain and France go to war over Danzig when they surrendered the Bohemian bastion without a fight, permitted Gibraltar to be ringed round with hostile fortifications, allowed the Japanese to pursue an uninterrupted series of aggressions in Eastern Asia and made only feeble and half-hearted attempts to prevent Mussolini from establishing himself in Ethiopia?

The Fuehrer's answer may be that what happened in the past will happen again, despite the strong warnings emanating from London and Paris that this time it will be different.

INDEED, the very ardor with which Messrs. Chamberlain, Daladier and their colleagues are waging their present peace offensive makes it plain that they are fully aware of the possibility that Hitler will misinterpret their real attitude.

A long time ago Bismarck pointed out the importance of imponderables in international affairs. But he was one of the very few German statesmen ever to take them into account. An understanding of the psychology of other peoples has never been the forte of Germany's political leaders.

WHAT HITLER and his advisers may be forgetting is that the statesmen of democratic lands not only lead, but also follow.

Except that he is older, Neville Chamberlain may be precisely the same individual that he was at the time of the Berchtesgarden and Godesberg and Munich parleys. But, as prime minister of Great Britain, he cannot ignore the change in the British attitude since the last great European crisis.

At the time of the Munich settlement, British opinion was divided. A large number of Englishmen were convinced that the cession of the Sudetenland was in the interests of peace or, at least, that Great Britain had no business contesting that cession by force of arms. This element was particularly strong in government circles.

The change, since then, has been striking. There is not a newspaper, not a public man of any importance in the kingdom, not a party or a sizable fraction of any party which now favors appeasement. The country is united as never before in favor of resistance to aggression, cost what it may.

This view has been reflected not only in a long succession of speeches by government leaders, including Premier Chamberlain and Lord Halifax, but by such acts as the alliances with Poland and Turkey, the guarantees extended to Rumania and Greece, the negotiations with Russia, conscription and the mobilization of the fleet.

The same is true of France.

IN ONE other important respect has the situation changed radically since Munich.

The fate of Czecho-Slovakia constitutes a warning which Poland cannot but take to heart. Czecho-Slovakia did not and, given the ambitions of the Third Reich, could not survive the loss of the Sudetenland. By the same token, Poland's independence would be difficult to maintain after the annexation of Danzig by Germany and the almost inevitable sequel of the loss of the Corridor. And if Poland resists any attempt to modify the status quo in Danzig, as there is every reason to believe she will, the fat will be in the fire.

Now it can be taken for granted that neither Poland nor Great Britain nor France wants war. Everything they are doing now is, in fact, designed to prevent war by preventing a situation from arising in which war would be the inevitable outcome. But it would be mistaking the present temper of those nations to assume, as some of the Nazi leaders appear to do, that they will not fight if put to the test.

IN THIS GRIM situation the United States has been placed in a sorry position by the action of the House of Representatives on the neutrality bill.

It is a naive assumption that simply by withholding arms and munitions (but not implements of war, raw materials and foodstuffs) from belligerents the Nation can be assured of non-intervention in a conflict of major magnitude abroad. Sale of American arms and munitions to warring nations played only a small part in our role as source of supply for the Allies during the war and will probably play an even less significant role in the next conflict. And should war break out, the passions such a conflict would engender here might sweep what legislative restrictions there are to unhindered trade with the powers in control of the seas.

The importance of the House's action lies not in what effect it will have on the United States at sometime in the unforseeable future, but the bearing it has on the present situation. That is anything but good. For, as the Italian press makes clear in jubilating over the fate of the neutrality bill, the action of the House may encourage the aggressors, and thus may prove a factor not for peace, but for war.

At the moment when Chamberlain and Daladier, and their governments, have turned their backs on appeasement and are trying to prevent war by taking a firm stand, the House majority insists that the United States take the road to Munich. It doesn't make sense.

Alexandria Building Activity In 1939 Doubles 1938 Mark

The Washington Post Bureau,
907 Prince St., Alexandria, Va.
Phone Temple 3787
Delivery Service, Phone Alex. 347.

Cost of Alexandria building operation for the first six months of 1939 totaled $2,569,399, according to a statement by Building Inspector A. R. Lash yesterday. The figure for the same period in 1938 was $1,357,866.

In the month of June the building operations totaled $560,749, which represented 47 permits for new construction costing $535,340, while 40 permits were for alterations and repairs to cost $35,409.

The division for the months is as follows: Thirty-two permits for single-family dwellings, costing $210,530; 1 permit for three apartment units, to cost $173,900; 40 permits for alterations and repairs to cost $35,409.

In the last week of June $95,105 in new construction and $5,792 for repairs and alterations were recorded.

311 Deeds Recorded

The office of the clerk of the corporation court in June recorded 311 deeds.

The clerk, Elliott F. Hoffman, also collected for the State $1,968.20. This was from tax on deeds, suits, marriage licenses, fines and delinquent taxes, together with hunting and fishing licenses for the period from April to June 30. There were 10 wills probated and 27 suits filed.

Policeman Reminds Drivers

Policeman Fred Baker is rounding up automobile owners who have failed to purchase a city license, which was required by April 15. Records show approximately 500 automobile owners who have failed in this fee payment.

Each year the city is compelled to assign a policeman to the task of notifying persons who have failed to purchase the city tag. All delinquents now are required to appear in police court in answer to the summons.

The funeral of Miss Clara Archie Moore, who died on Sunday, will be held tomorrow afternoon at 2 o'clock from Christ Episcopal Church. Burial will be in the family lot in Sandy Spring, Md. The services will be conducted by the Rev. Harry Lee Doll, and Bishop William A. Brown, of Portsmouth, Va., a cousin of Miss Moore.

Car Runs Wild

A visitor dropped in on Judge William P. Woolls rather unexpectedly last evening. John R. Mose, of 205 Washington avenue, Alexandria, failed to negotiate the turn at Walnut and King streets and his car rolled down a steep incline into the judge's side yard. Mose was unhurt and the automobile escaped damage.

band, by train.

Finally, Dr. and Mrs. Smith signed waivers, and were driven away in their own sedan, which Smith bought before entering Canada last week. The plane left Ottawa tonight to return to Baton Rouge, said Roden, and will not take on any passengers.

Route Kept Secret

Roden, accompanied also by Bryan Clemmons, special investigator, declined to disclose the route they would take to Baton Rouge or where they would stop for the night.

Earlier, Smith conferred with three Federal revenue agents and James N. Nicholson, of the Federal Bureau of Investigation, who were studying his income and financial affairs.

Jurisdiction a Problem

By the Associated Press

Baton Rouge, La., July 3.—Richard W. Leche, Governor until a week ago, indicated today his readiness to appear before the parish grand jury which has returned five indictments in its inquiry into financial affairs of Louisiana State University and its former president, Dr. James Monroe Smith.

Meanwhile, a question arose—as yet unsettled—whether Federal, State or parish authorities would take jurisdiction.

The parish grand jury will reconvene Wednesday for further examination of witnesses. Smith, his wife, two relatives and Smith's broker have been indicted.

The United States district grand jury, examining witnesses on charges involving WPA activities at L. S. U., also was in adjournment over the holidays.

Arnold Raum, assistant United States Attorney General, arrived from Washington and conferred with A. D. Burford, Treasury Department investigator, and F. W. Lohn, of Dallas, agent in charge of the intelligence unit of the Treasury Department there.

The Once Over

By H. I. Phillips

The Loan

How's business?

Awful. I'm so broke I can't get anywhere.

Let me lend you some.

But you're over your head in debt, too.

That doesn't make any difference. All the books I've used so far show me broke, but I'll use a new ledger. In fact, I won't even keep it on the same shelf with the others.

I don't quite follow you.

To make you feel better about it, I won't even keep the new ledger in the same room. This will make any loans to you completely new and unrelated to any business I've previously done with anybody.

That's better. It will help to fool us both. I wouldn't want to accept a loan from you and feel you were being fooled and not me. Either we're both fooled or I won't accept the loan.

Fine! How big a loan would you like?

How big a loan have you got?

There is no limit to what you can have for whatever you don't need out of money I haven't got.

Could I have $1,000,000?

Certainly, and do you know why I don't even hesitate?

No.

You're a self-liquidating type.

Just what is a self-liquidating type?

A type that pays everything back. You will pay everything back, won't you?

If my ideas for expanding prove sound, if collections come in all right, if I make the profit I expect, if we have recovery, if I am not taken sick, if there is no world war and . . .

That's what I mean: absolutely 100 per cent self-liquidating! I wouldn't be taking any chances on you at all, understand?

But what about you? You've made heavy loans to a lot of others.

Not loans, please; investments is the word.

O. K. Suppose they should all go bad at once, and my business shouldn't do well, either?

Your loans would have nothing to do with the others. It's a new system.

Maybe I'm foolish to quibble, but when you as a lender go broke don't you go broke all over? I mean, you can't just go broke here and there, can you?

Of course! It's just a matter of bookkeeping. You keep books, don't you?

No. I never bother with 'em much.

Neither do I. We'll get along as borrower and lender without any trouble whatever. Do you understand it clearly?

Who?

Bug-Out Busters And Clod-Melter Please the Shore

Princess Anne, Md., July 3 (AP).—This may be the Fourth of July holiday to the rest of the Nation, but it's thanksgiving for Eastern Shore farmers, because they had two "bug-out busters."

"Bug-out busters," be it known, are heavy rains that come in the growing season when the inroads of insect pests are heaviest. The sho'men explain that the rain causes the plants to grow fast enough to more than balance the insect depredations—hence the term "bug-out buster."

A two-month drought, plus unusually heavy infestations of insect pests, threatened truck crops on the prolific Eastern Shore.

The first rain last week was called a "clod-melter." Farmers said they had been "rolling the same clods around for two months" doing their cultivating. The second, the "bug-out buster," was held to have assured the success of the crops.

The drought had boomed prices in the area.

Mary Haworth's Mail

Greatly Attracted by Man Who No Longer Calls Her, Girl Wonders if She Should Ask Him to Party

DEAR MARY HAWORTH: About a year and a half ago I met a young man who interested me from the start. He told me that he liked me a great deal and that he would like to go with me steady. However, he only called me a few times—about four times in all—although he seemed to enjoy these visits very much. Twice I have met him on the streets and he seemed overjoyed to see me. He has often inquired about me through a mutual friend, and this friend says he still asks about me, although he hasn't telephoned me since January.

He is the only boy I have ever really liked and that is why I cannot forget him. This is my problem: There is going to be a large beach party in a few weeks, to which all my girl friends are inviting their favorite beaux. I have many other boy friends but I would prefer to take this man. Would it be wrong for me to write him a note, or telephone him, asking him to go with me? My friends say it would make me appear overanxious, since he has made no effort to see me for months. I don't know what step to take and your advice will be greatly appreciated. M. M. F.

DEAR M. M. F.: In my opinion, artificial considerations of stilted coyness should not be permitted to shrivel friendship. Since it is your privilege to ask whomsoever you please to the beach party, and since your enjoyment of the occasion would be immeasurably enhanced if this man were present, and since he has, in the past, conclusively demonstrated a friendly interest in you, I see no reason why you should not obey your spontaneous impulse to designate him as your first choice. After all, in so doing you would only be returning a compliment he has several times paid you.

As to the manner of extending the invitation, I think a telephone call is preferable to a note. It has an air of being much more casual and impromptu, of being done on the spur of the moment, and, furthermore, does away with the embarrassing suspense for you of waiting anxiously for an unpredictable reply. If he is obliged, by reason of a rival romantic alliance or because of a previous engagement, to decline the invitation, an amiable understanding can immediately be achieved by conversational means which could not be duplicated in a written exchange.

You need not say that he is your first choice. Just say that you had thought he might enjoy it and that you would love to have him go. If he sidesteps, with embarrassed explanations, cut in sweetly with, "But, of course. I understand. Well, too bad. Perhaps another time—." And after some additional inconsequential chit-chat, sign off.

If and when you telephone, for heaven's sake don't begin by saying, "Guess who this is!" And don't say, either, "This is Mary Smith. Remember me?" Identify yourself at once in a matter-of-fact way—taking it for granted that of course he remembers you—and proceed straight to the point. If a turn-down is forthcoming, accept it with imperturbable poise and complete good grace. Let no trace of discomfiture or diminution of friendliness register in your concluding remarks. If, regardless of the outcome, your approach is sustained throughout on a cordially casual level, his erstwhile interest in you will be strengthened, rather than lessened. M. H.

Unique Interference

DEAR MARY HAWORTH: An old friend of mine got married recently. Now, whenever I write to him, his wife answers his mail. I just don't get the sense of it. Is this a new mode that I hadn't previously heard about? RALPH L.

The Spider Woman

DEAR RALPH L.: This particular form of matriarchal enterprise is as new to me as it is to you. Offhand, I should say that your old friend has married the spider-type of woman, who figuratively devours her mate by divesting him of all autonomic attributes. I have known a few women who had "moved in on their husbands' personalities," (as I once heard a man express it) to the extent of censoring their friendships, dictating their actions (diplomatically or bluntly), taking charge of their conversations and even essaying the role of interpreter of their thoughts—if and when they ventured tentatively upon an exchange of ideas with some loyal, long-suffering friend.

However, I had never, until now, heard of a wife's usurping power-of-attorney in her husband's social correspondence with other men. I guess you will just have to give the poor fellow up for lost. If he will not assert himself, there is nothing you can do to improve the situation. He is in somewhat the position of a housefly caught in a pint of warm molasses. M. H.

Miss Haworth will be glad to help you in solving your problems. Write her in care of The Post Woman's Page.

A Woman's New York

Dances Help Soothe Mentally Ill at Bellevue

By Alice Hughes.

New York, July 3.

IN THIS mad and frantic city an exceptionally large number of people go slightly off their rocker. The nervous tension of life here, with its furious pace and the attempt of the citizens to get somewhere quickly than normal, often leads to mental disaster. When this happens, the chances are that the victim winds up in the psychiatric ward of one of our great institutions—Bellevue Hospital.

The director of the psychiatric division is a wise and kindly man named Dr. Karl Bowman. As this new science and art advances, Dr. Bowman is more firmly convinced that the more common forms of mental disturbance are most successfully treated by having the patients mingle socially with each other and with the younger members of the medical staff. This, he feels, takes them out of themselves and plays a definite part in their cure. One of the features of the social life in the psychiatric division is a tea party held once a month, at which the feminine patients dance with the young interns, drink tea or play cards and checkers.

The 75 I saw at the party I attended were not of the violently disturbed type. Some of them, of course, are subject to mild hallucinations, but in general they are very quiet and greatly enjoy their monthly shindig. The young doctors are very tactful and tricky. If they see a young girl being a wall-flower, they will go over to her and say "Would you mind teaching me to dance?" Nine times out of ten she says she will, and teaches the young medico the rudiments of the waltz, which he already knows perfectly well. Mental illness, from any point of view, is a great tragedy, but the new forms of treatment at Bellevue are filled with hope, and even good cheer. There is something about music that soothes and encourages even the mentally ill.

The handsome, bronzed young men in uniform noted about our streets recently are second classmen from Annapolis, here aboard six destroyers on their annual summer cruise. As far as I can see, they haven't lacked attractive feminine companionship. And, after all, why should they?

YOU may remember the late lamented Hilda, the girl elephant, who was cruelly done to death by her boy friends at the Brooklyn Zoo. Poor Hilda has now become billfolds, passport cases, cigarette boxes, lamp stands and other useful and attractive items, all of which are the property of one famous Fifth avenue store.

Sister Act in Pique

There is nothing quite so brilliantly white as pique, especially when used in long robes, gowns or coats. The sister act (above) of matching pique housecoats is no exception. Both are in convenient sizes, 12 to 20, and are carefully tailored, suitable for a travel wardrobe or for loafing about the house. Eyelet embroidered bodices and velvet sashes are decorative notes. The wrap-around model at left, minus the sash, would double beautifully for a summer evening coat

Places to Sit Vital for Picnics; Folding Chairs Best

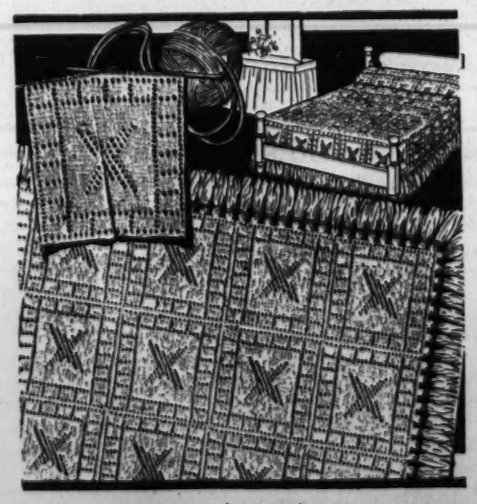
By Elizabeth MacRae Boykin.

THE MEN are always making remarks about the parties where they have to teeter plates on their knees. But we don't notice that such men mind enough to stay home or skip the food. So we just put such talk down under the heading of passing the time of day and let it go at that.

As a hostess, the only points we really make are that there is plenty of food and enough chairs. The food end isn't so hard, but we'll admit that we've been stumped a few times by the seating question, especially when it's an outdoor lawn party. We've never tried the method of some of our Greenwich Village friends, who, in emergencies, put two boxes along the wall with a plank between and an India print print thrown coyly over. This works fine providing somebody doesn't get up suddenly at the wrong time—that can upset the whole works.

It's simple enough to say—"Keep lots of extra chairs on hand." But that implies a place to put them between times. Folding deck chairs are probably the best solution, because they do pack out of the way in fairly small space. But the other day we saw an even better idea . . . summer lawn chairs made to nest together so that four or six of them actually take up no more space than one chair. Still another solution is to have a lot of plain, wooden picnic benches—these can be shoved under a trestle table or else they can pack up in small quarters.

This Knitted Bedspread Is Easy for Beginners



By Alice Brooks.

KNITTING WITH two strands of string speeds the making of these 10-inch squares that even a beginner will show with pride. Keep one of these easy squares at hand to fill odd moments—you'll be surprised how many you'll get done. Before long you'll have enough to join into a lovely hand-knitted bedspread or scarf. Pattern 6411 contains instructions for making the square; illustration of it and of stitches materials needed; photograph of square.

To obtain this pattern send 10 cents in coin to The Washington Post, Household Arts Dept., 259 W. Fourteenth street, New York, N. Y. Be sure to write plainly your name, address and pattern number.

Closed Door Keeps Ice-Box Cooler

To get the best results from the household refrigerator it is well to decide in advance which foods are to go in and which ones to be taken out instead of pondering the question while the door is open. Every time that happens the temperature goes up and the longer the door stays open the higher up it goes. Another wise precaution is to make sure that cooked foods are well cooked before putting them into the food chest, otherwise the heat and moisture generated will also cause the temperature to rise.

Perishable food always should be placed in the refrigerator as soon as possible. Raw fruits and vegetables are best washed first under running water and the outside of milk bottles wiped with a damp cloth. Left-overs should be cooled, if necessary, and placed in spotless, tightly covered containers to keep odors from escaping and uncongenial flavors from mixing. Foods with strong odors, such as cheese, if put into the refrigerator, should be kept on a top shelf.

The Gentler Sex

By Malvina Lindsay

'It's Up to the Women'

A RINGING challenge to the womanhood of America to make everything right in the world was voiced by Mrs. Henrietta DeGoofey yesterday in her annual Fourth of July oration. She also made an implied bid for the Presidency of the United States.

Mrs. DeGoofey

Mrs. DeGoofey spoke at the annual picnic of the Do Something About It League, of which she is founder and president. The picnic was held on the third rather than today "to avoid the crowds and insure more dignified publicity," the famous reformer explained.

Wearing the cap and gown in which she recently received her honorary degree of doctor of reform from Spoofem University, Mrs. DeGoofey made a militant appeal to women to "do something about the way things are going."

"As the representative of 10,786,431½ dauntless house-mothers," she declared, "I say it is high time that the women of this country put Charlie McCarthy in his place!"

Glamour Girls Give Her a Pain

"Another thing," said Mrs. DeGoofey, "I feel that most of us are completely fed up with reading about Brenda Frazier. Now in the name of Americanism—that is the right kind of Americanism—and by the way if you will pardon a personal reference, that reminds me of what my little 3-year-old grandson said the other day—but wait just a minute! WHERE is the microphone?"

The address was held up temporarily until the microphone was installed on the platform.

"Now then as I was saying," continued Mrs. DeGoofey, "if we are not going to lie down and pusillanimously surrender to the invading Martians, we have got to do something about the way guests at Washington social functions rush the refreshment table. Things have come to such a pass that there is no longer safety of life or limb at events at which food is served. Now in the name of those brave mothers who sent their sons overseas to fight on foreign soil, I ask you, is that democracy?"

"NO!" shrieked the audience.

"I say to you that the time has come when women can no longer lie supine on their chaise longues and let the men run the country to rack and ruin. Now may I say at this point, however, that I have nothing against men personally. They mean well, but the thing that they need is intelligent direction.

Men Spectators Are Overcome

"Wives, mothers, sisters, sweethearts, I ask you—WHAT are we doing as a sex to improve the quality of magazines in dentists' offices? What as exponents of the American way of life are we doing about the rising skirts on bow-legged women? What as descendants of those intrepid pioneer mothers are we doing about the fact that a decent can opener has not been invented? What as mothers of the nationhood of tomorrow are we doing about the housecoat situation, the backyard eating menace, the alarming increase of masters of ceremony, this eternal publisihng of photographs of beauty queens? I can tell you—we are doing nothing!"

In the demonstration that followed, six husbands who had accompanied their wives to the rally, fainted.

"Women of America," shouted Mrs. DeGoofey, "in the name of Old Glory I call upon you to do something! A stitch in time saves nine! Also a rolling stone gathers no moss! I say it is up to you to do something now—at once—about the undependability of elastic in panties, about the way slips sag at the sides, about the increase of watercress sandwiches at teas, about the decreasing amount of chicken in chicken patties, about the growing prevalence of male octogenarians on dance floors, about the—oh, there are so many serious matters calling for our attention that it would take me hours to enumerate them. I can only say that if I were just given the proper authority to act—things would be different!

"In conclusion, may I leave you with just one thought—June, 1940, is approaching! I thank you."

Your Figure Madame!

By Ida Jean Kain.

Swim Your Way To a Lovely Figure, Miss Kain Advises

NOW, JUST in case you think your figure is hopeless, take a glance around today at the bathing beauties! Figures don't lie in swim suits and the array of avoirdupois at any beach is something to marvel at.

While it scarcely seems possible, most of these women were once beautifully slim. Some of them had 23-inch waistlines and 34-inch hips . . . and now some of them have 34-inch waistlines. But they are no argument against swimming! They don't go near the water—apparently they don their suits to eat a hearty picnic lunch.

Don't Eat—Swim

If you want a lovely figure, swim. Swimming is the best hot weather exercise there is. It keeps you cool, burns calories and streamlines your figure. Swim three times a week this summer and you can skip the calisthenics.

The arm and leg strokes pull you out slim in the middle and zip off that cumbersome spare tire. The reach of the arms improves bust and shoulders. Kicking flattens the tummy and slims the hips.

While toning up your muscles, this program of streamlining does other nice things. It shifts your weight around—takes off fat where you are bulgy and puts on curves where you are bony—so it is equally good whether you are too buxom or on the thin side.

If all these thin girls with shallow chests (who complain so bitterly of their lack of curves) would swim a lot this summer, they could have very nice figures by fall. Swimming not only puts weight on in the right places, but it straightens out posture faster than any other exercise and shallow chests and rounded shoulders usually go together.

Don't Try to Set Records

But one of the best things about swimming is the way it helps you to relax, and, discounting figures entirely, it is just the thing for the tired business woman and the harassed housewife. If you are inclined to be tense, do not swim as if you were trying to set records. Take it easy.

Of course, swimming gives you an appetite—which is fine for the thin girl. But you can't swim and eat as you please and lose weight! You will find the answer to your weight problem in the new "Summer Slimming Menus"—and they will take care of your appetite, too!

Erect Posture for 'Little Girl' Styles

Hollywood, Calif.—All the little girl fashions, so important now, require what Priscilla Lane calls a military school carriage. Her pre-breakfast exercises to strengthen the spine and keep it straight are simple.

She stands erect with hands clasped behind head, bends over forward as far as possible and returns to position. She repeats several times, then transfers hands to hips. She alternately bends forward, backward, to left, to right, as far as possible, repeating a number of times.

The Homemaker

Simple Porch Summer Menu Given by Home Economist

By Martha Ellyn.

The Post Food Editor.

Favorite recipes of leading home economics of Washington will be featured daily in the Homemaker.

SUMMER is the time for porch suppers. Miss Katherine R. Smith, who is in charge of the Service Kitchen, National Canners Association gives The Post food readers a menu that is suitable for either a porch or buffet supper. Miss Smith is a native of Kansas and a home economics graduate of the University of Minnesota. Following her graduation she was college consultant with the Women's Home Companion; next a staff member of the test kitchen, Farmer's Wife Magazine, St. Paul, Minn., and one year ago joined the home economics staff of the National Canners Association.

Miss Smith

Porch Supper

Miss Smith's menu and recipe which follow can be prepared with a minimum of work and time, making it ideal both for the homemaker and the business girl.

Menu

Iced Fruit Juice Wafers
Salmon Ramekins
Tossed Salad Greens with Vegetables
Dinner Rolls Fruit Preserves
Frozen Fudge Sundae
Coffee

The individual ramekins keep the hot food hot for the porch supper and are convenient to serve. The fruit juice is delicious served as it comes from the can. However, for variety, diced fruit or sherbet may be added, or it may be served in a frosted glass garnished with a spring of mint. Keep an assortment of canned fruit juices in the refrigerator so that they are well chilled. It is nice to have two or more kinds on the tray when it is passed as it not only gives the guest a choice but also adds interest and contrast.

Salmon Ramekins

Break one 8-ounce can of salmon in pieces and combine with the liquid from the salmon, ¼ cup chopped onion, 2 tablespoons diced pimiento, 1 cup soft bread crumbs, 1 can condensed cream of mushroom soup, ½ teaspoon salt, ½ teaspoon Worcestershire sauce, a dash of cayenne, and ¾ cup grated American cheese. Put the mixture in individual ramekins; top with ¼ cup grated cheese and bake in a moderate oven, 375 degrees, for about 30 minutes. Serves six.

(Tomorrow—Caroline Chesser will give her favorite recipe.)

Mrs. Alburtis Plants Seeds Of International Friendship

Traveler and Lecturer Has Given 24 Programs This Year Before Children of City Schools

By Jessie Ash Arndt,

The Post Club Editor.

"On the road to Delhi, I met a thousand men; each one was my brother."

With this old proverb of India as a motto, Mrs. Susan Sipe Alburtis for many years has been planting the seeds of international understanding and friendship in the minds of Washington children. Her lectures on customs of other lands, illustrated with costumes she has brought home from distant places, have been features of school programs for years and of women's farm clubs as well. This year she gave 24.

Mrs. Alburtis lives in Chevy Chase at 29 West Irving street, where her garden is a spot of beauty each season and where birds find shelter all the year around. She is a member of the Y. W. C. A. and the Woman's Club of Chevy Chase, but has not had time for garden clubs although gardens and nature study are among her chief interests.

Started Gardening In Public Schools

It was through her efforts, as a member of the faculty of the Training School for Teachers, now Wilson Teachers College, that these subjects were introduced into the Washington schools in 1902. Dr. David B. Fairchild, now a resident of Cocoanut Grove, Fla., which has just dedicated a park to him, and author of "The World Is My Garden," was then with the Department of Agriculture and gave every co-operation as did the late Dr. B. T. Galloway, also of the department.

The work is now being carried on under the direction of Miss Esther Scott, and there are more than 50 thriving school gardens.

Before she retired from teaching in 1923, Mrs. Alburtis established Camp Matoka, on the Chesapeake Bay, near St. Leonard, Md., as a small summer camp, exclusively for Washington girls. She still maintains it, with former pupils as members of her staff and the daughters of former pupils constituting practically the entire camp enrollment.

Brings Information For Children

She spends the winter in travel and always has children in mind when she takes notes or assembles souvenirs of her journeys. In addition to costumes, she has collected a great number of dolls from far parts of the world, and these are housed in "International House" at the camp. Those representing South America predominate.

From March to June she lectures, giving her services to teachers all over the city. The talk she gave at John Eaton School on a hot morning a short time ago illustrated her ability to hold the interest of her young audience. The children sat practically spellbound for an hour, leaning forward in their seats and wistfully hoping to be among those chosen to be dressed up in one of the seven costumes she had with her.

She is now at Camp Matoka for the summer and next winter will spend several months in travel as she has done for the last ten years.

Mrs. Frank Linzel to Leave Today for National Council of Church Women Parley

MRS. FRANK A. LINZEL, president of the Woman's Council of the Washington Federation of Churches, leaves today for Lake Geneva, Wis., to attend the first biennial conference of the National Council of Church Women, July 6 to 9. Mrs. Linzel will be on the program, presenting the work of the local councils and leading a round table discussion on the subject.

MRS. FRED G. MITCHELL, president of the board of the Florence Crittenton Home, has announced the committee chairmen who will serve during the coming year.

Officers, in addition to Mrs. Mitchell, are Mrs. Fred M. Kerby, first vice president; Mrs. C. J. Riggall, second vice president; Mrs. George H. Price, recording secretary; Mrs. A. J. Sommerville, corresponding secretary; Mrs. J. F. McCoughtry, treasurer, and Mrs. John E. Chase, assistant treasurer.

The committee chairmen follow: Mrs. Ralph Fleharty, administration; Mrs. John A. Beck, repairs; Mrs. Charles T. Bassett, hospital; Mrs. Guy B. Stephenson, grounds; Mrs. Earl C. Putnam, laundry; Mrs. Wray Hoffman, luncheon; Mrs. James Councilor, finance; Mrs. J. C. Freeland, case committee; Mrs. Kerby, Big Sisters; Mrs. Riggall, public relations and circle extension; Mrs. Casper Durgin, press; Mrs. Harry Osgood, literature; Mrs. Richard A. Sauer, Council of Social Agencies; Mrs. Harris T. Baldwin, legislation; Mrs. A. C. Proctor, Needlework Guild; Mrs. Fred Umhau, program; Mrs. Sommerville, cheer packages; Mrs. Miriam Alvord, nominations.

The board will resume its monthly meetings in September. In the meantime, during the summer months, members of the Florence Crittenton Circles will provide occasional picnics and other entertainment for the girls at the home.

CAMP STAY-AT-HOME of the Y. W. C. A. opened last night under the supervision of the Girl Reserve Department of which Miss Mabel Cook is executive secretary. The "camp" is designed to provide a recreation program such as those enrolled would have were they able to go away for their summer vacations.

There are daytime activities for the girls' groups and evening programs and dances in which the boys may join. Last night both girls and boys were present for the opening get-together.

The schedule includes tennis for junior and senior high school girls on Thursdays from 8:30 to 9:30 in the gymnasium or at the municipal courts. Miss Alison Claflin is the tennis instructor and will also give swimming instruction from 9:30 to 10:30 on Thursdays and Mrs. Virginia Sholar, recreation secretary, instruction in crafts from 10:30 to 1 on both Tuesdays and Thursdays.

There will be dramatics, for which a play reading committee already has been appointed, including Mary Mead Smith, Mabel Klebold, Roberta Beale, Edward Shipley, Norman Dancy and Norman Tanner.

Registrations are open to all young people of the Capital.

VACATION LODGE of the "Y. W." at Cherrydale, has had a series of interesting activities over the holiday. There was an informal living-room party Saturday night, arranged by the lodge hostess, Miss Joy Cutler; a trip to Kenilworth Aquatic Gardens on Sunday; yesterday morning, a picnic breakfast and hike to the river and today there will be a Fourth of July dinner, followed by a tennis tournament.

Guests at the lodge for the week-end were: Josephine Iray, Lena Kitchens, Lord Caine, Mrs. M. R. Fisher and Mrs. Anna K. Smith. Some of the girls who are spending the summer there went off on holiday trips, Belle Pokross, to Boston; Jessie Patterson, to Newport News, and Gladys Smith, Frances Hyslop, Glori von Hellens and Angela Masocchi, to the New York World's Fair.

With the advent of July, a group of new residents has been added to those who have been there during the past month. They include Beulah Frazier, Helen Tucker, Margaret Lawrence, Roma Townsley, Ruth Ray, and Roby Leighton.

Arthur C. Smith Is Re-elected

Arthur Clarendon Smith has been re-elected president of Opportunity House for another year. The activities this season have been extended and include programs at weekly Tuesday luncheons under the chairmanship of Mrs. Dorothy DeMuth Watson.

Other new officers are Mrs. Laura Bogue, first vice president; Mrs. McChesney, second vice president; Mrs. Spencer Reed, third vice president and treasurer; Mrs. William O. Rumanian Nobility Here as Sightseers

Prince and Princess Brancovan Tour Washington as Guests of Minister; Stoikceskos En Route

By Hope Ridings Miller,

The Post Society Editor

WITHOUT ANY of the partying fanfare that has characterized recent visits of notables to Washington, still another took place over the week-end. Unheralded and unsung, Prince Constantine Brancovan and Princess Brancovan of Rumania slipped into town Saturday afternoon—not to be feted, but to see the city. They left yesterday.

The royal couple have been in this country for several weeks, having come over for the recent international Rotary convention in Cleveland. Prince Brancovan is head of the Rotarian organization in Bucharest.

Before the Rumanian Minister and Mme. Irimescu left Washington late Sunday afternoon, they spent several hours personally conducting the visitors on a tour of the city. Now in New York for a few days, the Minister and Mme. Irimescu will go from there to New Hampshire, where the latter will spend the remainder of the summer. The Minister will return to the Capital briefly before the departure of the retiring second secretary of the legation, George Duca, who will sail from New York on July 14, en route to Africa, where he will visit George Sebastian before returning to Bucharest.

Mr. Duca yesterday took Prince and Princess Brancovan to see a number of Capital landmarks, escorted them through the Capitol and the Supreme Court Building and to several other points of interest. Later, he took them to luncheon at Olney Inn. The couple left yesterday afternoon at 5 o'clock for New York, where they will spend a few days before sailing for Europe.

NEXT ON THE LIST of noted Rumanians to visit here will be the former Minister to Japan, George Stoikcesco, and Mme. Stoikcesco who are expected to arrive tomorrow and will be widely entertained during they stay. They will attend the dinner to be given Thursday evening by Baron and Baronne Baeyens of the French Embassy in honor of Mr. Duca, who by the way is being feted right and left.

M. and Mme. Stoikcesco recently spent some time on the West Coast where they met and mingled with a number of film celebrities including Greta Garbo. It seems, in fact, that the most elusive screen stars made it a point to see the Stoikceseos. They had with them a letter of introduction from a famous European dietician who has served bith Mr. Stoikcesco and Miss Garbo.

HOLIDAY NOTES: Mr. and Mrs. Donald Richberg, who have taken a house at Rehoboth Beach, Del., are entertaining several friends over the holiday. . . . Representative and Mrs. Sol Bloom and their daughter, Miss Vera Bloom, left yesterday for Bluemont, Va., where they have taken a house for the summer. . . . Representative Bloom will return to Washington tomorrow and will spend most of his time here until the adjournment of Congress, joining his family later for a Virginia vacation. . . . Speaking of Virginia—Mr. and Mrs. Amory Carhart left their Warrenton home on Sunday and are off for Honolulu where they will be for several weeks. . . . And Mr. and Mrs. Robert Winmill have as guests at their Virginia home, "Clovelly Farm," their son-in-law and daughter, Mr. and Mrs. Robert Radsch, Townsend Winmill and Josephine Winmill, who are combining a family reunion with holiday merrymaking.

LOOKING FORWARD: Mr. and Mrs. Robert Woods Bliss will leave soon for their estate in Santa Barbara, Calif. . . . Before the summer is over they will have as their guests Lady Malcolm and her son, Angus Malcolm, Second Secretary of the British Embassy . . . Mrs. Truxton Beale is another who recently announced, "California, Here I Come." She left Washington several days ago for the West Coast and will be away until October . . . Since it's not too soon for autumn plans, here's something for the book—come September, Susan Ertz, noted novelist, will be back in Washington for a visit with her brother and sister-in-law, Mr. and Mrs. Coleridge Ertz, of 3701 Massachusetts avenue. Miss Ertz, who in private life is Mrs. J. Ronald McCrindle, wife of the manager and director of the British Airways, makes her home in London but comes back ever so often to visit relatives in this country. There'll be partying a-plenty for her if her schedule permits. She visited here all too briefly in 1927, and everybody lucky enough to meet her then is hoping for another chance to see her.

They're at the Pound, but Would Rather Not Be

Who wants a pedigreed bull dog? Poundmaster Frank Marks can't guarantee he's pedigreed, but by the look of this American pitt bull he feels sure there's noble ancestry behind those jowls.

Dogs like these deserve a better fate than the District Pound, says Marks. Equally unhappy in cages are the two shown on the right, a pointer and a wire-haired terrier. Don't go after them today. It's a holiday, you know.

20 Dead In Maryland And Virginia

Holiday Traffic Accidents Kill 12; 7 Lose Lives By Drowning

Special Dispatch to The Post

With half of the long July 4 weekend past yesterday, death already had stretched the lengthy holiday to eternity for at least 20 persons, victims of automobile accidents and drownings in Maryland and Virginia.

Fifteen persons were killed in Virginia, 9 in traffic accidents, 1 by electrocution and 5 by drowning; while 11 died in Maryland, 6 by drowning and 5 in traffic.

Dr. Robert H. Riley, director of the State department of health, led the long list of Maryland officials urging care and caution in the handling of fireworks. He pointed out Maryland had 2 killed and 306 injured by fireworks last year.

Salisbury Celebrated

An all-day program of recreation and entertainment was held at Salisbury, a feature of which was a beauty contest, at which four Miss Delmarvas were selected.

Frederick forbade shooting of fireworks except on the Fourth itself and arranged a huge display for tonight in Baker Park. In nearby Brunswick the Steadman-Keenan American Legion post planned an all-day program in City Park, climaxed by pyrotechnics.

The Celanese Workers Industrial Union set the pace for holiday celebration in Cumberland, arranging an all-day outing at the Fairgrounds.

Two other Cumberland organizations staged celebrations. The LaSalle Athletic Association had an outing at Minke's pool and the South Cumberland Boosters Club opened a week-long carnival with a parade.

Hagerstown and Annapolis looked forward to a quiet holiday, with no official fireworks displays.

The Cambridge Yacht Club took the leading part in the celebration there, with a program of sailing races and an extensive fireworks exhibition.

Baltimore listed ten separate celebrations.

9 Die in Virginia

The Virginia dead are:

Clyde D. Jones, 25, of Blue Ridge, and Lucille Howell, about 19, killed in a motorcycle crash in Roanoke County.

Horace Lee Williams, 23, of Yale, Sussex County, killed when thrown from his motorcycle in Southampton County.

Jack Howe Collier, 9, of Minden, W. Va., drowned near Jonesville.

Albert Harvey, colored, of Lynnhaven, killed when struck by an automobile.

T. Martin, about 19, of Giles County, killed when struck by a train.

Lamar Archer, 28-year-old employe of the Chesapeake & Potomac Telephone Co., electrocuted when a wire he was holding became charged from a power line falling upon it in Chesterfield.

Oliver Fones, 22, of Washington, drowned in Chopawamsic Creek, near Triangle.

5 Held in Death Of Md. Waitress

Towson, Md., July 3 (AP).—Baltimore County police held four men and a woman for questioning today in the death of Mrs. Helen Duke, 32, night club waitress.

The woman was pronounced dead on arrival at City Hospital, where she was taken by her husband, Dudley Duke.

Duke, one of those held, told police he and his wife had attended a preholiday party. He found his wife dazed beside a road near Essex, he said. She complained, "Someone hit me, I don't know who," Duke said.

Lieut. William B. Drosey, of the Baltimore police, ordered the quintet, all on the fatal party, held "until they are sober enough to talk."

Sufficient Stock Sold For Charles Town Bank

Charles Town, W. Va., July 3.—Sufficient stock to organize a new bank here has been sold, primarily to Charles Town and Shepherdstown businessmen, it was announced through Attorney Lee Bushong.

Half of the stock will be represented by $25,000 capital stock in Farmers Bank of Shepherdstown; the other half has been subscribed by private investors. The capitalization under the merger will be $50,000.

A committee was named to select quarters for the bank. The committee, composed of I. H. Russell, Henry Dutrow, T. R. Moore, jr., John W. Irvin and Herman Willis, will report later in the month.

Holdup Suspect Held

Rockville, Md., July 3 (AP).—County police held one suspect and sought another today in the robbery of James T. Beane, 72. Beane reported the pair had taken $60 from him.

Carnivals in Full Swing

Three carnivals being given by local organizations are in full swing in the county. All report a large attendance despite the large holiday exodus.

The annual carnival of the Vienna Volunteer Fire Department is being held each night adjacent to the elementary school. The Falls Church Odd Fellows are conducting their celebration at the intersection of the Lee highway and the Annandale road.

The annual Fourth of July celebration of the Franconia Volunteer Fire Department is being held on the engine house grounds. A feature of today's events will be a baseball game between the Franconia Juniors and the Alexandria Boys Club during the afternoon.

easy in such a tense period to tread softly, to avoid the real and dangerous issues and to make of free speech a mock freedom to hear only what you like."

Ernest Lindley, Washington correspondent for Newsweek and columnist for The Post, in his speech before the evening session on "New Problems in National Affairs," described the New Deal record from 1933 to 1939 as one of "too quick action and slow action, brilliant action and miserably confused action—but action."

Among accomplishments of the Roosevelt Administration he listed strengthening of Democratic institutions and civil liberties; "a serious effort to guarantee to labor its fundamental rights;" expansion of the civil service principle; a check to exploitation of natural resources and Nation-wide recognition that social insurance "is here to stay."

Sees Economic Failure

"We have made much more progress," Lindley said, "in matters of social policy than in matters of economic policy. The indictment that cannot be escaped is that after nine years of depression and half-recovery, we still have 11,000,000 unemployed and that we are not yet even within striking distance of the height of activity we must reach if we are to make full use of our economic resources."

Asserting that "our economic dough contains plenty of shortening, but not enough yeast," Lindley said "it seems plain that everybody will have to do a lot more hard thinking in economic terms and that somebody will have to work out and put into effect a co-ordinated economic program.

"The reaction that has set in against the heavy costs of relief is understandable and, I think, based on sound instincts. Relief connotes failure. At best it connotes an emergency. An emergency that has lasted ten years is worthy of another name, and another treatment.

"It is quite illusory," he said, "to declare an embargo against any aggressor nation unless you are prepared for war. This is not to say that war will come, but an embargo can easily lead to reprisals, which would lead to further measures on our part, which might easily become military measures."

Arms Ban Held Futile

Stone predicted, however, that a legislative ban on arms shipment to all belligerent nations "could not stand up more than six months if war actually breaks out in Europe."

Dr Bruce Hopper, Harvard professor of government, tonight suggested that a battle fought 1,930 years ago, when Teuton warriors wiped out Roman legions, is partly responsible for the European crisis of today.

The Roman defeat, he said, for four centuries delayed the progress of the German forests "from tribal law to the law of mankind" and accounts for Germany's "long time lag in arriving at statehood."

Rounding out the day's program with a glance at the Far East, the institute this morning heard a prediction that Japan is unlikely to win the war with China and "still more unlikely to win the peace."

"At the present stage, Japan can only be sure of having strengthened China," according to Dr. Kurt Bloch, former adviser to the National Economic Council in China. "Economic exhaustion will force Japan to accept such terms as demanded by Western creditors," he predicted.

Study Transportation Problems

Hyattsville. — Maryland Public Service Commission officials are expected at Prince Georges County tomorrow to consider transportation problems in the county. The commission is studying changes in transportation service requested by the Capital Transit Co.

Those expected are Maj. Steuart Purcell and Edmund Budnitz, commissioners who sat at the recent public hearing; Joseph Sherbow, peoples' counsel before the commission, and Paul L. Holland, chief engineer for the commission.

Woman's Death Held Suicide

Hyattsville.—A certificate of death by suicide was issued yesterday by Coroner A. Magruder MacDonald, of Washington, in the death of Mrs. Sigmunda Whalen, 35, of Hyattsville, Md. She was pronounced dead early yesterday at Casualty Hospital. Mrs. Whalen swallowed a quantity of insecticide, police said. She was taken to the Bladensburg Rescue Squad firehouse by her son and thence to the hospital by the Rescue Squad.

10,000 Attend 4-County Outing At Forks Garden

Grundy, Va., July 3 (AP).—A crowd estimated at 10,000 persons gathered for the ninth annual Buchanan-Russell-Dickenson-Tazewell outing at Forks Garden and heard addresses by Representative John W. Flannagan and Dr. Morgan L. Combs, president of Mary Washington College.

Flannagan said "we are safe in America because we do things the American way—we reason instead of using force." He urged, however, that the people of the country do less "criticizing" and more "remedying."

Dr. Combs, stressing the importance of education in democracy, said that democracy must be preserved by "leaders with sufficient intelligence to tower above the fog of uncertainty and despair to seek the eternal sunlight of truth."

9th District Posts Elect J. W. Crogey

Norton, Va., July 3 (AP).—John W. Crogey, of Wytheville, superintendent of Wythe County schools, yesterday was elected commander of Ninth District Posts of the American Legion at the closing session of the annual two-day convention here.

Charles Strong, of Appalachia, was named vice commander by the 53 legionnaires representing 20 posts in the district, and C. V. Jackson, of Norton, was chosen to represent the district at the national convention in Chicago in September.

Dr. T. S. Ussery, also of Norton, was selected as alternate delegate to Chicago.

8th District Democrats To Meet at Alexandria

Warrenton, Va., July 3 (AP).—J. Ray Larcomb, chairman of the Eighth District Young Democratic Clubs, said today the district would hold its convention at Alexandria, July 29.

Larcomb said the date for the convention was set at a called meeting of the executive committee at Arlington.

Replica of First Steamboat To Sail at Bridge Dedication

James Rumsey's Descendants Will Journey Up Potomac at Shepherdstown July 15; Adm. Waesche Accepts Bid to Speak

Hagerstown, Md., July 3.—Rear Admiral Russell R. Waesche, commanding officer of the United States Coast Guard, will make the principal address at the dedication of the new Potomac River bridge at Shepherdstown, W. Va., July 15. He accepted the invitation upon his return from Europe, being one of the passengers aboard the Clipper.

Descendants of James Rumsey, steamboat inventor, will journey against the current of the Potomac River in a replica of the Rumsey boat at the ceremony.

W. T. Loy, a member of the committee arranging the dedicatory program, said the replica of the Rumsey steamboat will conform to the original one, plans for which were obtained from historical records.

The boat, which is under construction, will leave the same spot that history says Rumsey started his historic test, which convinced a doubting audience gathered along the banks to see Rumsey's strange contraption. This will be a feature of the water pageant to be held in connection with the dedication of the bridge, named in honor of the steamboat inventor.

The Maryland delegation taking part in the exercises will meet at the national battlefield, Sharpsburg, where it will march, headed by the Junior Y. M. C. A. Band, to the Maryland end of the bridge. On the other side of the river, the West Virginia delegation will meet at Shepherds College, and, headed by the Martinsburg, W. Va., High School Band, will march to the south end of the bridge. During the exercises a contingent of the Maryland National Guard Air Corps will fly over the bridge.

There also will be motorboat, canoe and rowboat races in the afternoon. Chester Delphy, Hagerstown, is chairman of the committee arranging these events.

S.W. V. Objects To Browder At Institute

Placing of Communist On Program Scored By Virginia Department

By the Associated Press.

Roanoke, Va., June 3.—Virginia Spanish War Veterans, by resolution at their annual convention today, expressed their disapproval of the action of the University of Virginia Institute of Public Affairs in giving a place on its program this week to Earl Browder, secretary of the Communist Party in the United States.

Copies of the resolution, in which the auxiliary joined, were telegraphed to Gov. James H. Price and Dr. John Lloyd Newcomb, president of the University of Virginia.

In taking such action the veterans of the Spanish-American war joined members of the VFW, who in a meeting last week at Alexandria, took like action.

Not Opposed to Free Speech

In presenting the resolution, Wade Hampton Payne, of Roanoke, declared that the veterans were not opposed to freedom of speech but were averse to institutions supported by taxpayers being used by "an acknowledged Communist, secretary of the Communist Party of the U. S. A., a member of the executive committee of the Communist International and opposed to our present form of government."

"The teaching of our Communist Party is subversive of American ideals and institutions and is attempting to destroy our government and this (the Institute of Public Affairs) is an official activity being organized and sponsored by the University of Virginia and in the public buildings owned by the State."

The first business session of the thirtieth annual encampment of the Virginia department, which opened at Hotel Roanoke yesterday, began this morning with a joint meeting of veterans and auxiliary.

Worrell Nominated

Department Commander James T. Bannister, of Portsmouth, presided over the veterans' meeting this morning and Mrs. Ruth E. Thomas, also of Portsmouth, president of the department auxiliary, had charge of the women's meeting.

Eglin Named To Fairfax Welfare Board

Succeeds Leigh; Miss Edith Rogers Is Reappointed

FAIRFAX BUREAU OF THE POST. P. O. BOX 245, Fairfax, Va. Phone Falls Church 2088-M

Col. Henry W. T. Eglin, of McLean, has been appointed as a member of the Fairfax County Board of Public Welfare by Judge Walter T. McCarthy, of the Circuit Court. He succeeds Randolph Leigh, of Langley, who resigned recently.

Col. Eglin was appointed for a term that will expire on June 30, 1941. Miss Edith Rogers, member of the County Board of Supervisors from Dranesville District, also has been reappointed to the Welfare Board by Judge McCarthy for a two-year term. The other member of the board is Andrew W. Clarke, of Belle Haven.

Leigh resigned from the welfare board because he will be out of the United States for several months studying conditions in Mexico. He had served as chairman of the board since the new State welfare law went into effect.

Fireworks Sales Boom

Merchants of Fairfax County yesterday reported a rushing business in fireworks as there is no ban on them except in the incorporated towns. Most of the town ordinances do not prohibit the sale and shooting of fireworks, but ban their discharge on public highways and provide special licenses for the sale.

Coyner to Speak

Navy—The Navy Home Demonstration Club will meet Friday night in the Floris school. County Treasurer Lewis M. Coyner will explain the use of surplus funds in the county treasury, and will answer questions on taxes. Miss Edith Rogers, of Floris, member of the county board of supervisors, will talk on welfare work.

An entertainment program by local talent will follow the talks. Refreshments will be served for the benefit of the club's building fund.

Montgomery's 15 New Police To Make Bows in Natty Attire

MONTGOMERY COUNTY BUREAU OF THE POST, 9213 Clark Ave., Silver Spring, MI. Telephone SHepherd 4290.

Resplendent in new uniforms, Montgomery County's augmented police force will make its debut today at the Takoma Park Fourth of July celebration. The 15 additional policemen provided by legislation enacted at the last session of the Legislature have completed preliminary schooling and yesterday began full time shifts at the county police stations.

The new uniforms, to be worn for the first time at the parade today, consist of light tan trousers and dark tan coats with black puttees and a light cap and black Sam Browne belts.

The new policemen have been undergoing intensive training for two weeks at a police school in Rockville. The training has been under general supervision of Chief of Police Charles M. Orme and Detective Sergt. James S. McAuliffe and State's Attorney Ben G. Wilkinson, jr.

In sending the new men to their posts yesterday, Chief Orme told them:

"We will have the finest force in the suburban area and as fine a force as can be found anywhere if you will forget everything except that you are policemen.

"You are responsible only to the Police Department and the department will back you 100 per cent in enforcing the law equally against any and all violators, whoever they may be.

"Treat everybody alike and you can tell them I said so if you wish," the chief declared.

Assessors to Take Oaths

Rockville.—Assessors for the general reassessment of Montgomery County real estate will be sworn in Thursday by Clayton K. Watkins, clerk of the Circuit Court at Rockville, S. M. Hamilton, chief clerk, announced yesterday.

Approximately 15 men will begin work at once and the others will be called as they are needed, Hamilton said. The reassessment will begin in the five election districts of the northern part of the county.

Michael J. K. Lindsay, State supervisor of assessments; Wilton T. Allen, supervisor of county assessments, and William P. Richards, chief of the reassessment forces, will explain their duties to the men.

Volunteers Indorse Johnson

Takoma Park. — Irving Wallen Johnson, captain of the Takoma Park Volunteer Fire Department, has been indorsed by the Montgomery County Association of Volunteer Firemen and by the Takoma department for secretary of the Maryland State Firemen's Association, which meets July 12 to 14 at Ocean City, Md. Johnson is editor of the firemen's bulletin and is publicity chairman of the State group.

Pythians Install Officers

Gaithersburg.—Forest Oak Lodge, No. 123, Knights of Pythias, of Gaithersburg, has elected these officers: Albert W. Clagett, counsellor commander; A. G. Schwartzbeck, vice chancellor; John Melvin, prelate; Upton B. Burroughs, sergeant at arms; Clarence Mills, jr., master of work; John E. Speich, keeper of seals and records; Brawner X. Harding, master of finance; James T. English, master of exchequer; A. W. Eader, inner guard; Roland Mills, outer guard; F. B. Harding, grand lodge representative. The installation took place last night.

Mrs. Moneymaker Dies

Potomac.—Mrs. Mary Ella Moneymaker, 62, widow of James H. Moneymaker, died Saturday at her home near Great Falls. She is survived by a daughter, Mrs. Edna Brown, and three sons, Otho and Marshall Moneymaker, of Montgomery County, and Samuel Moneymaker, of Harrisonburg, Va. Burial will take place this morning at Staunton, Va.

Ball Games at Rockville

Rockville.—Baseball and softball games this afternoon will constitute Rockville's principal Fourth of July diversions. The softball contest will be between the Rockville Boys Club and the Lay Hill teams and the baseball game will be between Colesville and Rockville, of the Montgomery County League.

Takoma Park To Observe Gala Fourth

Founder of City To Be Honored At Dedication Of New Town Park

Gala observance of Independence Day is scheduled in Takoma Park today. A parade, dedication of the Benjamin F. Gilbert Park in honor of the founder of the town, patriotic exercises, fireworks and athletic events are included in the extensive program.

The parade will have four divisions. It is scheduled to start at 9:30 a. m. from Carroll and Ethan Allen avenues, and will proceed south to Piney Branch road, thence north on Piney Branch road to the North Takoma playgrounds, where it will disband.

E. Brook Fetty is grand marshal. Escorted by Maryland and District policemen, the marshal's section will contain police officials, Mayor John R. Adams and members of the town council, officials of the District Government, Montgomery and Prince Georges County commissioners, committee chairmen and distinguished guests.

Led by Veterans

The first division, with George B. Kissinger, Maj. C. Leonard Boyer and G. G. Sward as assistant marshals, will be a military and veteran unit, headed by the Fort Stevens Drum and Bugle Corps. The second division will be composed of youths and children and will be led by the Montgomery County Elementary School Band, with Mrs. Alice M. Lyddane as captain.

Pageants depicting early events in American history will comprise the third division, to be headed by the Gaithersburg (Md.) Drum and Bugle Corps, directed by Ira Darby. Crescent J. Bride, Takoma Park director of playgrounds, will be captain.

The fourth division, led by the Community Band of Sandy Spring, Md., will include floats sponsored by business houses in the Takoma Park area, and the Takoma Park and Silver Spring Volunteer Fire Departments. Leo R. Hubbard is captain.

Medals for Best

Engraved medals to be awarded for the best float, best costume and greatest number of any one unit in the parade have been donated by Takoma Park Post, American Legion. James Blaine Fitzgerald, Walter Irey and Mrs. Walter P. Harman will be judges.

The patriotic exercises will be held at 11 a. m. at the North Takoma Playground, at Albany and Takoma avenues, with Capt. Harold W. Orcutt, member of the town council, as chairman. William Tyler Page, author of "America's Creed," will be the speaker. Music will be given by the Review and Herald Band of Takoma Park. Prizes will be awarded at the exercises.

The dedication of the Benjamin F. Gilbert Park will be held immediately after the patriotic exercises. A large memorial boulder erected by the citizens of Takoma Park will be unveiled by Mrs. Margaret Gilbert Jamison, of Wilmington, Del., daughter of the founder and only surviving member of the Gilbert family.

Founder to Be Honored

Dr. William A. Hooker, chairman of the historical and memorial committee of the Takoma Park Citizens Association, will make the presentation address. The acceptance speech will be made by Mayor Adams. Former Mayor John B. Kinnear, who was a close associate of Mr. Gilbert, will describe the latter's life and accomplishments.

The large water-worn boulder, taken from the Sligo Creek property of William A. Mellen, was donated by Mr. Mellen and occupies a commanding position in the park, a triangular tract at Piney Branch road, Takoma and Eastern avenues.

A marathon race will conclude at 1:50 p. m. at the Whittier playgrounds, Fourth and Whittier streets northwest, followed by athletic events. A fireworks display will be held at 8 p. m. on Hodge's Farm, Philadelphia and Holly avenues.

Luray Rotarians Install T. T. Smith as President

Luray, Va., July 3.—Theodore T. Smith, chief clerk of the National Park Service in Luray, formerly of Washington, was installed tonight as president of the Luray Rotary Club. Other officers are J. Glenn Boliek, vice president; R. T. Morrison, secretary; W. R. Swetnam, treasurer; G. Lowell Baughan and J. T. Campbell, directors.

Crisfield, Md., Ends Half-Century Drouth

Crisfield, Md., July 3 (AP).—For the first time in more than 50 years, legal liquor was sold in Crisfield today.

A county-controlled liquor dispensary was opened under the management of Clarence Justice. Another dispensary is at Princess Anne. Sale of liquor at the dispensaries was legalized in Somerset County at a special election June 6.

Little Ties for British Open Lead With 69

The Washington Post Sports

12 WASHINGTON: TUESDAY, JULY 4, 1939 ★★★

Bruen, Allis Share Honors With U.S.Star

Bulla, Pose Shoot 73s For Second Place as Two of Leaders Equal Bobby Jones' Mark

St. Andrews, Scotland, July 3.—Jim Bruen, a cocky young Irishman; Lawson Little, stolid and smooth, and Percy Allis, a veteran British internationalist, threw their shadows athwart the path of the contenders for the British Open golf championship tonight as the last members of the 240-man starting field straggled home.

While some of the biggest names in British golf, stalemated by the two tortuous St. Andrew courses, floundered around in the high 70's, these three set the pace in the first day's qualifying round with 69's.

Bruen and Little shot their on the par 73 old course, and the young man from Cork thus tied Bobby Jones' amateur record for what is probably the most famous 18 holes in the world. Little was two strokes off the professional record set by Bill Nolan for the same layout.

Allis, a tall, slim Englishman who looks like a novelist's dream of the empire builder, turned in his score, 3 under par, over the new course, touch that always has kept him in Somewhere he's found the putting the front rank of British golfers, and he will be very, very tough in this tournament, which follows up with another 18-hole qualifying round tomorrow and then 72 holes of championship proper for the 130 low scorers beginning Wednesday.

Trailing the three leaders were as varied a crew as ever contested the Apen's munificent reward of £100 ($500). There were Americans—Johnny Bulla of Chicago, with a 72, was well up and well regarded; Argentines—Martin Pose matched Bulla's total and looked as if he knew just what he was doing every second—and a half-dozen Australians, Swiss and Belgians.

The other U. S. entry, George Low, jr., of Jenkintown, Pa., was well down the list with an 81. Still he has a chance. Outside of the three leaders, no one is playing sensational golf.

As is common in tourneys like this, the next two best scores were made by outsiders, William Hastings, a veteran Scots pro, and Norman Sutton, of Cheshire, who's been knocking around British tournaments for eight years without any great success. Both had 71s.

Behind them came Bulla, Pose and a flock of others at 72. This bracket included Jock McLean, who lost to Johnny Fischer in the 1936 United States Amateur final; Defending Champion Reg Whitcombe, and Aurelio Gastanon, another Argentine whose iron play brought him through. At 73, very much in the thick of the fight, was Henry Cotton, the favorite.

In St. Andrews tonight the United States challenge was gaining strength. Everyone had expected Little to make a good showing, but Bulla's fine round surprised them. It was all the more surprising because he played with a new putter. The Royal and Ancient barred his center-shafted "Schenectady" putter yesterday and he played with one he borrowed.

Chisox Beat Browns, 8-3, In Wild Game

By the Associated Press

St. Louis, July 3.—Three Browns were banished for too vociferous protest as the Chicago White Sox mauled three pitchers for 17 hits and an 8-to-3 victory over St. Louis today.

It started in the Sox half of the seventh. Pitcher Roxie Lawson, who had relieved Bob Harris in the second, threw his glove into the air and the resin bag into the stands in protest over a ball Umpire Cal Hubbard called on Mike Tresh. Hubbard promptly put him out of the game.

Between innings the Browns' manager, Fred Haney, and Pitcher Vern Kennedy said more about that decision than Hubbard thought justified, and they were ordered fromthe field.

Luke Appling was theonly Chicago player who failed to hit safely. Eric McNair had five for five and Mike Tresh four out of five trips to the plate.

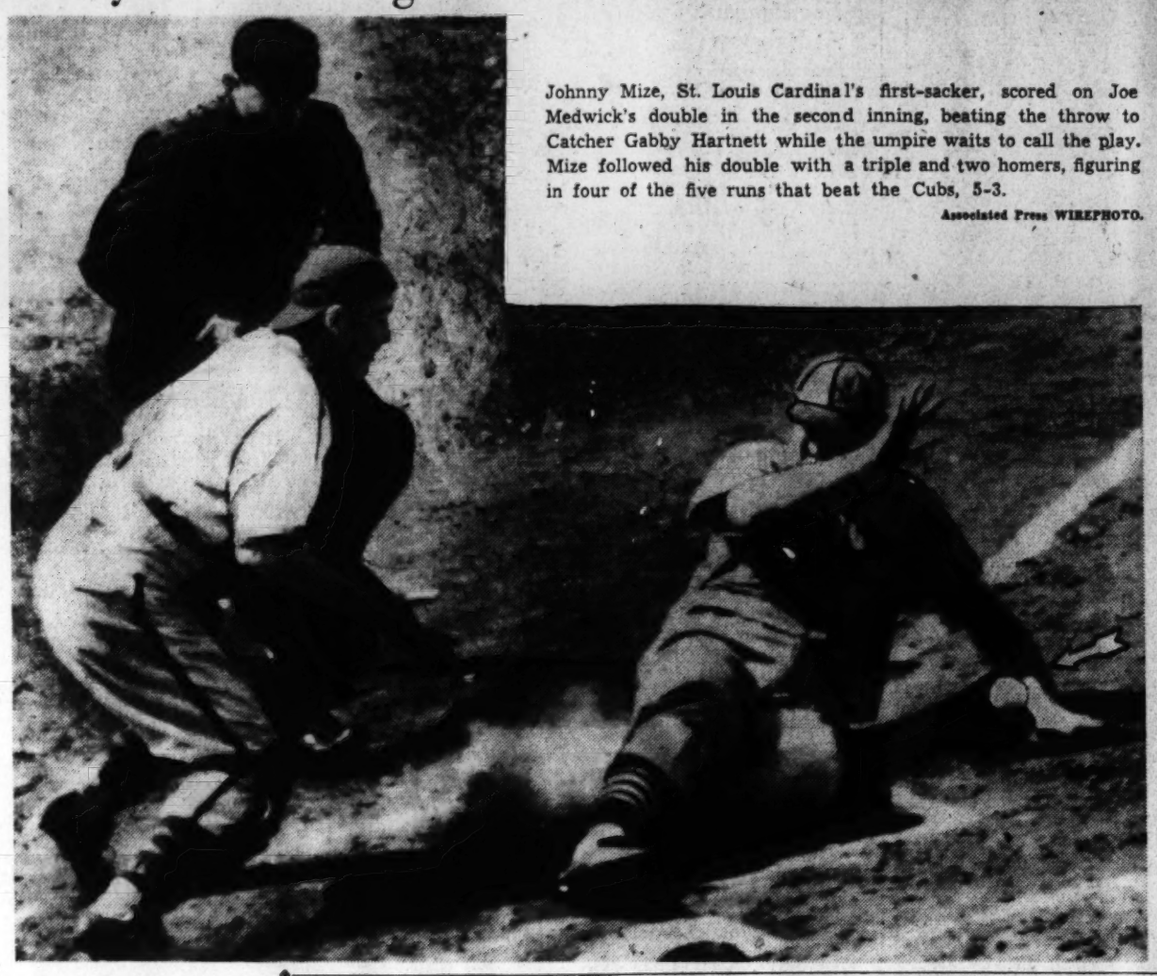
Bob Feller Beats Tigers for Indians, 4-2

Johnny Mize Scoring After One of His 4 Extra-Base Hits



Johnny Mize, St. Louis Cardinal's first-sacker, scored on Joe Medwick's double in the second inning, beating the throw to Catcher Gabby Hartnett while the umpire waits to call the play. Mize followed his double with a triple and two homers, figuring in four of the five runs that beat the Cubs, 5-3.

Young Star Registers 13th Victory

Fans But Two, Lowest For Him Since He Made Pitching Debut In Major Leagues

By the Associated Press.

Detroit, July 3.—Young Bob Feller didn't have his strikeout ball working today, but still managed to beat the Detroit Tigers, 4 to 2, thereby enabling the Cleveland Indians to improve their hold on third place in the American League. Feller, who fanned 54 men in his last four starts against Detroit, whiffed but two today—his smallest game strikeout total since entering the majors in 1936. His previous low mark was four.

In achieving his thirteenth victory of the year, Feller allowed five hits and got noteworthy assistance from Bruce Campbell, who lined a homer into the rightfield stands in the eighth to send in three runs and break a 1-1 deadlock.

Ben Chapman, Tribe centerfielder, equalled a modern maor league record when he slammed out three triples. He now shares the mark with six other players.

For seven innings the game was a pitchers' duel between Feller and Archie McKain, Tiger southpaw. The Indians took the lead in the fourth when Chapman led off with his first triple and scored on Hal Trosky's infield out.

Earl Averill, who got the only hit off Feller in a recent night game at Cleveland, tied the score in the sixth with a homer.

Campbell's eighth inning homer was preceded by scratch singles by Feller and Rollie Hemsley.

In the Detroit half Roy Cullenbine batted for McKain and homered.

It was Feller's fourth straight win over Detroit this season.

Ed Richardson Wins National Tennis Meet

By the Associated Press.

Haverford, Pa., July 3.—Hailed as "the new Bitsy Grant" in the South, 16-year-old Earl P. "Tony" Bartlett, of New Orleans, led the field into the quarter-finals as the National Interscholastic tennis championships got under way today.

Bartlett, representing New Orleans' Fortier High, advanced by defaults in the first and second rounds, then swept aside Victor Seixas, of Philadelphia, in the third round, 6—3, 3—6, 6—0.

Eddie Richardson, City of Washington junior champion, was the only District of Columbia entry to survive opening day play. Richardson, runner-up to Harry Brinkerhoff for the D. C. junior championship, defeated Richard Johnson, of Pelham, N. Y., 6—3, 6—4.

Charlie Freer advanced to the second round on a default over Vernon Kelly, Charlotte, N. C., but then lost to Billy Vogt, Philadelphia, 6—1, 6—1.

Davie Kay was beaten by Glenn Hewitt, Houston, Tex., 6—1, 6—4.

Australian Netmen Sweep Cup Matches

Mexico City, July 3 (AP).—Australia today concluded its rout of the Mexico Davis Cup Team when Adrian Quist and Jack Bromwich battled to victory in the singles to give the Anzacs the series five matches to none.

Quist beat Daniel Hernandez, 11—9, 6—3, 6—2, and Bromwich trounced Eugenio Tapia, 6—1, 6—3, 6—1.

Australia clinched the series yesterday with a doubles triumph.

This Morning

With Shirley Povich

New York, July 3.—A thick-set, pudge-faced little man in Washington, D. C., who may be pardoned if his expression bears an I-told-you-so imprint, will have less difficulty in making himself heard on the pugilistic scene in the future. Heinie Miller, secretary of the District of Columbia Boxing Commission, and chairman of the rankings committee of the National Boxing Association, is coming to be an important personage in things fistic.

POVICH

Every round succeeding which Tony Galento lasted against Champion Joe Louis last week was a tremendous lift to Heinie Miller as a figure in the prize ring industry. Because it was Miller who last winter was raising a lone, thin voice to the effect that fat, clownish, Tony Galento was an absolute standout among Joe Louis' challengers and the man most entitled to a shot at the title.

They laughed him down, even as they laughed at Galento, but Miller wasn't clowning. He believed what he said—that Galento, more than any other man, would give Louis a battle of it. And Miller managed, by his own devices, to make himself heard. He arranged to get himself elected chairman of the N. B. A. rankings committee as his first maneuver. Then, at a meeting in Washington, he made a speech to the committee members.

At speech-making, Miller excels, and the committee was virtually in his spell. With no more difficulty than you would experience in selling a load of TNT to Hitler for a dime, Miller sold the N. B. A. the idea of braving the jibes of the critics and naming Galento as the No. 1 challenger. That's what happened, Miller put the idea across, and the jibes followed.

Here Are Some of the Choice Jibes

These were typical:

In a Chicago newspaper: "Col. Heinie Miller—and they ought to make him a corporal for it—should be blamed for dumping an impossible fiasco on Mike Jacobs and the long-suffering public. Galento doesn't even rate the first 10 and Miller should go away and hide."

In a New York newspaper: "The N. B. A. ratings committee, whoever they may be, and not that anybody pays any attention to their opinions, should convene in Galento's barrelhouse where they'll at least have a quorum and agreeing opinion."

In another Chicago paper: "The thing will not go a round, and if it fails to draw flies, Jacobs can blame the N. B. A. for selling him the greatest joke in boxing history."

In another New York paper: "Galento may brag now. When he approaches those little white steps, he'll 'die' as all of Louis' opponents have died."

Well, Galento vs. Louis is history, and Galento didn't "die" from fright as he entered the ring, it wasn't a joke bout, and the N. B. A. felt no necessity for hiding out after the finish. What happened was that Galento dumped Louis on the floor and was perhaps within a punch of winning the title, that he fought the most courageous fight any of Louis' challengers have ever made, and that a return match would probably be favorably received.

What Miller succeeded in doing chiefly was to mantle the National Boxing Association in new-found importance. The N. B. A. had always been held in light regard in its dabbling in the heavyweight division, although in the lighter classes it was a power factor nationally with its power to order and enforce fines and suspensions in 40 States. But big promoters in New York, Philadelphia and Chicago could ignore its heavyweight rulings.

Mike Jacobs Is Indebted to Heinie Miller

But N. B. A. opinion can hardly be meaningless any longer in the heavyweight class. It stood out boldly for Galento, and Promoter Mike Jacobs should be indebted to it, if indeed, he is not. It was not until the N. B. A. rated Galento the outstanding challenger that Jacobs felt he could book the fight without outraging the counry's fans and critics. The N. B. A. gave him an out. If the fight was a farce, he could always point to N. B. A. sanction, blame it for the fiasco.

Miller's smart maneuvering probably won't be overlooked by the N. B. A. Within a year there will be a new president of the organization, and the new president probably will be Heinie Miller. At least he'll get the salaried job of executive secretary, which is equally, if not more important. Miller has never denied the belief that he has had his eye on that job ever since boxing in Washington was legalized and the District joined up with the N. B. A. It has been no coincidence that recent N. B. A. conventions were held in Washington.

And Miller didn't burn his bridges behind him when he named Galento as No. 1 challenger. He stated simply that Galento was the best of a bad lot of challengers, that he deserved the No. 1 ranking over his rivals. He made no claims that Galento would beat Louis, but he made no further apologies for Two-Ton Tony.

The next time that Joe Jacobs is casting about for a challenger for Joe Louis, the chances are that he'll be interested in hearing what the little former lightweight champion of the Navy, with his offices at the D. C. Boxing Commission, has to say.

Mize's Homers Beat Cubs, 5-3, For Cardinals

Adds Triple, Double To 2 Circuit Blows For a Perfect Day

By the Associated Press.

Chicago, July 3.—Big Johnny Mize smashed out two home runs, a triple and a double today to account personally for the St. Louis Cardinals' 5-to-3 victory over the Chicago Cubs in their series opener before 12,749 cash customers.

The triumph moved the Cards back into third place and dropped the Cubs to fourth.

The husky first baseman, in a perfect day at bat, either drove in or scored four of the five St. Louis runs. The circuit blows were his thirteenth and fourteenth of the season. The other Card tally came in the ninth inning on a home run by Stuart Martin.

Mize's big day prevented Bill Lee from chalking up his ninth win. Instead, it gave him his ninth defeat of the campaign.

The Cubs earned only one of their three runs, Dick Bartell, who got three hits in three trips to the plate, driving it in in the fourth inning.

Three Card pitchers scattered eight hits, Morton Cooper starting and lasting until removed for a pinch hitter in the seventh. His successor, Bob Bowman, held on until the Cubs threatened in the ninth on Gabby Hartnett's double and Bartell's single. Then Curt Davis took over and put out the fire with the tying runs on base.

Virginia Poloist Dies of Injuries

Harrisburg, Pa., July 3 (AP).—John F. Walker, 59, member of the Fauquier-Loudoun Polo Club who was injured during a game with the West Shore Rangers Saturday, died today in a Harrisburg hospital.

The teams were in the second game of a series when Walker fell, inflicting the injuries from which he failed to recover.

No. 4 rider on the Fauquier-Loudoun Club, Walker was prominent in northern Virginia as a horseman and polo player. He went to Virginia from Philadelphia a number of years ago. He was married and had one daughter.

Nat-Yankee Twin Bill Today to Honor Lou

70,000 Expected in Yankee Stadium to Pay Tribute to 'Iron Horse;' Venezuelans Also to Honor Alex Alexandra; Leonard to Pitch

By Shirley Povich.

New York, July 3.—Washington crossed the Delaware early this evening and moved into New York for a three-game series with the Yankees. The Nats will be certain winners at the gate tomorrow, if not on the ball field, where they meet the champions in an Independence Day doubleheader.

They will be playing before the year's largest crowd of the season in the big leagues, a crowd expected to number more than 70,000 come to see the incomparable Yankees, to observe "Lou Gehrig Day" and to pay honor to the Nats' Alex Alexandra, the only Venezuelan in major league baseball.

For the bulk of the 70,000 the cynosure will be Gehrig on this day set aside to pay tribute to the Yankee star whom infantile paralysis benched last month. But for 2,000 olive-skinned citizens in the stands it will be "Alexandra Day." New York's Venezuelans will present the Washington pitcher with a wrist watch in home-plate ceremonies.

Manager Bucky Harris, in deference to the Venezuelan contingent, will pitch Alexandra in one of the two games tomorrow. Dutch Leonard will start in the other contest for the Nats.

Thre-eGame Streak

The Nats trailed a three-game winning streak into Ne wYork with them, victories achieved at the expense of the Aathletics, who also yielded sixth place to the Washington club. But the fifth-place White Sox are still seven games distant.

New York's fans will be seeing in the Nats the only club which has given the Yankees a battle of it this season. Paradoxically, the second-division Nats have a stand-off with the Yankees in the eight games between the two clubs to this date.

And they will be bringing to Yankee Stadium, in Dutch Leonard, the only pitcher who has succeed in winning more than one game from the Yanks this season. At Griffith Stadium last week .Leonard picthed 11 consecutive innings of shutout ball to beat Red Ruffing in a brilliant pitching duel. Ruffing and Leonard may be opponents again tomorrow.

The Nats ended their base-hit drought by breaking into a nepidemic of blows against the Athletics last week, but they were a puerile crew for weeks until that series. The mos tencouraging features of their play of late has been the recent

2 Snipe Class Boats Are Tied After Races

By the Associated Press.

Rockhall, Md., July 3.—Two Sparrows Point snipe class boats were tied for the lead after two races in the annual Rockhall Yacht Club regatta today.

W. C. McNeal's Wiki-Wiki and R. L. Gintling's Rainbow had nine points each as the snipers closed their day. The "rubber" race will be sailed tomorrow.

Carl N. Boardley, Chestertown, champion in the 20-foot knockabout class on the bay, saw his colors go down in the first race today before the determined rush of Cope Hubbard's new Jitterbug. Bordley came back to win the second race and establish a 7-6 lead over Hubbard. Hubbard was third in the second race, behind Wings, owned by Carl Smith, West River.

More than 40 sailing craft were on hand today for the start of the two-day meet. William S. Collins, commodore of the Chester River Yacht Club, is referee in chief.

Other class leaders—Starboats: June A., F. L. Kuehnle, Cambridge; skipjacks: Stepside, Albert Strong, Rockhall; sailboats under 16 feet: Alhos, Lawrence Hartgle, West River; Hampton class: White Cloud, V. R. Humphries, Chestertown; comet class: Go-it, W. P. Bloecher, Chestertown, and Gangway, J. P. Coperthwaite, Rockhall.

'Bunny' Austin Bows in Upset At Wimbledon

Elly Cooke, American Star, Beats Britisher; Riggs Also Advances

By Scotty Reston.

Associated Press Sports Writer.

Wimbledon, England, July 3.—Elly Cooke, of Portland, Oreg., a stout-hearted 24-year-old boy who, like Don Budge, came out of Tom Stowe's California tennis school, swept favored Henry Wilfred (Bunny) Austin right off the center court today and marched, with Bobby Riggs, of Chicago, right into the semifinals of Britain's "world tennis championship."

Angered by British tennis critics who blandly had declared Austin was a 3-1 cinch to win, Cooke hit homers off Bunny's dew-drop service all afternoon and beat him with the loss of only four games, 6—3, 6—0, 6—1.

Riggs, who was seeded second to Austin, trounced Ghaus Mohammed, of India, 6—2, 6—2, 6—2, and now will meet Ferenc Pungec in the semifinals. The Yugoslav ace whipped Gene Smith, the Berkeley (Calif.) schoolmaster, who was handicapped by an arm injury, 6—0, 6—2, 6—2. Henner Henkel, of Germany, who defeated Franz Kukuljevic, of Yugoslavia, 6—1, 6—3, 6—2, in the other quarter-final, will be Cooke's next opponent.

Three U. S. Girls Win

In the women's singles, Alice Marble, Helen Jacobs and Mrs. Sarah Palfrey Fabyan came through to the quarter-finals with the rest of the seeded players. Miss Marble, the No. 1 seed, turned back Mrs. A. Halff, of France, 6—1, 6—1; Miss Jacobs eliminated England's Margot Lumb, who beat her at Forest Hills last year, 6—2, 7—5, and Mrs. Fabyan was taken to three sets to top Mrs. D. L. Little, 1937 champion, 6—1, 3—6, 6—2.

Cooke is a sort of tennis orphan. Two years ago he was the last-ranking player in the United States—twenty-eighth. At the end of 1937, he went down to Stowe's school in Oakland, Calif., and, when reporters gathered around him tonight, he declared:

"Well, if you like my game, give Tom Stowe credit for it. He changed it completely two years ago."

Cooke my be well known in Portland, but nobody over here ever had heard of him and they were

N. A. A. U. Juniors Set 4 Track Marks

By the Associated Press.

Lincoln, Neb., July 3.—New records were established in four events today as the University of Nebraska, host school, walked off with team honors in the National Amateur Athletic Union's junior track and field championships at Memorial Stadium.

Presaging another round of standout performances in tomorrow's senior program, new marks were established in the 100 meters hurdles, the 1,000 meters run, high jump and pole vault as Nebraska's powerful squad scored 26½ points. The New York Athletic Club was second in the team standings with 18 points.

The day's most brilliant individual performance was turned in by Marsh Farmer, a one-armed speedster, who was graduated this summer from Texas Tech College. On a lightning fast track, Marsh won the 110-meter hurdles crown in 14.2. This clipped two-tenths of a second off the performance of Joe Bastiste, Tucson (Ariz.) High School star, in a trial heat of the event. The previous record was 14.5, by Dan Caldemeyer, of Indiana, in 1936.

Other new meet marks were set by John Munski, of Missouri, who won the 1,000-meter run in 3 minutes, 56.1 seconds; Jack Deerfield, unattached, of Minneapolis, who pole vaulted 13 feet, 9 inches, and Les Steers, of San Francisco Olympic Club, who won the high jump title with a leap of 6 feet, 7⅞ inches.

In the day's most gallant comeback, Louis Gregory, of the Millrose Athletic Association, New YoYrk, won the combined junior-senior 10,000-meter run in 33 minutes, 11.5 seconds. Exactly 10 years ago he won the same title. The junior 10,000 meters crown went to James Whittaker, Ohio State, in 34:11.7.

William Anderson, of Altadena, Calif., won the 100-meter dash in 10.5 seconds. The 400-meter dash title went to Fred Alliniece, of Prairie View State, Texas, in 48.5 seconds, while the 3,000-meter steeplechase title was won by Forest Efaw, of Oklahoma A. and M., in 9 minutes, 42.2 seconds.

Al Blozis, of the New York A. C., won the shot put crown with a toss of 52 feet, 3 inches.

Blozis captured another crown—in the discus—with a toss of 153 feet, 2¼ inches.

Merchants, Orioles In Twin Bill Today

A double-header between the Brookland Merchants and the Brookland Orioles features a July 4 baseball program at Turket Thickett today. The Orioles and Merchants are scheduled to meet at 1 and 3.

In a preliminary game O'Grady's Boys will tackle the Little Brookland Merchants at 11.

Russell and Turner Score Upsets in D. C. Men's Net Play

Ray Donovan And Smith Are Beaten

Quarter-Final Round Reached at Columbia; Hot Matches Slated In Today's Play

By Jack Munhall.

The District men's tennis tournament which usually rolls along as peacefully as that famous song-inspiring river, suddenly veered from its normal course at Columbia Country Club yesterday when a couple of dark horses, a former West Point star and a rapidly improving local junior rose up to smite down a pair of favorites.

Lieut. Gabriel C. Russell, No. 1 man of the West Point team last year and current runner-up for the championship of the United States Army, projected himself squarely into the fight to keep Barney Welsh from his seventh straight title by whipping fifth-seeded Alphonso Smith with surprising ease, 6—4, 6—0.

Billy Turner, winner of the recent Junior Davis Cup tournament, but heretofore just another good youngster, continued his sensational streak by coming from behind to defeat eighth-seeded Ray Donovan, of Edgemoor, 6—8, 6—1, 6—2. Turner upset Ricky Willis Sunday in three sets.

Enter Quarter-finals

By their victories Turner and Lieut. Russell ojined six seeded players in the quarter-finals. Five of these gained that bracket yesterday, led by Welsh who removed a dangerous out-of-town entry, S. P. Hayes, former high-ranking New England States player, 8—3, 8—6.

Second-seeded Hugh Lynch reached the quarter-finals Sunday. Dooley Mitchell, Davie Johnsen, Frank Shore and Buddy Adair, ranked third, fourth, sixth and seventh, respectively, all won in straight sets.

All did not win without a struggle, however, for Adair was pushed hard by Tom Moorhead in a 8—6, 6—4 match, and Welsh had more than a little trouble in turning back Hayes, 6—3, 8—6.

One of the best performances of hte day was given by the lanky Lieut. Russell who now looms as a real menace.

Appearing to be in better form than he was Saturday when he lost his Army title to Cadet Dick Tindall, Russell played near-flawless tennis to give the troublesome Smith a decisive beating. A very quick service and a strong net game were Russell's chief weapons and he solved Smith's slow chops and lobs with telling effect.

An Improved Player

Turner, although he lost a set for the ninth time in as many three-set matches, showed the effects of recent tutelage under Frank (Buddy) Goeltz, Columbia pro, as he beat Donovan, a new member at Edgemoor. His overhead attack was better than at any time before and his service also definitely improved. Turner did all the forcing and was steady in the pinches.

Today's quarter-finals all loom as ding-dong battles and may produce at least one more upset. Perhaps the most attractive of the four matches will pit Lieut. Russell against Johnsen, City of Washington champion, at 11 o'clock. Both youngsters with plenty of power and speed, Johnsen and Russell should provide one of the fastest battles of the tournament, and Russell, off his showing yesterday, is conceded a good chance.

In the other matches, Adair meets Mitchell at 10, Welsh plays Shore, and Lynch takes on young Turner at 2 o'clock.

There were no upsets in the doubles tournament yesterday but several matches were unexpectedly hard fought. The second-seeded combination of Lynch and Johnsen, City of Washington titleholders, dropped a set before they turned on the heat to beat Morgan and Arnold, 6-2, 3-6, 6-1, and Allie Ritzenberg and Turner, paired for the first time, were hard pressed to repell Capts. Sherburne and Reynolds, Army Leech Cup players, 7-5, 9-7.

SINGLES

Fourth round—Welsh defeated Hayes, 6—3, 6—6; Shore defeated Stocklinski, 6—4, 6—1; Mitchell defeated Shelton, 6—2, 6—3; Adair defeated Moorhead, 8—6, 6—4; Turner defeated Donovan, 6—8, 6—1, 6—2; Johnsen defeated Brinkerhoff, 6—3, 6—1; Russell defeated Smith, 6—4, 6—0.

TODAY'S SCHEUULE

Quarter-final round—10 a. m., Lynch vs. Turner; 11 a. m., Johnsen vs. Russell; 2 p. m., Welsh vs. Shore; Mitchell vs. Adair.

DOUBLES

First round—Reynolds and Sherburne defeated Lowe and Garber, 6—1, 6—2; Smith and Dalby defeated Curran and Curran by default.

Second round—Welsh and Mitchell defeated Taylor and Free, 6—1, 6—1; Lynch and Johnsen defeated Morgan and Arnold, 6—2, 3—6, 6—1; Shore and Russell defeated Herbert and J. Smith, 6—4, 6—3; Ritzenberg and Turner defeated Reynolds and Sherburne, 7—5, 9—7; Deck and Baker defeated Pontainini and Edwards, 6—4, 6—0, 6—4; Stocklinski and Brinkerhoff defeated Hayes and Evans, 6—4, 6—4.

TODAY'S SCHEDULE

Second round—10 a. m., DeWitt Smith and Dalby vs. Kreusberg and Harclay.

Second round—4:30 p. m., Welsh and Mitchell vs. Baker and Deck; Russell and Shore vs. Ritzenberg and Turner; 5 p. m., Lynch and Johnsen vs. Stocklinski and Brinkerhoff; Smith and A. Murphy vs. winner of second round match.

Kirk On Makes It a Lonely Finish in Culpeper Show Race

Post Staff Photos.

Upper—There were some more horses in the race, too, but Kirk On, shown winning the first race at the Culpeper (Va) Horse Show yesterday, apparently does not care. Ridden by Harry Snyder, Kirk On took the 5-furlong event over Timber Fire, second, and Infinitude, third. Lower—It's a pretty good idea to stick with the horse in a situation such as this. Culpeper Horse Show Paced by Clifton's Lad

By Anne Hagner

Culpeper, Va., July 3.—Competition at the Culpeper Horse Show, which opened near here today, was as hot as the broiling sun that beat down on more than 200 top hunters and jumpers in the Thirty-sixth annual renewal of the show.

The ribbons were so widely scattered that the race for the hunter championship will remain wide open as the event moves into its final day. Probably the most consistent performer so far is Dr. L. M. Allen's brilliant grey gelding, Clifton's Lad, which defeated a big field in the class for working hunters. The son of the imported Coq Gaulois, Gray Bonnett also picket up several minor awards, but was unable to make a return visit to the winner's circle.

Another smooth performer was North Hill Farm's Day Spring, a likely looking 3-year-old which took the suitable to become hunters class over Mrs. Haggin Perr's Bo Bend, U. S. Randle's bay, Randle's Pride, and Mrs. James Hamilton's Golondrina, which finished in that order.

Higlo Scores

Ray Shoemaker's well-mannered Higlo, a Virginia-bred 5-year-old, scored a notable victory in the class for middle and heavyweight hunters, defeating Ern St. Redmon's Royalty II, a frequent tri-color winner in the past. Third place went to Howard Haffener's Bedford, with Mrs. John Hay Whitney's home-bred mare, Faithful Heart, taking fourth.

In the horsemanship class, sponsored by the American Society for the Prevention of Cruelty to Animals, Frank Christmas won the award and the chance to compete in the same class at Madison Square Garden this fall. Christmas, one of Washington's best young horsemen, defeated Lois Lehman, Patricia Downes and Elizabeth Marsh, who placed second, third and fourth, respectively. It was a well-earned victory for the Washington boy, who took a back seat in the same class and in the same sort of competition at the recent Washington Horse Show.

Large Crowd on Hand

The four races which wound up today's card brought out a large crowd of enthusiasts who kept the bookies busy. In the longest flat race on the card, at about one and one-eighth miles, a Washington-owned horse triumphed when Eddie Talbert's appropriately named Hustle Home, a 6-year-old son of Hustle On, defeated Mrs. George Everhart's Quantale and Mrs. Louis Hanckel's Tennis by a scant head.

In the first race, for horses owned by residents of Culpeper and adjoining counties, W. J. Smith, jr.'s Kirk On showed the way to A. F. Ney's Timber Fire and Frank Bennett's Infinitude.

Renner Loses Doubles Title In Va. Shoot

Tracey Lewis Takes Crown; Miss Cuthbert Beaten in Handicap

By the Associated Press.

Winchester, Va., July 3.—Carl J. (Tony) Renner, of Winchester, lost his State doubles crown to Tracey Lewis, of Keene, in the Virginia Trapshooting Association's fortieth annual tournament today but came back to win the State handicap championship from Ruth Cuthbert, of Winchester.

The Winchester aggregation won the five-man team event, which it lost to Roanoke last year. The locals scored 241 out of 250 to Roanoke's 222.

LLewis unseated Renner by a score of 48 to 46.

Summaries:

TEAM RACE—Winchester, 241 out of 250, shot by E. E. Cuthbert, C. J. Renner, Ruth Cuthbert, F. W. Pingley, W. F. Anderson; Roanoke, 222, shot by A. P. Jones, A. J. Wright, W. H. Bratton, W. E. Eaton, O. W. Dickerson.

DOUBLES (50 targets)—Tracey Lewis, Keene, Va., 48; C. J. Renner, Winchester, 46; W. H. Bratton, Roanoke, and W. F. Anderson, Winchester, tied for third with 43; High non-resident, F. E. Harris, Charleston, W. Va., 43.

STATE HANDICAP CHAMPIONSHIP (100 targets)—C. J. Renner, 90 from 22-yard line; A. J. Wright, Roanoke, 92 from 2-yard line.

NON-RESIDENTS IN STATE HANDICAP—T. J. Wynkoop, Washington, D. C., 92 from 20-yard line; W. R. McFarland, Keyser, W. Va., 91 from 18-yard line.

Notables attending the two-day meet included Ray E. Loring, Vandalia, Ohio, manager of the American Amateur Trapshooting Association, and MacD. Hart, Richmond, executive secretary of the Virginia Game and Inland Fisheries Commission.

Wooderson, at Home, Silent on U. S. 'Nudging'

Plymouth, England, July 3 (AP).—Sydney Wooderson, holder of the official world record for the mile, returned from the United States today and said he preferred not to discuss the Princeton Mile, in which he finished last in a field of five.

"It's better forgotten," he said.

Sydney said he never even had thought of protesting the result of the race on the ground that he had been fouled. "I had a great time and received wonderful hospitality," he concluded.

Staunton Still Paces Va. League

Lynchburg Wins Five in Week To Push Leaders

VIRGINIA LEAGUE STANDING

	W.	L.	Pct.
Staunton	26	16	.619
Lynchburg	21	20	.512
Harrisonburg	20	22	.476
Salem-Roanoke	17	26	.395

Special Dispatch to The Post

Harrisonburg, Va., July 3.—Fourth of July finds the Staunton Presidents marching on almost independent of the other three Virginia League companies by a margin of five and a half games, but the Lynchburg Grays are stepping closest behind by turning in a week which saw only one deefat in five skirmishes.

Staunton produced a 50-50 week, breaking even in six contests, while Lynchburg did not taste defeat until in the tenth inning of a Saturday night game at Salem, and then only by a score of 2 to 1. Lynchburg started off with two in a row from the Presidents and then took a 12-inning affray from Harrisonburg and a slugfest from the Salem Friends.

Harrisonburg could win only twice in six starts, but had the satisfaction of besting Staunton, 7-4, only to lose to the league leaders the following night, 4 to 1, when Mike Marko let the Turks down with five hits. Harrisonburg started the week in second place but gave way to Lynchburg and trails the runners-up by a game and a half.

Salem inaugurated its first week of night baseball with a bang by taking two in a row from Harrisonburg, then executed an about-face by dropping a double-header to Staunton, 6-1 and 8-7, and losing to Lynchburg and Harrisonburg.

The first night game at Salem attracted 1,200. Now all four fields are lighted with the only daytime games being played on Sundays at Lynchburg and Salem. Harrisonburg started night baseball three years ago—being the first in Virginia outside Richmond. Staunton followed last season, followed this year by Lynchburg and Salem.

Play in Shenandoah

The week also saw the first organized ball game played in Shenandoah County. Harrisonburg took Salem to Mount Jackson for its Sunday contest, played after a Shenandoah County League contest. The twin bill attracted 1,000 and the crowd saw Vance Dinges, of Harrisonburg, a Shenandoah League graduate, clout a home run with one on to aid his club in a 7-6 victory. Lefty Utz survived a five-run Salem uprising in the third to go on to victory.

Staunton's Lefty Walter Poland turned in his ninth straight victory to take a comfortable lead over the league's pitchers. Salem was the victim. His teammate, Mosher, has a record of seven wins and two losses. Warren Huffman, brilliant Staunton centerfielder, continues to slam the ball at a .446 clip, while Third Baseman Sloboda is close behind with .423. Bill Sheridan, the Presidents' second sacker, went on a rampage to move his average up to .340. He is considered one of the circuit's outstanding players.

A. B. Hancock Stud to Send 67 to Auction

Special Dispatch to The Post

Charlottesville, Va., July 3.—Arthur B. Hancock, America's leading breeder of race horses, who came up from Paris, Ky., to spend the week-end at his Albemarle stud, Ellerslie, states that a total of 67 thoroughbred yearlings will be shipped from his Ellerslie and Claiborne farms to be sold at public auction at Saratoga, N. Y., on August 10-11.

The consignment will include six colts and four fillies by Stimulus, one of the most prolific stallions in America today. Their dams are Sabine, half sister to Mad Hatter; Risk, by Sir Gallahad III; Nettie Stone, by Friar Rock; Margosa, by Phalaris; Light Eagle, by St. Germans; Lady Minnie, by Sir Gallahad III; Titter II, half sister to Fortune of War; La France, half sister to Johnstown; Lady Lovely, by McGee, and Foxy Agnes, half sister to Peanuts.

Get of Gallant Fox are a bay filly out of Pomophone, winner of 21 races; a bay colt out of Gay Agnes, half sister to Peanuts; a chestnut filly out of Perjury, by Chatterton; a dark bay foal out of Crackaloo, by Chance Shot; a bay colt out of Firewater, by Omar Khayyam, and a dark bay colt out of Hurry 'Long, by Omar Khayyam.

Marion Brown Has 75, Ties Manor Record

Middle Atlantic Ace And Jerry Hart Beat Mrs. Davy and Bogart

Jerry Hart, the transplanted Arkansas Junior champion who won the Federal Government Tourney here last week, played with Marion Brown yesterday at Indian Spring, as a partner, and watched the Middle Atlantic champion play the course in 75, tying Mrs. Betty Meckley's unofficial mark.

And Jerry could hardly believe his eyes as for the last two days he's played 81 holes over the Four Corners layout, with consecutive rounds of 69-70-75-72 and 35 for the extra nine, with 16 birdies and an eagle sandwiched in, and is just about even.

Marion was his partner yesterday, the first partner he's had during his streak that played well while the opponents didn't get hot. They had little trouble winning over Mrs. Myron Davy and Ralph Bogart in a mixed match, low ball and aggregate. Marion was out in 37, two over par, and back in the same figure, taking a five on the eighteenth after a birdie deuce on the seventeenth gave her a chance for a 74.

Jamison Was Partner

Jerry's opponents have included Al Jamison, who made four birdies in a row, and Ralph Bogart, who played the front nine in 31, four under par, with only ten putts. Bogart two-putted the first green and then one-putted eight in a row, four for pars and as many for birdies.

But Jerry snared his share of the skins in the meantime. On Sunday he had two birdies each on the second, eleventh and eighteenth holes, the three toughest par fours on the course. And he also scored five threes in succession, starting with a par on the seventeenth and then birdies on 18 and the first three holes of the front nine.

Yesterday, playing with Volney Burnett as a partner, Hart had to hole an eight-iron shot for an eagle deuce on the thirteenth hole for a skin, as Burnett, on the edge of the trap in two, knocked his shot in the cup for a birdie.

With Indian Spring boasting a large percentage of the topnotch golfers in town, including Burnett, Bogart, Roger Peacock, Claude Rippy, Charles Malone, Arthur Urban, Buddy Sharkey, Bob Albertus, Lou Harrison, Jock Olmsted, and others, it's highly possible to run into luck like Harts', play 81 holes in four over par and not lay away a dime.—WHITTLESEY.

MANOR

The girl golf stars, pro and amateur—Helen Dettweiler and Marion Brown—will be opponents today at Manor as Miss Dettweiler, the Women's Western Open Champion, takes Host Pro Al Treder for a partner against the all-amateur duo of Miss Brown and Golf Committee Chairman Harry Pitt, the six-time club champion. The match will start at 1:30.

Five tied at the first number, 77, and eight at the second, 76, in the Blind Bogey tourney concluded yesterday at Manor. Ties at 77 included A. L. Duncan, 89—12; G. F. Beyer, 87—10; W. H. Walthen, 87—10; J. B. Matre, 97—20, and A. L. Nettleton, 87—10. Grouped at 76, and in the prize list, D. L. Thomson, 85, 9—76; J. S. McBride, 89—9; H. S. Farrell, 92—16; W. W. Smith, 85—9; W. T. Heffelfinger, 101—25; H. J. Cooper, 89—13, and Mrs. Don Walker, 101—25.

ARMY AND NAVY

The Army and Navy Club will be divided today in the annual inter-club match, highlight of the season's schedule. The Army team, captained by K. Buchanan, has subsidized Professional Allan Burton to play against Navy's top duo of the newly crowned District Junior Champion Jimmy Stevens, jr., and W. S. Popham.

9—Allan Burton and K. Buchanan (Army) vs. W. S. Popham and J. H. Stevens, jr. 9:05—C. W. Dunning and C. P. Barton (Army) vs. J. S. Phillips and E. P. Nixon. 9:10—J. H. Davidson and Jack Wade, jr. Joe Campbell, Old Post Man, Put Zip in Sportswriting

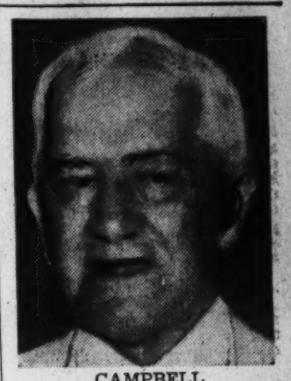
'Little Joe,' Originator of Many of Slang Words Used by Baseball Writers, Vanished

By Bill Burnett



CAMPBELL

Those who wonder, as many must, about the peculiar treatment a sportswriter naturally or with evident difficulty gives the English language need look no further than the files of The Washington Post to satisfy their curiousity. There, on age-ambered pages, is the record of "Little Joe" Campbell's contribution to Washington sportswriting.

"Little Joe" was the town's first writer of athletic news with no regard for Webster. He was an expert at slang. At a time when all traveling was by horsecar, and the sportswriting style was correspondingly slow, Campbell stepped into the gaping breach and gave the city its first taste of sports chronicling such as is enjoyed (we hope) today.

To most of the veterans who remember him, Joe was more a myth than an actuality. Where he came from, and what made him like he was, remains a puzzle. And probably his memory is looked upon with twice the reverence because of it's shroud of mystery.

Campbell came to a dirt-streeted Washington around the turn of the century, jobless, and with little more than the shirt on his back. Of his first connection with The Washington Post, Scott C. Bone, managing editor of the paper from 1894-1905, writes:

Joe Gets On

"One dull dog-day a messenger handed me a manuscript on pugilism. The chirography was puzzling, but the text absorbing, and it appeared in print to the delight of sporting circles . . . Later, I told the messenger to inform the unknown writer that a regular job awaited him. This brought "Little Joe" Campbell timidly into the picture . . . As a coiner of slang he was the peer of Ade and Lardner and his sage and humorous comments were quoted nationally . . . He could write classically as well."

If, as Bone comments, Joe came into the picture timidly, he continued as sports editor of The Post on an altogether different plane. Jesse Deloe and Victor Hurley, two printers still active in The Post's service, remember him as a caustic conversationalist, a master of profanity, but a wit of the first water. Perhaps the association Deloe and Hurley had with Campbell, setting his type and making up his forms when sports news was first breaking away from scattered sections among the obits, stock quotations and garment ads, was responsible for their conception of him as a profanitarian. At any rate, they remember him, though theirs is the same incomplete recollection of his background.

Example of Style

Once Joe was sports editor of The Post, for which he received all of $25 a week, he straightway started taking the old type of sports recording to little and unrecognizable bits. In contrast to copy such as—"The Colts pulled away from the Senators and won two games today" and "the world series between the New York and St. Louis baseball clubs ended today in a walkover for St. Louis," Campbell pepped up the oftentimes dull routine of baseball writing with new phrases, slangy expressions, similes and a few discreetly worded barroom references.

In one of his lighter pieces, concerning an exhibition game between the "National" veterans and a picked squad of ball players from the Government Printing Office in 1900, Campbell displayed the style for which he became locally at least, famous. After one of the vets had unexpectedly doubled, Campbell said, "He journeyed to first, galloped to second with the speed of a stringhalted horse on Burns' hit, and on a wild throw puffed his way to the quarter stretch. Then, leaping like a scared kangaroo, he scored the first run on Evers' comfortable single past short."

Pretty dull stuff, the modern reader might think, but it constituted a radical shift in the technique of the day. Probably the best recollection of Campbell is cherished by John Hadley Doyle, a native citizen of Georgetown. Doyle sat side by side with the barb-tongued little reporter at most of Washington's games at that time, faithfully keeping the box score because, as he says, "Campbell had no talent for the job."

Doyle, incidentally, claims credit for the present type of scoring, and it was he who originated the use of a telegrapher to send the results to the newspapers as soon as a game was over.

Those who are skeptical of the existence of Joe Campbell may turn to The Post files for proof. All they can check on, however, is the sudden and delightful change in sports writing around 1900. Campbell's by-line was attached to none of his stories, in accordance with one of the customs of the time, though the content speaks for itself.

Among Campbell's innovations were the use of rubber and plate, for home base; blow, for hit; tally, for run; homer, for home run, and dropped, for lost. Though he probably didn't originate the term "flip-flap," Campbell was the first to use it in reference to handsprings such as Rube Waddell turned between the mound and home plate after pitching and winning both ends of a double-header for Milwaukee over Chicago in 1900.

Scorekeeper Doyle says as far as he knows Campbell just "disappeared" between baseball seasons and was never heard of since. A more accurate account is given by former Managing Editor Bone, however. Campbell, he says, contracted a serious "malady," was sent to Hot Springs, Ark., for a cure, but died a few months later.

Whatever his end, Campbell contributed a spark to the sports fraternity that can hardly be forgotten.

Jockeys W. Kirk and Coffman Suspended for Rest of Meet

Lou Machado Rides Triple, Wins Feature

Trainer Feltner Has Three Winners Also; 'Cutting Over' Brings Ban for Two Jockeys

By Walter Haight

A Staff Correspondent.

Charles Town, W. Va., July 3.—Jockey Woodrow Kirk, second to Sammy Palumbo for riding honors at the meeting here, and Jockey Cecil Coffman were suspended for the remainder of the meeting today. Both were alleged to "have cut over too sharply." W. Kirk was aboard Nancy's Best in the first race when Miss Maker, the heavily played favorite, was squeezed back directly after the start.

Kirk went on to bring his mount home behind Seplin, a $15.60 shot. Miss Maker, winner of four straight races here, went down to defeat and finished in fourth position.

Coffman was up on Grouchneur in the fourth race and the gelding swung across in front of horses just after the field left the gate. Grouchneur went on to set the pace but weakened and was out of the pay circle. Beaufast, at $11, was the winner, followed across the line by Scout Rose and Trivet.

While the stewards were getting "double" for the day, Trainer Claude Feltner from nearby Berryville, Va., and Lou Machado, hard-riding New England boy, had "triples." Feltner saddled three winners and Machado provided the saddle urging.

Among the successes of this combine was one in the Berkeley Springs purse, the day's feature race. Machado brought Mrs. Claude Feltner's Margie Wrack to the wire four lengths in advance of Mrs. H. Horst's Consistent, with Lady Buck in third position.

Margie Wrack was a relative outsider in the wagering and paid a $17 mutuel, while stepping the 4½-furlong route in 0:49 4-5.

With the exception of holidays and Saturdays the crowd of 8,000 was the biggest of the meeting.

Chart of Charles Town Races

MONDAY, JULY 3, 1939.
(Compiled by Walter Haight.)
WEATHER, CLEAR; TRACK, FAST.

FIRST RACE—About 4½ furlongs. Purse, $400. For 2-year-olds. Start good. Won driving; place same. Went to post at 2:30½. Off at 2:33½. Winner, E. R. Pike's ch. f. (2), by Dunlin—Princess Julep. Trained by Claude Feltner. Value to winner, $300; second, $60; third, $30; fourth, $10. Time, 0:50 3-5.

OWN ROOM	(Fowler)	111	4	7	7	7ⁿ	7ⁿ	376.30
ACE CHANCE	(Root)	111	7	6	6	7½	8	112.10

Two-dollar mutuels paid—SEPLIN, $15.60, $5.60, $3.80; PAPER GIRL, $4.40, $4.20; NANCY'S BEST, $3.40.

SEPLIN, off alertly, shook off PAPER GIRL to get to the front and continued samely under a drive to hold the opposition safe. PAPER GIRL, off poorly after dwelling slightly, was rushed to the front at once, ran wide at the turns and went evenly through the stretch. NANCY'S BEST, off in the first flight, was hard ridden and closed with good courage. MISS MAKER, off in a tangle and shuffled back directly after the break, rallied in the stretch and closed full of run.

SECOND RACE—Charles Town course. Purse, $400; claiming. For 3-year-olds and upward. Start good. Won easily; place driving. Went to post at 3:14. Off at 3:18. Winner, Mrs. H. Bunting's b. g. (6), by Spinard—Damoris. Trained by I. C. Mourar. Value to winner, $300; second, $60; third, $30; fourth, $10. Time, 1:17 2-5.

Two-dollar mutuels paid—DEPINARD, $4.60, $3.60, $2.80; LANDSMAN, $5.40, $3.80; HAPPY MARIENE, $3.80.

DEPINARD, steadied along on the outside of the leaders to the backstretch, responded when placed to a drive, came to the front nicely and won with speed in reserve. LANDSMAN was hard ridden to shake off PROTEUS and continued willingly, but was no match for the winner. HAPPY MARLENE lacked early speed, came to contention boldly and hung in the final drive.

THIRD RACE—Six and one-half furlongs. Purse, $500; claiming. For 3-year-olds and upward. Start good. Won driving; place same. Went to post at 3:40. Off at 3:51. Winner, E. G. Davis' b. g. (5), by Trojan—Star Light. Trained by T. Lewis. Value to winner, $350; second, $75; third, $50; fourth, $25. Time, 1:21 1-5.

Two-dollar mutuels paid—TROSTAR, $20.80, $10.80, $6.20; PEGADETTE, $12.60, $7.00; SHUCHOR, $3.60.

TROSTAR, slow to begin, went to the outside for racing room, came around horses and closed with a bold rush to be up in the concluding stride. PEGADETTE went to contention along the backstretch, disposed of SHUCHOR to take command and barely missed staying. SHUCHOR shook off RED WINGS and tired at the end.

Daily Double, Depinard and Trostar, Paid $51.20.

FOURTH RACE—Six and one-half furlongs. Purse, $500; claiming. For 3-year-olds and upward. Start good. Won driving; place same. Went to post at 4:24½. Off at 4:26½. Winner, Claude Feltner's ch. g. (4), by Haste—Beautiful One. Trained by Claude Feltner. Value to winner, $350; second, $75; third, $50; fourth, $25. Time, 1:20 3-5.

Two-dollar mutuels paid—BEAUFAST, $11.00, $5.20, $3.60; SCOUT ROSE, $6.60, $4.60; TRIVET, $4.00.

BEAUFAST, saved ground and escaped trouble at the first turn, rallied willingly to a drive and was up in the concluding strides. SCOUT ROSE followed close to the pace of GROUCHNEUR and closed gamely under intermittent punishment. TRIVET was knocked about at the first turn and closed ground.

FIFTH RACE—About 7 furlongs. Purse, $500; claiming. For 3-year-olds and upward. Start good. Won driving; place same. Went to post at 4:57½. Off at 4:59. Winner, H. M. Simpson's ch. m. (7), by Mars—Hailzilla. Trained by H. M. Simpson. Value to winner, $350; second, $75; third, $50; fourth, $25. Time, 1:25 2-5.

LAND OF SMILES	(Vessell)	110	2	7	7	7	7	7	36.90

Two-dollar mutuels paid—LADY'S FAVOR, $16.00, $8.00, $6.20; BRAINCHILD, $6.20, $4.20; NAY NAY, $3.20.

LADY'S FAVOR, first away, opened a good lead and was hard ridden to the end. BRAINCHILD was closest to the pace after the opening furlong, but was held safe while closing gamely. NAY NAY went evenly, but could not threaten seriously.

SIXTH RACE—About 4½ furlongs. Purse, $500. For 3-year-olds and upward. Start good from gate. Won driving; place same. Went to post at 5:30½. Off at 5:32. Winner, Mrs. Claude Feltner's ch. f. (3), by Peter Wrack—Grizette. Trained by C. Feltner. Value to winner, $350; second, $75; third, $50; fourth, $25. Time, 0:49 4-5.

Horses	Jockeys	Wgt.	Post	Start	¼	Stretch	Finish	Straight

PRINCE TURLEY	(Snyder)	115	5	4	5½	5²	7⁴	7.30
MISS WING	(Nertney)	112	4	3	8	8	8	20.70

Two-dollar mutuels paid—MARGIE WRACK, $17.00, $5.80, $3.00; CONSISTENT, $6.20, $3.60; LADY BUCK, $2.60.

MARGIE WRACK, first out of the stalls, was hard ridden to shake off ENDORA and came on to the wire under a hard drive to hold a daylight lead. CONSISTENT had to be rushed to gain a forward position on the inside and closed with good energy. LADY BUCK was in close quarters in the early stages and hung in the closing test. ENDORA raced close up and weakened. CHASTE was held safe.

SEVENTH RACE—One and one-sixteenth miles. Purse, $500; claiming. For 4-year-olds and upward. Start good. Won easily; place driving. Went to post at 6:03½. Off at 6:04½. Winner, M. B. Goss' br. g. (5), by Trojan—Star Light. Trained by T. Lewis. Value to winner, $350; second, $75; third, $50; fourth, $25. Time, 1:21 1-5.

Two-dollar mutuels paid—WAR RUMOR, $8.40, $5.20, $3.40; TRIXIE LASS, $12.60, $6.00; CRUSAND, $3.00.

WAR RUMOR, first away, was steadied along while racing close to CRUSAND'S pace, went to the front to open a good lead and was not threatened thereafter. TRIXIE LASS was well placed from the start, was hard ridden and closed gamely. CRUSAND had much taken out of her in reaching the front early under hustling tactics and weakened. WORTHOWNING was hard handled and tired.

EIGHTH RACE—One and one-sixteenth miles. Purse, $500; claiming. For 3-year-olds and upward. Start good. Won driving; place same. Went to post at 6:35½. Off at 6:36½. Winner, G. P. Sherman's br. g. (6), by The Scout—La Lingerie. Trained by G. P. Sherman. Value to winner, $350; second, $75; third, $50; fourth, $25. Time, 1:47 3-5.

Challedon Is Favorite For Yankee

Rules Top Choice in $15,000 Handicap At Suffolk Downs

By the Associated Press.

Boston, July 3.—W. L. Brann's Challedon, winner of the Preakness and runner-up to Johnstown in the Derby, was the favorite tonight for the $15,000 added Yankee Handicap at a mile and three-sixteenth, the feature of tomorrow's holiday card at Suffolk Downs.

Lou Schaefer, Challedon's trainer, said the colt was in excellent condition and would remain here for the $50,000 added Massachusetts Handicap on July 12 provided he runs well tomorrow.

Challedon will carry top weight of 124 pounds in the six-horse event, two pounds more than Mrs. F. Ambrose Clark's Lovely Night. The Greentree Stable's entry of Nash and Day Off were entered overnight, the former being assigned 117 pounds and the latter 111.

Charles Trotter's Silent Witness was given 106 pounds and William C. Stroube's Sirasia, 101.

Hash, second to Belair's Johnstown in the Withers, and Day Off, winner of the Louisiana Derby, appeared likely to furnish the favorite his main contention. Some felt that Lovely Night, victor in the $7,500 added Constitution Handicap here last month, might surprise. His last start was a dull one, however, in the Carter Handicap in New York.

Silent Witness has run well in New England against older horses and mgiht like the distance and the light impost, while Sirasia has shown little.

On Fishing

The run of black drum along the beaches is just about over for this season, and the seemingly large fish caught was because of the publicity given them through entry in the Wildwood, N. J., tournament.

ACKERMAN.

The drum that took top honors weighed 95½ pounds and quite a few others weighed from 60 to 75 pounds. There were many others large enough to give most any angler a thrill in their catching, even though the drum, by any stretch of the imagination, can hardly be rated as a game fish.

The Prince Georges County Game and Fish Conservation Association is having a fishing party Saturday, July 8, at Herring Bay and other fishing areas close to it, depending upon where they are biting best.

Lady Angler Honored

Capt. Johnnie Manifold's boats from Deale will be the means of contact, although for reservations call Roy Trott at Greenwood 2789. A buck and a half covers everything, and everyone is welcome even though not a member of the association.

A local angler, and a feminine one at that, Miss Lois Hechinger, of the Westchester Hotel, has received from Capt. Eddie Rickenbacker the certificate of membership in Eastern Air Lines Flying Fisherman Club for her recent catch of a sailfish.

This is an honor, for there are few women in this unique club, and the catch is distinctive because it is one of the first in the 1939-1940 competition.

There has been some talk of moving the newly created Maryland State Game and Inland Fish Commission from Baltimore to Annapolis. There is just as much talk and some real action by sporting organizations against it.

It is the contention of the sportsmen, and we concur with their ideas, that as this commission is supported wholly by the fees obtained from hunting and fishing licenses, their interests and consideration of them, therefore, should come before anything else.

Because most of the activities of the commission lie to the west of Baltimore, that is the logical place to house it. Even the commissioners feel that their business can be conducted better from there, and that a removal to the State capital would not only be an inconvenience, but that it it would reduce the efficiency of the department.

Private Boats Arrive

Private cruisers are dropping into Ocean City almost daily for the marlin season. It looks as though in another week or two there will be almost as many as there are charter boats. George Sutton, local attorney, sent his Happy Days down on Sunday, Paul Townsend's Jacpau III has been there nearly two weeks. Another is that of Fred R. Rooks, president of the United States Oil Co., and well-known here. He usually fishes his 75-foot Chocotaw out of Montauk.

An odd happening of the past week—the catch of a marlin by Capt. Floyd Kelly on the Jeff with a 9-0 fishhook imbeded in its head. As far as we know this is the first time a white marlin has ever been caught with the marks on him from a previous battle with an angler.

Had not the eye and the barb of the hook been rusted off, so that there was no trace of the wire leader, it is very possible from the way of attaching it that the captain who originally had this fish on could have been identified—for as they wind their leaders so do we know them.

Esleek Is Re-signed

Norfolk, Va., July 3 (AP).—Dick Esleek, director of athletics at Hampton High School, today signed a contract to coach the Norfolk Shamrocks in the Dixie Professional Football League for the second successive year. The former V. P. I. star coached the local pros to their first league championship in 1938.

Jim Stevens Wins Junior Golf Crown

George Vass Beaten, 2 and 1, for D. C. Title at Army-Navy

By Merrell W. Whittlesey

Jimmy Stevens' second appearance in the District Junior championship finals proved a successful one as the 17-year-old Staunton Military Academy student defeated George Vass over the winner's home Army and Navy layout yesterday, 2 and 1.

Stevens, who lost in the title round to Ralph Bogart two years ago, missed par figures only three times over the 17 holes of the motch, and proved too consistent for Vass. The final was postponed from last Friday, when Stevens was taken sick after upsetting David Ross in the semifinals, 5 and 3. Vass won over Earle Skinker on the nineteenth.

Vass, scholraly looking youngster from Kenwood, took an early lead with a birdie on the first hole, on with two wood shots, and a par on the second, but his advantage was short-lived. Stevens rapped in a 20-footer for a par on the third and squared the match on the fourth when Vass chipped poorly to lose to a par.

Jimmy was all over the lost in losing the lead again on the sixth, but he won the eighth with a par and they turned all even. Chip shots proved Vass' nemesis on the back nine, failing to get close from the edge of the green on the eleventh and thirteenth holes, losing both, and missing a chance to win the fifteenth.

Stevens three-putted the fourteenth, cutting his margin to 1 up, but he won the sixteenth when Vass picked up after hitting his second shot under the bridge, for a dormie two-hole lead, and ended the match by halving the seventeenth hole in pars

Stevens' best tournament performance prior to this event was third place in the recent Virginia Interscholastic tourney, a 36-hole medal event. He received the Albert MacKenzie Trophy from Service Club Professional Allan Burton. It markd the winner's last crack at the title, as next year he will be over the 17-year age limit, as was defending Champion Dick Meyer.

The winner had par in for a 75, when the match ended on the seventeenth green.

Sylvester A. Breen Honored by Nats

Sylvester A. Breen, well-known Alexandria sports enthusiast, and an ardent supporter of the Washington Nationals, has been presented with a gold baseball centennial pass by officials of the Nats entitling him to admission at any American or National eLague park in the United States.

Breen, who was a newsboy in Union Station when President Garfield was assassinated, is a retired Government Printing Office employe.

batting surge of Buddy Myer, the continued slugging of Buddy Lewis and the revitalization of Sammp West.

But Bucky Harris is extremely short-handed in pitching as the Nats swing through the East preliminary to their third tour of the West on a jaunt that will not return them to Washington until July 25. Only eight pitchers are on Harris' squad, and Leonard is the only performer who has pitched well consistently. The others have been consistent, but they haven't pitched well.

The Nats will be without the services of George Case during the three-game Yankee series, also. The fleet outfielder has been out of uniform for nearly a week with a pair of damaged legs, and is not expected to return until the club moves to Philadelphia for two games starting Friday.

During Case's absence, Johnny Welaj is expected to get an outfield assignment following his sensational performance against the Athletics on Sunday when he made four hits, including a pair of doubles, and drove in six runs singlehandedly. Welaj saved himself from being deported to the Nats' Springfield farm by that outburst and restored himself in the esteem of Harris.

On the Line

With CONSIDINE

New York, July 3.—Before it's too late, let us put in here that the New York Yankee baseball firm has exhibited extraordinary good taste, and almost unparalleled sportsmanship, in arranging the details of tomorrow's "Gehrig Appreciation Day."

CONSIDINE

The average big league ball club, after throwing up a deadly barrage of sentimentality, would have scheduled the game for some dull Wednesday in August and frankly used Gehrig as a means of luring a crowd to an otherwise unattractive contest. Gehrig, too, has shown a remarkable restraint for a ball player. He steadfastly refused all efforts to cut him in on the gate, on the simple grounds that baseball owed him nothing. His conduct will be deplored by future generations of ingracious muggs.

The Yanks would have had a grand crowd tomorrow whether it happened to be Gehrig Day or not, for the Senators—lowly as they are in the league standings—are the only team in the American League able to stand off the Yankee power this season. The Washington team has won four of the eight games played against the champs, and held leads until the late innings in two of the remaining ones. Tomorrow they'll toss their two quaint pitching aces against the Yankees—Dutch Leonard, an old Dodger, and Alejandro Alexandra, late of Caracas, Venezuela, the only South American who ever made the grade in the big show.

Miller Gets Some Revenge

The average team, confronted with the necessity of honoring not only as great a player as Gehrig, but one who was stricken under such dramatic circumstances, would have made a blatantly commercial mess of the celebration. The Yankees have gone about it with a seemliness that is highly commendable. The press and the public who so long admired Lou have forced tomorrow's ceremonies. And the Yankee firm has responded with a good taste that makes us believe that its big league qualities aren't confined to hitting a horsehide. It has quietly gone to the expense of bringing back the members of the great 1927 team to honor the Iron Horse whose sturdy legs bestrode that era and this.

Lieut. Col. Harvey Miller, the man who took such a heavy beating from the experts for ranking Tony Galento the No. 1 challenger for Joe Louis' title, has dropped us a note worth reprinting:

"Looking back I recall that one of you scribes got so personal as to suggest that the N. B. A. ratings committee should hold its meetings in Galento's barroom." Perhaps now it will be apparent that there is nothing particularly daffy about the committee. It consists of 12 fellows who are serious, honest, and have nothing to gain by rating or disrating a pugilist. The majority of the members of the committee have been inside the ropes. They know all fights, are just human beings, none are supermen, and even the best of bouts consist of just "two guys fighting."

"Since we heard a lot about how much pneumonia took out of Galento's system, before the fight, I don't think it's vain to ask 'what would have happened to Louis if Galento had been given his chance—the one he was always begging for—before he caught pneumonia.'

Recalls Ernie Schaaf Case

"We gave Galento his high rating months ago, not only because of his knockout record but because he convinced us of his absolute sincerity and faith in himself. Had the 'experts' accorded him the chance his performance showed he had, the gate might have been much closer to a million.

"It is never fair to cut a guy down before the show. In fact, sometimes it isn't even fair to cut them down after the show—as was once found out by those who jumped at conclusions and wrote that Ernie Schaaf had quit to Carnera.

"Sincerely,
"HEINIE."

"P. S.—How would you advise rating Galento now, compared to Pastor and Nova?

We'll leave that one to you, Heinie. And believe you.

'Bud' Ericksen, Former Huskie Star, Is Signed by Redskins

Here is Bud Ericksen, 196-pound University of Washington football star, who was signed yesterday by the Washington Redskins. All-Pacific Coast center in 1937, Bud is expected to add prestige to the center of the Skins' line

Carlton (Bud) Ericksen, former University of Washington football star, was signed yesterday by the Washington Redskins for the 1939 season. The twenty-third player put on the '39 line-up, Ericksen was the first of four centers the Redskins plan to carry next fall to send in his contract.

A 6-foot, 196-pounder, Ericksen was graduated from the University of Washington in 1937 and selected the same year as All-Pacific Coast center. He is known for his speed and ability to play havoc with enemy passes, Jack Espy, general manager of the Skins, announced.

Ericksen was brought to Washington late last season from the Hazelton (Pa.) team of the Eastern Football League, with which the Redskins have a working agreement.

Brief appearances in the Redskins' last three games convinced Owner George Marshall that Ericksen should be in the local line, Espy said. Hailing from Bothell, Wash., Ericksen has been taking postgraduate courses this summer at his Alma Mater. Three other centers—Vic Carroll, Mickey Parks and George Smith, who was a regular with the Skins two years ago, will be signed for the 1939 season.

Washingtonian Is Nosed Out In Rifle Event

T. T. Charlton Wins Small Bore Shoot, Beating Mrs. McDonie

By the Associated Press.

Camp Ritchie, Md., July 3.—T. T. Chralton, Hancock, Md., squeaked through to win theindividual Eastern small-bore rifle title today while Walter Walsh, dimiutive G-Man, continued to dominate the pistol tourney at the Eastern small-bore target matches.

Chralton had posted 199x200 at each of the 50 and 100-yard ranges, but slipped to 188x200 at 200 yards. He nosed out Mrs. L. L. McDonie, Washington. His total was 586x600 against her 585x600. Sam Moore, Orange, N. J., was third with 584x600.

Walsh, the standout in four days of pistol pop-offs, broke the national Camp Perry .22-caliber course record with 298x300, 2 points better than the old mark. Walsh scored possibles in the slow fire and rapid fire at 25 yards, but dropped 2 points in the timed fire at the same distance.

Paul Goulden, U. S. Coast Guard, had 296x300 for second place, and Capt. Sidney Hinds, Fort Harrison, Ind., posted 295x300 for third.

Young Home-Run Star Joins Reds

Cincinnati, July 3 (AP).—In a three-way deal, the Cincinnati Reds acquired Dan (Bud) Hafey, outfielder, from Knoxville, of the Southern Association, today in return for Pitcher Wes Livengood, Outfielder Glen Chapman, of the Indianapolis Club in the American Association, and Infielder Charles Glock, former Red now with Baltimore.

Hafey, a nephew of Chick Hafey, former veteran National League star, has hit at a .351 clip with Knoxville and to date has racked up 18 homers.

He will report here July 5.

The Reds purchased Chapman from Indianapolis, then sold him, while Livengood, a towering right-hander, and Glock, a second baseman were sent on option.

Austin Beaten In Tennis Upset

AUSTIN, from Page 12.

a little contemptuous of his chances of beating Austin.

"I guess I've been reading the papers too much over here," said Cooke. "They made me mad. Nobody even gave me a chance."

After Cooke had overwhelmed Austin, everybody began noticing a similarity in his technique and that of Budge. Actually, there is a great deal of similarity.

"I've been trying to copy that guy for two years," Elly explained. "Why, I even spent four bucks to call him up in Paris last night just to find out how to play Austin."

Riggs today at last showed the center court why he is America's No. 1 amateur. He was superb, racing around the court like a champion, hitting the ball with more pace than anybody in the tournament, and coming up with unanswerable shots just when everybody thought he couldn't even touch the ball.

Riggs admitted he is on top of his game, but he is worried about Puncec. "I tried to play today without making a single error." Bobby said, "and I think I'm stroking them at last."

HOW TO PLAN YOUR WEDDING

Washington Post Home Institute Offers You Authoritative Guide to Good Usage—During the Period of the Engagement and the Wedding

Your wedding—every wedding—may be a perfect one, whether it is small or large, simple or elaborate, informal or formal. You will of course have your special social and financial problems, your individual requirements, wishes and necessities, and these must be taken into account when the plans are made; it is in adapting these circumstances to the accepted wedding customs that you and the groom will show your taste and your social judgment, your knowledge of what's what.

First you must decide on the general pattern, formal or informal, for your wedding—and this book describes both; then you must be sure that your deviations from that pattern are in good taste—and this book is your guide to correct usage. In preparing it we have taken into account, beside the standards of modern society, the age-old traditions that add so much to the beauty of the marriage rite. We think that you will find it helpful, for it contains all the information that you need to make your day of days a flawless one.

Washington Gas Light Dividends

Washington Gas Light Co. has declared the regular quarterly dividend of 37½ cents on the common stock payable August 1 to stockholders of record July 15. A dividend of $1.12½ also was declared on the preferred stock payable August 10 to stockholders of record July 31.

Holiday to Curtail Steel Operations

New York, July 3 (AP).—Operations in the steel industry for the current week will decline 15.8 points to 38.5 per cent of capacity, compared with 54.3 per cent last week, the American Iron & Steel Institute estimated today.

The sharp drop in scheduled output was attributed in steel circles to suspension of operations for the Fourth of July holiday. Some mills also took advantage of the holiday for an inventory survey. A month ago operations were at the rate of 54.2 per cent of capacity, while a year ago they were 22.4 per cent.

New Harvest Knocks Wheat 2 Cents Lower

Domestic Supply Shows Big Advance in the Past Two Weeks

By the Associated Press

Chicago, July 3.—With the harvest in the Southwest near its peak, wheat prices today tumbled almost 2 cents a bushel to the lowest level in more than two months.

Marketing of new wheat, with accompanying hedging sales in the futures pit, proved to be too much for the trade to absorb without price concessions. Additional factors included weakness in foreign markets and higher private estimates of probable domestic production this season.

Reflecting the harvest, domestic visible supply the past week showed its sharpest expansion in a year. The supply increased 11,964,000 bushels to 77,462,000 compared with 27,609,000 a year ago. The 12 principal interior terminals today received 7,235,000 bushels, compared with only 4,969,000 a week ago. Kansas City got 2,308 cars compared with 1,589 a week ago but about half went into storage.

Corn Declines

Corn and oats declined with wheat but rye scored gains of as much as 1½ cents at times. Wheat closed near the day's lows, 1½-1⅞ lower than Saturday, July 68¼-68⅛, September 69⅝-69½. Corn lost ¼-⅝, July 46½, September 48½-48⅝, and oats ½-1 cent. Rye gained ¾-1 cent and lard 2 to 7 cents.

Liverpool wheat prices closed 1 to 1⅜ cents lower, due to reports of easing political tension in Europe, prospects of another large surplus crop in the Balkans this year and deliveries on July contracts.

Preholiday liquidation added to the selling here. A private crop report for July predicted a total domestic wheat harvest of 709,000,000 bushels, with an increase of 3,000,000 in spring wheat to 188,000,000 bushels compared with 185,000,000 predicted a month ago. Total harvest in 1938 was 931,000,000 bushels. Additional crop estimates will be released Wednesday.

Curb Suspends Sykes, Specialist In Spalding Stock

New York, July 3 (AP).—The committee on stock transactions of the New York Curb Exchange today announced that the registration of E. P. Sykes, specialist in A. G. Spalding & Bros. first preferred stock, had been revoked for a period of 30 days, beginning Wednesday of this week. Commenting on the disciplinary action, the curb said:

"On July 1 (last Saturday), subsequent to the opening Mr. Sykes made a market of 30 bid, offered at 33 in the Spalding stock. Transactions took place at 30, 28, 26, 20, 16 and 15, in all of which Mr. Sykes was the purchaser.

"The committee upon investigation was of the opinion that although the public did not participate in these purchases and the error was made in good faith, Mr. Sykes did not use proper diligence in ascertaining the general market condition that existed prior to the admission of the security.

"Two days prior to the admission of the A. G. Spalding & Bros. first preferred stock, Mr. Sykes was advised that the stock was assigned to his post so that he might have ample opportunity to acquaint himself with the general market conditions prevailing in this stock."

Traded for the first time last Saturday, Spalding preferred opened at 30, then dropped as low as 14. The close Saturday was 15¼. The issue closed today at 14¾, off ½.

Cotton Futures Move Upward 55 to 75 Cents a Bale

New York, July 3 (AP).—Cotton futures found the upward trail an easy one today. Lack of offerings seemed as much responsible for final gains of 11 to 15 points as did erratic demand. The market got off to a wobbly start, but prices moved up when contracts came out in a slow dribble. New Orleans and professional covering furnished most of the support.

Bombay was a fair buyer of March and May, but made offsetting sales in July, October and December. These operations, brokers said, were due mainly to further widening of the price spread between New York and Bombay.

Some Wall street and professional buying appeared based on a showery weather map and forecasts for rains in the East and central sections of the belt over the holiday.

Cottonseed Oil

Cottonseed oil futures teetered into new low ground for the season today with losses of 3 to 5 points. Hedging sales by refiners against holdings of crude oil and preholiday liquidation accounted for the pressure. Sales totaled 105 lots; July, 6.34 bid; September, 6.50; October, 6.54; December, 6.62; January, 6.67 bid.

Crude oil was quoted in the Southeast and Valley at 5⅜ cents bid and Texas, 5⅛-5¼ nominal.

Preholiday Dullness Dominates Market; Utilities, Rails, Equipments Are Steady; U. S. Government Bonds Under Pressure

New York, July 3.—Trading dried from a trickle to a mere suggestion of moisture in security markets as Wall Street experienced its dullest session in 17 years. Stock exchange turnover was only 235,140 shares and statisticians had to dig into the files back to July 3, 1922, to find a smaller total for a full day's trade.

Bonds were as mixed and inactive as shares. Wheat broke 1½ to 1⅞ cents to new lows for two months, prices crumbling under the weight of new crop marketings and hedging operations. Cotton, up 55 to 75 cents a bale, regained about half of the losses sustained late last week.

The European situation was operating as usual in any transactions involving money, goods or services. In this respect the first trading day of the second half of the year was no different in pattern from most sessions in the first six months. Dullness was of course intensified by the preholiday factor. Many of the leading lights of the financial district stayed home and some of the brokerage houses were operating with skeleton staffs as there was not enough work to go around. Preparations for celebrating Independence Day were doubtless tinged with regrets that liberty and equality are not what they used to be, especially for the financial population.

Utilities, rail shares and carrier equipments were the steadiest groups, while foods, stores, steels and oils hung back. There was further improvement in aircraft issues, notably those of companies benefiting currently from huge Government orders.

Only 483 Issues Traded in.

The narrowness of the market was demonstrated by appearance of only 483 of the approximately 1,260 listed issues in the day's sales, the smallest since March 24, 1933; and by the fact that although advances outnumbered declines in the proportion of 2½ to 1, the change in the 100 stocks was but 0.13 point on the upside.

Coppers were as cautiously dealt in as other descriptions despite continuation of the rising trend of metal sales in both domestic and foreign markets. Export takings are estimated by the trade to come principally from sources outside of the United States and are largely for munitions reserves. As this is taken as another confirmation of big trouble in prospect between the totalitarian and democratic nations, any optimism engendered by the bulge in domestic business has been more or less nullified. Wall Street is as sharply divided in thought as other groups throughout the country as to whether there will or will not be war. But the will nots are just as careful about extending commitments as those who see war as certain.

Steels, while less active than the average run of stocks, showed no nervousness because of the sharper-than-seasonal decline in the output rate. The drop, of 15.8 points to 38.5 per cent of the industry's capacity, was the largest for any Independence Day week since 1934, a year in which price considerations stimulated steel output in the first half and depressed if after June 30. In steel circles there is confidence that there will be a prompt return to 50 per cent operations or better and some observers are on record with the guess that new output highs for the year may be established in the fall when the automobile industry attains volume on 1940 models.

Carloadings

The mild interest in carrier shares followed appearance of favorable preliminary estimates on carloadings which are benefiting from grain movement in the West and better coal shipments in the East. In the oils, hesitancy was accentuated by the situation in east Texas, where a United States court decision appears to menace the Texas Railroad Commission's methods of setting allowables. The commission is fighting a decision which, if extended to all companies, would probably hasten exhaustion of the field and halve the potential oil recovery.

Aviation Corporation was the market leader on 10,600 shares at a small advance. United States Rubber again approached the 40 mark with a rise of ⅜. Telephone, up 2, and Industrial Rayon, ahead 1½, were individual strong spots. A number of the pivotals, including Steel common, General Motors, Celanese, Chesapeake & Ohio, American Can, Pennsylvania and Commonwealth Edison finished a little better. Union Pacific was up 2.

Bond Trading at Low Ebb

Listed bond business amounted tdoay only to $2,537,000, or approximately one-fourth of a normal day's volume. This is the usual performance of sessions between holidays. The lack of business robbed the movements of significance, but the changes were small in any event. United States Treasury issues drifted downward, while foreign government securities were mildly uncertain. Speculative domestic bonds were slightly higher.

Losses in Treasury obligations ranged to ¾ point, but only the inactive issues showed large losses. The active bonds drifted only a few thirty-seconds lower, and guaranteed issues of the Farm and Home Corporations were similarly affected. Small fractional advances were the rule among best rated utility, railroad and industrial bonds.

Foreign dollar issues were idle, despite the dubious reports of European developments. Scandinavian, Canadian and Australian obligations held to former figures. Italians showed some softness, but Polish bonds were maintained, and the German group reflected a little buying. Brazilian bonds were firm in the Latin-American group, despite the smallness of the reported transfer. Other Latin-Americans were idle.

Registered among medium-priced domestic railroad bonds, with occasional gains ranging to a point or more. Borderline and default carrier bonds also were firm. Holding company issues and industrial converitables idled at former levels. Local traction bonds were all but motionless, and other special groups attracted no attention.

U. S. and Canada Form Committee For Arbitration

New York, July 3 (AP).—Formation of a United States-Canadian Commercial Arbitration Commission to settle controversies between business interests throughout the Western Hemisphere was announced today by the American Arbitration Commission through its chairman, Lucius R. Eastman.

The commission will handle matters of dispute for Canadian, United States and Latin-American business men. Its initial task will be to draft an arbitration clause to be included in contracts between commercial firms doing inter-American and Canadian business.

The commission consists of five United States and five Canadian business leaders, including Dr. James R. Angell, of the National Broadcasting Co.; Thomas J. Watson, president of International Business Machines; J. S. McLean, president of Canada Packers, and L. F. Burrows, secretary of Canadian Fruit Wholesalers Association.

Peace Will Reign, Says Banker Back From Europe

New York, July 3 (AP).—James G. Blaine, president of Marine Midland Trust Co., who arrived here today aboard the Queen Mary after a two-month study of conditions abroad, told reporters he thought there would be continued peace, despite tension, in Europe.

"I think the chances are that there will be no war, but I believe there will be a good deal of tension on the Danzig question before the summer is over," he declared. He added he thought "the Danzig question can be negotiated."

"Hitler's action in taking Czecho-Slovakia destroyed confidence in his word," Blaine continued. "It will be very difficult to solve the economic difficulties of the world until confidence is restored in Hitler's word.

"My belief is that the situation in the world today is primarily one of economic difficulties."

Movie Profits Mount Despite World's Fairs

Better Cost Control Proves a Factor in Increased Earnings

New York, July 3.—Leading motion picture concerns have been reporting substantial earnings and paying sizable dividends over the past twelve months, in contrast to the indifferent profits and sharply curtailed dividend payments of many other industries. This fact has been obscured by the news concerning anti-trust actions brought by the Department of Justice, the threat of competition from the World's Fairs for the consumer's amusement dollar, and publicity given the withdrawal of American companies from Germany and Italy, the Standard Statistics Co., says today in a survey of the film and theater industry.

Business and profits may fall off a bit this month and next but despite this factor and the probable mildly adverse effect of the World's Fairs on theater attendance, indications point to moderate betterment as compared with the badly depressed summer months of 1938. Over the next few months, better control of costs and lower amortization charges will probably permit earnings of at least three of the major film concerns to exceed those of last year, while profits of the other companies may closely approximate 1938 figures.

The better-than-average record of the film makers has been achieved in spite of rising labor costs, which have increased production, distribution, and exhibition expenses. The leading units of the industry have established a better relationship between revenues and production expenses since the final months of 1938.

Second-Half Outlook

Prospects for the second half of 1939 are mildly encouraging. Costs are being well controlled and attendance, as well as revenues, is expected to expand more than seasonally after August 15 in line with a probable modest revival of general business activity and consumer buying power in the fall months. Thus, a moderate year-to-year increase in aggregate operating profits of the industry is probable. However, the antitrust litigation undoubtedly will prove costly, while uncertainties involving the probable amount of government regulation the industry will be forced to contend with in the future are serving to dampen optimism.

The Neely anti-block-booking bill, soon to be considered by the Senate, is unlikely to pass the House of Representatives and become law during the present session of Congress. The uncertainties emphasized by these developments will continue to dominate the outlook for motion picture companies at least until there is definite evidence of a fall upturn in profits.

May Home Sales Set New Record For the HOLC

The sale of 4,159 homes in May set a new record for the Home Owners Loan Corporation for the second consecutive month and signaled the passing of the 50,000 mark in cumulative sales, Charles A. Jones, general manager of the corporation, announced yesterday.

The May sales, which amounted to $14,279,229, compared with 3,761 in April, 3,376 in March, 2,391 in February and 2,390 in January, and made a total of more than 16,000 since the first of the year.

"The increase of nearly 1,000 sales in March over the number in February led us to predict an active real estate market for the spring season," said Mr. Jones. "If May figures are any indication, the upturn should continue for the summer.

"All real estate operations of the corporation are encouraging. Of the homes owned by the corporation which were available to yield income on May 31, more than 91 per cent were rented, as compared with 87.5 per cent in January. Each month this year has been slightly better than the preceding month. The same is true for rent collections. In May there were exactly 100 per cent of billings, as compared with 98.7 per cent in January."

Collections from HOLC borrowers as a whole were 99.5 per cent of billings in May, Mr. Jones said. Collections every month this year have shown a decided increase over corresponding months of 1938.

Stock Exchange Day Smallest in 17 Years

New York, July 3 (AP).—Wall Street—which works by the rule that change is the essence of the market place—saw history repeat today when the smallest turnover for a five-hour sesion in 17 years was recorded on the Stock Exchange. For comparison the Exchange had to go back to a similar Monday session before the Fourth of July recess in 1922. Transactions totaled 235,140 shares against 224,000 in the 1922 market. The Stock Exchange, in June, had just emerged from the quietest trading period since 1921 and dealings slackened further as many brokers and speculators remained away from the financial district for a vacation interval over the Fourth of July.

Educator Asks Federal Aid For Schools

Reuben T. Shaw, Head Of Teachers' Group, Cites Needs in U. S.

By the Associated Press

San Francisco, July 3.—While the 100th anniversary of the Nation's first State Teachers' College was being observed today, a demand was made that the Federal Government provide financial assistance for schools, in recognizing that "democratic education . . . is the most important phase of our internal program of national defense."

Thousands of teachers from every State in the Union heard Reuben T. Shaw, of Philadelphia, president of the National Education Association, keynote the organization's seventy-seventh annual convention with a plea for "equal educational opportunities for all . . . because . . . democracy can only function through an educated and enlightened citizenry."

Shortage of Schools

Shaw, in the principal address at the first general session, said 3,500,000 children of elementary school age had no schools available for them, and another 800,000 of high school age were not in school.

"Among these groups will be found our future great mass of criminals," he declared.

"Anti-Americanism . . . develops only in the soil of ignorance fertilized with poverty, or fear, or irreligion," Shaw added. "Crime in America costs $15,00,000,000 a year, while education costs $2,500,000,000. The public are not aware of these facts . . . or they would not permit reduction in appropriations for schools and at the same time . . . permit appropriations for the control of crime to be increased."

He cited the report of a Government committee recommending Federal assistance in establishing and maintaining public schools, and said a measure providing for such aid now was awaiting Senate action.

Adults Want to Learn

L. R. Alderman, director of the WPA education division at Washington, told delegates "the most optimistic thing that has come to my attention is that adults want to learn."

He said more than 7,000,000 adults had attended WPA classes "to acquire knowledge and skill that would open the doors of opportunity . . ."

Alderman declared two-thirds of adult Americans have less than an elementary school education and 86 per cent less than a secondary education. "There are twice as many of us who are illiterate as there are college graduates," he said.

Oregon Meteor Fragments Sought In Desolate Area

Portland, Oreg., July 3 (AP).—Two men who reported they saw the explosion of a meteor that jolted Portland and the surrounding countryside provided a clew tonight in the search for fragments of the astral visitor.

Cross lines drawn from positions of the two witnesses indicated particles of the bolide, or exploding meteor, probably fell to earth in the desolate Wind River section, 40 miles northeast of here.

Search of the region began immediately as science sought proof of the meteor theory for yesterday's phenomenon.

The explosion was heard and felt over a radius of 40 miles from Portland. Concussion broke windows, cracked a store wall and knocked down a stone wall here. Witnesses more than 200 miles east of here said they saw the meteor.

Arm Broken in Fall

Richard Fitzgerald, 11, of 517 Second street southeast, fell out of a tree and broke his arm yesterday at the Garfield playground, Second and F streets southeast. He heard a shout as he was climbing the tree, and was scared into losing his grip. He was admitted to Garfield Hospital, but is expected to be discharged today.

Immorality Rife In Bund Camp, Girl Testifies

Andover, N. J., July 3 (AP).—A 19-year-old Brooklyn girl who said she went to the German-American Bund's Camp Nordland "to learn the qualities of leadership," testified today she left three days later because she "was disgusted at the way people carried on."

Miss Helen Vooras, called as a witness as the Andover Township committee resumed its hearing on a request for renewal of the camp's liquor license, said one of the camp leaders "got fresh with me" when she complained of immorality at the camp.

Miss Booras told of making a Bund-financed trip to Germany, where she "studied national socialism and was taught how to spread propaganda among the youth of the United States."

Contract Bridge

By Florence Osborn.

Nice sacrifice bidding sometimes is rewarded with unexpected success. Frequently an occasion arises in which both sides can make game, due to distribution, and it is the manipulation of the bidding that decides which side will win out. Often by adroit bidding a sacrifice bid can be prevented or special distributional values disclosed to assist in the reaching of a game.

Today's hand, contributed by C. J. B., illustrates a save that resulted in a plus score. C. J. B. says:

"What strikes me as significant in this hand from a family bridge game is the way in which it illustrates the trick-taking value of two-suited length given even a semblance of fit. North and South, with only a third of the aces, kings and queens, were able to get all but two of the tricks without a nervous moment."

Hitch-Hiking Hen Steals Auto Ride Across Capital

When Mr. and Mrs. Ozzie Norris took a ride from their home in suburban Arlington to Bladensburg road, a distance of about 7 miles, they wondered why their auto was the subject of great interest to passing motorists.

Arriving at their destination amid chuckles from nearby pedestrians, Norris decided to investigate.

Source of the amusement was his neighbor's pet Rhode Island Red hen perched sedately atop the car's front license plate. The roving red hen was promptly returned to its owner.

The Federal Diary

By The Diarist

This is the Fourth, of course, but pardon us if we don't ruffle any drums right at the beginning. It's going to be statistics instead.

Marcus J. Gordon, of the personnel staff of the Department of Agriculture, is saying a few words about vacations in the latest issue of Personnel Administration, official publication of the society for the same. If you can spare any time from that travel folder of yours long enough to glance our 17.4 days. Thirty-two of this group some of Mr. Gordon's findings. They're based, so he says, on a relatively small number of employes and therefore may not be exactly correct until further studies are made. Nevertheless, they're a finger in the wind.

According to facts gleaned so far, the average employe divides up his annual leave in such a way as to make 11 days the greatest amount of time off in one period. Others, however, are absent for 20 days in a lump, and still others spread their holidays so thinly that they don't average more than one day of the total at one time. This certainly upsets the grand old American tradition of two weeks with pay.

Of the vacation habits of the 877 employes who were X-rayed for Mr. Gordon's report, the average accumulation of annual leave was 17.4 days. Thirty-two of this group have already lost a total of 517 days because they failed to take advantage of the holidays allotted them. This hard-working set was composed altogether of men and most of them were receiving more than $3,000 a year. It still looks as if it's a case of uneasy rests the head that wears any kind of crown.

The Belgians say it's prunes . . . and they like it. That means that the United States export of this stolid dessert soared from 9,612,000 pounds in 1930 to 18,945,000 in 1938. And heaven knows what it will be in 1939. It seems that the war babies of 1918 (now grown up and able to think for themselves) have been sold on the vitamin value of this plain but honest product. Next in popularity come raisins.

Along this same general line is what the Department of Agriculture calls the "vegetable situation." Training of the young must be a lot more serious and rigorous than it used to be, what with increases indicated in spinach. Other vegetables on the up and up are asparagus and lettuce. Think of the rise in percentages the next time you fork yourself a piece of salad.

The League of Nations (still working) wanted to know what about women, and Sara Louise Buchanan, of the U. S. Women's Bureau, went to Pennsylvania to find out. Her report, entitled "The Legal Status of Women in Pennsylvania," some of which is still in preparation, purports to answer a few hard ones, such as: If a wife is compelled to go to court to collect her wages, can she sue for them in her own name without her husband's consent? Can her husband's creditors take her property for his debts?

On the answer side: A married woman may sue and be sued as though she were unmarried. All property owned by "the little woman" is hers alone.

Nothing is said about whether she can put mother in the spare room with or without hubby's consent. Maybe the League of Nations isn't interested.

A couple of days before the Lighthouse Service moved, bag, baggage and desk, down to the Coast Guard, it published in its bulletin a brief biography of the beacon at Sandy Hook, fifth hoariest in the lighthouse line-up.

Sandy Hook, which was built with funds secured in a public lottery, went dark during the Revolutionary War. With the British fleet gathering outside New York Harbor, a party of American seamen doused its candles in order to keep the enemy from seeing how to get in over the shoals that extended along the shores of Long Island to those of New Jersey.

When the British managed some way to get through, they put Sandy Hook back in commission again. This didn't last long because on June 1 another consignment of American tars bombarded the tower.

The original masonry is still standing. Its walls are 7 feet thick at the base.

Right now the Lighthouse Service is working on an automatic fog signal. One blast from a ship's whistle, and a switch is closed that starts the signal going. The gadget, that practically thinks for itself, is being tried out in the Chesapeake and Delaware Canal.

The Land Policy Review is pointing out in its May-June issue that quite a few authors have written books about the down-to-earth scene.

For rural Virginia, Ellen Glasgow's "Barren Land;" for Kentucky and Tennessee, Elizabeth Madox Robert's "Time of Man;" for the dust bowl, Wellington Roe's "The Tree Falls South;" for the Central Southwest, Dora Aydelotte's "Trumpets Calling." Erskine Caldwell's curtain-upper, "Tobacco Road," comes under the heading of tenant farmers and sharecroppers.

A steal on Bob Ripley: If all the lumber cut in the United States for the past 135 years were put in a single solid pile, it would make a cube 1 mile long in each dimension. It would be more than four times the height of the Empire State Building.

Hikers Get Lean-Tos

Hagerstown, July 3.—Two lean-tos, to be used as overnight shelters for hikers along the Appalachian Trail, will be erected in Washington County by the Boonsboro CCC enrollees. They will be located near Smithsburg and Smoketown.

PULITZER PRIZE NOVEL

THE YEARLING

By Marjorie Kinnan Rawlings

CHAPTER XXVIII

JODY HAD NEVER HEARD his father speak to her so sternly. The tone must hold familiarity for his mother, however, for she opened and shut her mouth and blinked her eyes.

M. K. Rawlings

She said, "I only said it was young."

"All right. So it is."

He closed his eyes.

He said, "If ever'body's satisfied now, I'd thank you to leave me rest. Hit puts my heart to jerkin,' to talk."

Jody said, "I'll fix its milk, Ma. No need you should bother."

She was silent. He went to the kitchen. The fawn wobbled after him. A pan of morning's milk stood in the kitchen safe. The cream had risen on it. He skimmed the cream into a jug and used his shirt sleeve to wipe up the few drops he could not keep from spilling. If he could keep the fawn from being any trouble to his mother, she would mind it less. He poured milk into a small gourd. He held it out to the fawn. It butted it suddenly, smelling the milk. He saved it precariously from spilling over the floor. He led the fawn outside to the yard and began again. It could make nothing of the milk in the gourd.

He dipped his fingers in the milk and thrust them into the fawn's soft wet mouth. It sucked greedily. When he withdrew them, it bleated frantically and butted him. He dipped his fingers again and as the fawn sucked, he lowered them slowly into the milk. The fawn blew and sucked and snorted. It stamped its small hooves impatiently. As long as he held his fingers below the level of the milk, the fawn was content. It closed its eyes dreamily. It was ecstasy to feel its tongue against his hand. Its small tail flicked back and forth. The last of the milk vanished in a swirl of foam and gurgling. The fawn bleated and butted, but its frenzy was appeased. Jody was tempted to go for more milk, but even with his father's backing he was afraid to press his advantage too far. A doe's bag was as small as a yearling heifer's. Surely the fawn had had as much as its mother could have given it. It lay down suddenly, exhausted and replete.

He gave his attention to a bed for it. It would be too much to ask, to bring it into the house. He went to the shed behind the house and cleaned out a corner down to the sand. He went to the live oaks at the north end of the yard and pulled down armfuls of Spanish moss. He made a thick bed in the shed. A hen was on a nest close by. Her bright beady eyes watched him dubiously. She finished her laying and flew through the door, cackling. The nest was a new one, with six eggs in it. Jody gathered them carefully and took them to his mother in the kitchen.

He said, "You'll be proud to git these, Ma. Extry eggs."

"Hit's a good thing they's somethin' extry around to eat."

He ignored the comment.

He said, "The new nest is right next to where I fixed the fawn's bed. In the shed, where it'll not bother nobody."

SHE DID NOT ANSWER, and he went outside where the fawn lay under a mulberry tree. He gathered it up and carried it to its bed in the dark shed.

"Now you belong to do whatever I tell you," he said. "Like as if I was your mammy. I tell you to lay here 'til I come git you agin."

The fawn blinked its eyelids. It groaned comfortably and dropped its head. He tiptoed from the shed. No dog, he thought, could be more biddable. He went to the wood-pile and shaved fine splinters of fatwood for kindling. He arranged the pile neatly. He gathered an armful of black-jack oak and took it to his mother's wood-box in the kitchen.

He said, "Was it all right, Ma, the way I skimmed the cream?"

"Hit was all right."

He said, "Fodder-wing's ailin.'"

"Is?"

"Lem wouldn't leave me see him. Lem's the only one is mad at us, Ma. On account of Oliver's gal."

"Uh-huh."

"Mill-wheel said he'd leave me know and I could slip in some time and see Fodder-wing when Len ain't around."

She laughed.

"You're talkified as an old woman today."

She passed him on her way to the hearth and touched his head lightly.

She said, "I feel right good, myself. I never figgered your Pa'd see daylight today."

The kitchen was filled with peace. There was a clanking of harness. Buck passed through the gate from the field and crossed the road to the lot to put up old Caesar for the noon hour.

Jody said, "I best go he'p him."

But it was the fawn that drew him from the contentment of the house. He slipped into the shed to marvel at its existence and his possession. When he returned with Buck from the lot, chattering of the fawn, he beckoned him to follow.

He said, "Don't skeer him. There he lies——"

Buck was not as satisfying as Penny in his response. He had seen so many of Fodder-wing's pets come and go.

"He'll likely go wild and run off," he said and went to the water-shelf to wash his hands before dinner.

A chill came over Jody. Buck was worse than his mother to take away pleasure. He lingered a moment with the fawn, stroking it. It moved its sleepy head and nuzzled his fingers. Buck could not know of the closeness. It was all the better for being secret. He left the fawn and went to the basin and washed, too. The touch of the fawn had left his hands scented with a faint grassy pungency. He hated to wash it away but decided that his mother might not find it as pleasant.

HIS MOTHER HAD wet and combed her hair for dinner, not with coquetry, but with pride. She wore a clean sacking apron over her brown calico.

She said to Buck, "With only Penny to do, we ain't got the rations plentiful like you folks. But we do eat clean and decent."

Jody looked quickly to see if Buck would take offense. Buck ladled grits into his plate and scooped a hole in the center for the fried eggs and gravy.

"Now Miss Ory, don't fret about me. Jody and me'll slip off this evenin' and git you a mess o' squirrels and mebbe a turkey. I seed turkey sign the fur edge o' the pea field."

Ma Baxter filled a plate for Penny and added a cup of milk.

"You take it to him, Jody."

He went to his father. Penny shook his head at the plate.

"Hit look jest plain nasty to me, son. Set up there and feed me a spoon o' the grits and the milk. Hit wearies me to lift my arm."

The swelling had left his face, but his arm was still three times its normal size, and his breath came heavily. He swallowed a few mouthfuls of the soft hominy and drank the milk. He motioned the plate away.

"You gittin' along all right with your baby?"

Jody reported on the moss bed.

"You picked a good place. What you fixin' to name him?"

"I jest don't know. I want a name is real special."

Buck and Ma Baxter came into the bedroom and sat down to visit. The day was hot and the sun high, and there was no hurry for anything.

Penny said, "Jody's in a tight for a name for the new Baxter."

Buck said, "Tell you, Jody, when you see Fodder-wing, he'll pick a name. He's got a ear for sich things, jest like some folks has got a ear for fiddle music. He'll pick you a name is purty."

Ma Baxter said, "Go eat your dinner, Jody. That spotted fawn has takened your mind off your rations."

The opportunity was choice. He went to the kitchen and heaped a plate with food and went to the shed. The fawn was still drowsy. He sat beside it and ate his dinner. He dipped his fingers in the grease-covered grits and held them out to it, but it only snuffed and turned its head away.

He said, "You better learn somethin' besides milk."

The dirt daubers buzzed in the rafters. He scraped his plate clean and set it aside. He lay down beside the fawn. He put one arm across its neck. It did not seem to him that he could ever be lonely again.

To Be Continued Tomorrow.

Child-Safety Groups Will Meet Tonight

Scouts and Schoolboy Patrols to Take Part In Organizing Session

Preliminary plans to promote a city-wide child-safety movement will be outlined tonight at an organization meeting of the Junior Safety Council in the Department of Agriculture auditorium.

Sponsored by the Junior Board of Commerce and authorized by the Commissioners the meeting will be attended by representatives of the Boy and Girl Scouts and Washington's schoolboy patrol units. The plan is designed to create safety consciousness among school-age children in the District.

Lynn C. Drake, Boy Scout executive; Mrs. C. D. Lowe, president of the D. C. Parent-Teachers Association, and Richard Ham, safety director of the American Automobile Association, joined to urge a large turnout for the organization meeting.

Youngsters who attend the session are promised that things will be over in time to witness the Monument fireworks display. The meeting is called for 6 p. m.

Realtor, Missing Day, Returns Home

Louis Sachs, 79-year-old Washington real estate man, who had been missing from his home, 4810 Georgia avenue northwest, since Sunday afternoon, returned there early yesterday, police reported.

According to members of the family, Hyman Sachs, the realtor's son, met his father at Fifth and M streets northwest, where the elder Sachs owns property. Another member of the family had met him on a street car earlier and reported him on the way there.

Sachs apparently had been suffering from amnesia, members of the family said.

Capital Citizens Lead Life Of Riley Over the Holiday

Only the peanut business flourished in Washington yesterday. A park bench was at a higher premium than a restaurant, a drug store, a parking lot, or perhaps a department store, as many District citizens who had not left the city for the three-and-a-half-day vacation over the Fourth sought diversion.

Managers of commercial enterprises in the business district reported a falling off in almost everything from the sale of liquor to the filling of parking lot vacancies. As one parking lot manager said, "When nobody wants to park a car, this town is really dead."

If District citizens were not eating as much—as some downtown restaurant owners seemed to believe by closing their restaurants—the pigeons in the parks were eating more than ever. To buy a bag of peanuts, fight for a quarter section of a park bench in the shade, and lapse into a state of abstraction, appeared to be the favorite pastime of those who were not working.

Next to peanut vending, the most active business was the shoe shine trade. The pigeons magically weakened sales resistance for scores of colored children who rubbed more thin dimes together yesterday than they had in many days.

"Ah dunno why, but it seems like they's moah dirty shoes than they's been in a long time," said one perspiring bootblack as he hurried from bench to bench.

He was one of several hundred school children who had shown up at District schools yesterday morning, lamenting a fate that made them go to summer school while most of the District residents were on holiday. He certainly had been relieved to discover that summer school opening had been postponed until Wednesday.

The shoe shine trade flourished a little longer in the parks than did the peanut business. After a while even the peanut-gorged pigeons grew bored, and spreading their wings in the sun, lapsed into the same state of lethargy with their feeders.

Washington Couple To Teach in India

Prof. and Mrs. Walter C. Mackett, both of whom graduated from Washington Missionary College in Takoma Park, will start work this summer on the teaching staff of Vincent Hill School, a Seventh Day Adventist missionary institution operated at Mussoorie, in the Himalaya Mountains of India. They will sail from New York for England July 19.

Mrs. Mackett graduated from a three-year course in the nurses' training school of the Washington Sanitarium and Hospital in 1938. Both Mr. and Mrs. Mackett completed their course in Takoma Park at the close of the last school term.
